FSIS has made the following estimates based upon an information collection assessment:

Estimate of burden: FSIS estimates that it will take respondents an average of 60 minutes per response.

Respondents: Official establishments.

Estimated total number of respondents: 7,057.

Estimated annual number of responses per respondent: 17.

Estimated total annual burden on respondents: 119,969 hours.

All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.
