Background

The Air Transportation Safety and System Stabilization Act (Public Law 107-42, September 22, 2001) (the "Act") was enacted in response to the terrorist attacks on New York and Washington. Section 101(a)(2) of the Act authorizes the President to compensate air carriers for the direct and incremental losses they incurred from terrorist attacks of September 11, 2001, and any resulting ground stop order. The President signed a Memorandum for the Secretary of Transportation, dated September 25, 2001 (66 FR 49507, September 27, 2001), delegating his authority under Section 101(a)(2) to the Secretary of Transportation. Under the authority of section 322 (b) of title 49, United States Code, the Secretary may delegate his authority unless otherwise prohibited. In the present case the delegation is appropriate.

Since this amendment relates to Departmental management, procedures, and practice, notice and comment on it are unnecessary under 5 U.S.C. 553(b)(3)(A), and it may be made effective in less than 30 days after publication in the **Federal Register** under 5 U.S.C. 553(d)(2) as a change in internal policy.

Fisheries of the Northeastern United States; Black Sea Bass Fishery; Commercial Quota Harvested for Quarter 4 Period

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Closure; Quarter 4 commercial black sea bass fishery.

SUMMARY: NMFS announces that the black sea bass commercial quota available in the quarter 4 period to the coastal states from Maine through North Carolina has been harvested. Commercial vessels may not land black sea bass in these states north of 35°15.3' N. lat. for the remainder of the 2001 quarter 4 quota period (through December 31, 2001). Regulations governing the black sea bass fishery require publication of this notification to advise the coastal states from Maine through North Carolina that the quota has been harvested and to advise vessel permit holders and dealer permit holders that no commercial quota is available for landing black sea bass in these states north of 35°15.3' N. lat.

DATES: Effective 0001 hrs local time, November 6, 2001, through 2400 hrs local time, December 31, 2001.

FOR FURTHER INFORMATION CONTACT: Jennifer L. Anderson, Fishery Management Specialist, at (978) 281–9226.

SUPPLEMENTARY INFORMATION:

Regulations governing the black sea bass fishery are found at 50 CFR part 648. The regulations require annual specification of a commercial quota that is allocated into four quota periods based upon percentages of the annual quota. The quarter 4 (October through December) commercial quota is distributed to the coastal states from Maine through North Carolina. The process to set the annual commercial quota is described in § 648.140.

The initial total commercial quota for black sea bass for the 2001 calendar year was 3,024,742 lb (1,372,000 kg) (66 FR 12902, March 1, 2001). The quarter 4 period quota, which is equal to 19.77 percent of the annual commercial quota, was 597,991 lb (271,244 kg). The quota allocation was adjusted downward to compensate for 2000 quarter 4 landings in excess of the 2000 quarter 4 quota, consistent with the procedures in § 648.140. The final adjusted quarter 4 quota was 516,939 lb (234,480 kg).

The Regional Administrator, Northeast Region, NMFS (Regional Administrator) monitors the commercial black sea bass quota for each quota period on the basis of dealer reports, state data, and other available information to determine when the commercial quota has been harvested. NMFS is required to publish a notification in the **Federal Register** advising and notifying commercial vessels and dealer permit holders that, effective upon a specific date, the black
