DEPARTMENT OF EDUCATION

[CFDA No. 84.344]

Office of Postsecondary Education, U.S. Department of Education; Inviting Applications for TRIO Dissemination Partnership Program New Awards for Fiscal Year (FY) 2000

Purpose of Program: The TRIO Dissemination Partnership (TRIO Dissemination) Program provides grants to TRIO Program grantees to enable them to work with institutions and organizations that are serving low-income and first-generation college students, but do not have TRIO Program grants. The purpose of the TRIO Dissemination Program is to replicate or adapt successful TRIO program components, practices, strategies, and activities for the institutions and organizations that are not TRIO Program grantees. The TRIO Programs are the Talent Search, Educational Opportunity Centers, Upward Bound, Student Support Services, McNair and Training Programs. For FY 2000, we encourage applicants to design projects that focus on the invitational priorities summarized in the priorities section of this application notice.

Eligible applicants: Institutions of higher education and private and public institutions and organizations that were carrying out a Federal TRIO grant before October 7, 1998, the date of enactment of the Higher Education Amendments of 1998.

Applications Available: March 17, 2000.

Deadline for Transmittal of Applications: May 15, 2000.

Deadline for Intergovernmental Review: July 14, 2000.

Available Funds: \$5,000,000.

Estimated Range of Awards: \$130,000 to \$200,000 for Year 1 of the project period.

Estimated Average Size of Awards: \$167,000.

Maximum Award: The Secretary will reject, without consideration or evaluation, an application that proposes a budget exceeding \$200,000 for the Year 1 budget period. The Secretary may change the maximum amount through a notice published in the **Federal Register**.

Estimated Number of Awards: 25 to 30.

Note: The Department is not bound by any estimates in this notice.

Project Period: Up to 36 months.

Page Limit: Part III of the application, the application narrative, is where you, the applicant, address the selection criteria reviewers use in evaluating the application. You must limit Part III to the equivalent of no more than 75 pages, using the following standards:

- A “page” is 8.5” x 11”, on one side only, with 1” margins at the top, bottom, and both sides.
- Double space (no more than three lines per vertical inch) all text in the application narrative, including titles, headings, footnotes, quotations, references, and captions, as well as all text in charts, tables, figures, and graphs.
- Use a font that is either 12-point or larger or no smaller than 10 pitch (characters per inch).

The page limit does not apply to Part I, the cover sheet; Part II, the budget section, including the narrative budget justification; Part IV, the assurances and certification; or the one-page abstract, the resumes, the bibliography, or the letters of support. However, you must

include all of the application narrative in Part III.

If, to meet the page limit, you use a larger page or smaller print size, spacing, or margins than the standards in this notice, we will not consider your application for funding.

Applicable Regulations: The Education Department General Administrative Regulations (EDGAR) in 34 CFR parts 74, 75, 77, 79, 82, 85, 86, 97, 98 and 99.

Priorities

Invitational Priorities: The Secretary is particularly interested in applications that meet one or more of the invitational priorities in the next six paragraphs. However, under 34 CFR 75.105(c)(1) an application that meets one or more of the invitational priorities does not receive competitive or absolute preference over other applications.

Invitational Priority 1—Effective Use of Educational Technology

Projects designed to share effective strategies for using technology in a variety of ways, including innovative technology-based instructional programs; use of technology to provide better access to educational opportunities; and technology-based programs to equip disadvantaged students with the knowledge and skills to compete for jobs in the emerging world economy that require the use of new and sophisticated technologies.

Invitational Priority 2—Business and Community Partnerships and K–12 Collaborations

Projects to assist communities with large numbers of low-income, first-generation college students to develop effective business and community partnerships and K–12 collaborations.
