Federal Register

Vol. 65, No. 193

Wednesday, October 4, 2000

This section of the FEDERAL REGISTER contains documents other than rules or proposed rules that are applicable to the public. Notices of hearings and investigations, committee meetings, agency decisions and rulings, delegations of authority, filing of petitions and applications and agency statements of organization and functions are examples of documents appearing in this section.

## DEPARTMENT OF AGRICULTURE

### Forest Service

#### Klamath Provincial Advisory Committee (PAC)

**AGENCY:** Forest Service, USDA.

**ACTION:** Notice of meeting.

**SUMMARY:** The Klamath Provincial Advisory Committee will meet on October 11, 2000, at the Northern California Service Center, Training Room 1, 6101 Airport Road, Redding, California. The meeting will start at 9 A.M. and adjourn at 5 P.M. Agenda items for the meeting include: (1) Discussion on topics of general interest to the PAC (Implementation Monitoring Field Trips); (2) the President's Fire and Fuels Report; (3) Socio-Economic Issues; and (4) Public Comment Periods. All Provincial Advisory Committee meetings are open to the public. Interested citizens are encouraged to attend.

**FOR FURTHER INFORMATION CONTACT:** Connie Hendryx, USDA, Klamath National Forest, 11263 N. Hwy 3, Fort Jones, California 96032; telephone 530-468-1281 (voice), TDD 530-468-2783.

Dated: September 27, 2000.

**Constance J. Hendryx,**  
PAC Support Staff.

## DEPARTMENT OF AGRICULTURE

### Rural Utilities Service

#### Oglethorpe Power Corporation; Notice of Intent

**AGENCY:** Rural Utilities Service, USDA.

**ACTION:** Notice of Intent to Hold a Public Meeting and Prepare an Environmental Assessment.

**SUMMARY:** Notice is hereby given that the Rural Utilities Service (RUS), pursuant to the National Environmental Policy Act of 1969 (42 U.S.C. 4321 *et seq.*), the Council on Environmental Quality (CEQ) Regulations for Implementing NEPA (40 CFR Parts 1500-1508), and RUS Environmental Policies and Procedures (7 CFR Part 1794) proposes to prepare an Environmental Assessment related to possible financing assistance to Oglethorpe Power Corporation to construct a 520 megawatt, combined cycle combustion turbine project in Heard County, Georgia.

**DATES:** RUS will conduct a public scoping meeting in an open house format on Thursday, October 19, 2000, from 4:30 p.m. until 7:30 p.m.

**ADDRESSES:** The scoping meeting will be held at the Heard County Parks and Recreation Department, Riverside Park Gymnasium, 101 Glover Road, Franklin, Georgia. All interested parties are invited to attend the meeting.

**FOR FURTHER INFORMATION CONTACT:** Bob Quigel, Engineering and Environmental Staff, Rural Utilities Service, at (202) 720-0468. Bob's E-mail address is bquigel@rus.usda.gov. You can also contact Greg Jones of Oglethorpe Power Corporation at 1-800-241-5374, extension 7890. Greg's email address is greg.jones@opc.com.

**SUPPLEMENTARY INFORMATION:** Oglethorpe Power Corporation proposes to construct the natural gas fired electric generation plant at the Hal B. Wansley Plant site in northeast Heard County approximately six miles southeast of Roopville, Georgia. The existing Wansley Plant is a 1,730 megawatt, coal fired, electric generation facility owned by Oglethorpe Power Corporation, Georgia Power Company, the Municipal Electricity Authority of Georgia, and the City of Dalton. The proposed plant is one of four blocks of additional electric generation facilities planned for construction at the site. Each block of additional generation is proposed to consist of two combustion turbines and one heat recovery steam generator. The total build-out of the four blocks would total approximately 2,280 megawatts. No new electric transmission lines will need to be constructed to connect this plant to the existing electric transmission grid. No new natural gas pipeline will be constructed to exclusively serve this plant. Georgia

Power Company is proposing to construct a natural gas pipeline that is planned to provide an adequate gas supply to the total build-out at the Wansley Plant site.

The proposed project will be composed of two, nominal 167 megawatt Siemens V84.3A2 connected to a heat recovery steam generator which will power a Siemens steam turbine. Which This will increase the total plant output by 187 megawatts for a total of 520 megawatts. It is the goal of Oglethorpe Power Corporation to have the plant in operation by the spring of 2003.

Alternatives considered by RUS and Oglethorpe Power Corporation to constructing the proposed generation facility proposed include: (a) No action, (b) purchased power, (c) load management, (d) renewable energy, (e) hydroelectric generation, (f) pumped storage hydroelectric generation, and (g) distributed generation.

An alternative evaluation and site selection study for the project was prepared by Oglethorpe Power Corporation. The alternative evaluation and site selection study are available for public review at RUS in Room 2242, 1400 Independence Avenue, SW, Washington, DC, and at the headquarters of Oglethorpe Power Corporation located at 2100 East Exchange Place, Tucker, Georgia. This document will also be available at the West Georgia Regional Library at 710 Rome Street, Carrollton, Georgia, phone (770) 836-6711; the Heard County Public Library at 564 Main Street, Franklin, Georgia, phone (706) 675-6501; and the Newnan-Coweta Public Library at 25 Hospital Road, Newnan, Georgia, phone (770) 253-3625.

Government agencies, private organizations, and the public are invited to participate in the planning and analysis of the proposed project. Representatives of RUS and Oglethorpe Power Corporation will be available at the scoping meeting to discuss RUS' environmental review process, describe the project and alternatives under consideration, discuss the scope of environmental issues to be considered, answer questions, and accept oral and written comments. Written comments will be accepted for at least 30 days after the public scoping meeting.

From information provided in the alternative evaluation and site selection
