

industry has continued to encounter difficulties in obtaining certain electrical circuit breakers. Although pandemic and national emergency restrictions are easing nationwide and production has resumed, manufacturers continue to struggle to procure these circuit breakers due to supply chain issues and personnel shortages. In order to build a manufactured home in compliance with the Manufactured Home Construction and Safety Standards, (24 Code of Federal Regulations (CFR) 3280, *et seq.* (the Standards), manufacturers must use circuit breakers that have been certified to specific standards, incorporated by reference. Specifically, there are limited supplies of 25 ampere (amp), double-pole circuit breakers that are necessary for Rheem brand 4,500-watt, 240-volt water heater installations to conform to HUD's Standards.

Contact: Teresa B. Payne, Administrator, Office of Manufactured Housing Programs, Office of Housing, Department of Housing and Urban Development, 451 Seventh Street SW, Room 9168, Washington, DC 20410, telephone (202) 402-5365, Teresa.L.Payne@hud.gov.

- **Regulation:** 24 CFR 219.220(b)(1995).

Project/Activity: Seniority House, Springfield, Massachusetts.

Nature of Requirement: The regulation at 24 CFR 219.220(b)(1995), which governs the repayment of operating assistance provided under the Flexible Subsidy Program for Troubled Projects, states "Assistance that has been paid to a project owner under this subpart must be repaid at the earlier of expiration of the term of the mortgage, termination of mortgage insurance, prepayment of the mortgage, or a sale of the project." The Project was awarded a Flexible Subsidy Operating Assistance Loan in the amount of \$2,392,748.00 in September 1992 at 1 percent interest per annum.

Granted By: Lopa P. Kolluri, Principal Deputy Assistant Secretary for Housing—Federal Housing.

Date Granted: November 21, 2021.

Reason Waived: The owner requested and was granted waiver of the requirement to repay the Flexible Subsidy Operating Assistance Loan in full when it became due. Deferring the loan payment will preserve the affordable housing resource for an additional 20 years through the execution and recordation of a Rental Use Agreement. The request to defer the Flexible Subsidy payment is part of the owner's proposal to apply for Tenant Protection Vouchers (TPV) assistance under PIH 2019-01/Housing Notice 2019-02, *Funding Availability for Set-Aside Tenant Protection Vouchers* (Notice H 2019-02). Per Section III A(5) of Notice H 2019-02, the Owner has elected for a Project Based Voucher (PBV) contract in lieu of Enhanced Vouchers. The owner currently anticipates structuring a preservation transaction involving the syndication of 4% Low Income Housing Tax Credit (LIHTC) at the end of this year.

The owner plans to use approximately \$161,698 698 (\$460,698-\$167,000 remain in account and use \$132,000 for roof repairs) of the reserve for replacement funds when the Use Agreement is executed to pay down part of the outstanding balance including interest

of \$3,074,855.58 Flex Sub Loan balance, which is in compliance with Housing Notice 2011-05, *Policies and Procedures for the deferred repayment of Operating Assistance Flexible Subsidy Loans* (Notice H 2011-05).

The remaining balance of the Flex Sub Loan will be secured by a Surplus Cash Note. The owner will allocate up to a maximum of 75% percent of surplus cash on an annual basis to pay down the loan. If the preservation transaction is not pursued, the owner will still be subject to the 75 percent Surplus Cash Note requirements.

Contact: Brenda Sharon Young, Transaction Manager, Office of Recapitalization, Office of Housing, Department of Housing and Urban Development, 451 Seventh Street SW, Room 6128, Washington, DC 20410, telephone (202) 402-6275 or Brenda.S.Young@hud.gov.

III. Regulatory Waivers Granted by the Office of Public and Indian Housing

For further information about the following regulatory waivers, please see the name of the contact person that immediately follows the description of the waiver granted.

- **Regulation:** Section 19(A)(1).

Project/Activity: Aurora Housing Authority, Nebraska.

Nature of Requirement: Section 19(A)(1) prohibits a PHA from entering into a contract, subcontract, or arrangement in connection with the administration of its public housing program where any present or former member or officer of the governing body of the PHA has an interest, direct or indirect, during his or her tenure or for one year thereafter.

Date Granted: October 1, 2021.

Contact: Todd Thomas, Director, Office of Public Housing and Voucher Programs, Office of Public and Indian Housing, Department of Housing and Urban Development, 451 Seventh Street SW, Room 4228, Washington, DC 20410, telephone (202) 402-5687.

- **Regulation:** 24 CFR 1000.14.

Project/Activity: Tlingit Haida Regional Housing Authority's (THRHA) Voluntary purchase of parcel with Indian Housing Block Grant (IHBG) funds.

Nature of Requirement: The regulation at 24 CFR 1000.14 requires an appraisal to be completed by a qualified appraiser before property is purchased with IHBG funds.

Granted By: Dominique Blom, General Deputy Assistant for Public and Indian Housing.

Date Granted: October 21, 2021.

Reason Waived: The parcel identified for purchase by THRHA required an appraiser with a general appraisal license to complete an appraisal. THRHA contacted all the appraisers in the Juneau-Douglas area, but none had this certification. The only qualified appraiser in Southeast Alaska was closed due to COVID-19, and the only viable alternative would have been to try to get an appraiser with the required certification from outside the area to travel to Juneau for the appraisal, which would have incurred additional costs and scheduling issues. Because of THRHA's extensive experience in the local market and due diligence in performing a cost estimate for the voluntary

purchase of this parcel, THRHA's request to waive the appraisal requirement at 24 CFR 1000.14 was found to be reasonable and justified.

Contact: Greg Stuckey, Administrator, Alaska Office of Native American Programs, 3000 C Street, Suite 401, Anchorage, AK 99503, telephone (907) 677-9860 or AKONAP Administrator, at Greg.M.Stuckey@hud.gov.

BILLING CODE P

DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

[Docket No. FR-7056-N-19; OMB Control No.: 2502-0178]

60-Day Notice of Proposed Information Collection: Management Reviews of Multifamily Housing Programs HUD-9834

AGENCY: Office of the Assistant Secretary for Housing—Federal Housing Commissioner, HUD.

ACTION: Notice.

SUMMARY: HUD is seeking approval from the Office of Management and Budget (OMB) for the information collection described below. In accordance with the Paperwork Reduction Act, HUD is requesting comment from all interested parties on the proposed collection of information. The purpose of this notice is to allow for 60 days of public comment.

DATES: Comments Due Date: August 16, 2022.

ADDRESSES: Interested persons are invited to submit comments regarding this proposal. Comments should refer to the proposal by name and/or OMB Control Number and should be sent to: Colette Pollard, Reports Management Officer, REE, Department of Housing and Urban Development, 451 7th Street SW, Room 4176, Washington, DC 20410-5000; telephone 202-402-3400 (this is not a toll-free number) or email at Colette.Pollard@hud.gov for a copy of the proposed forms or other available information. Persons with hearing or speech impairments may access this number through TTY by calling the toll-free Federal Relay Service at (800) 877-8339.

FOR FURTHER INFORMATION CONTACT: Colette Pollard, Reports Management Officer, REE, Department of Housing and Urban Development, 451 7th Street SW, Washington, DC 20410; email Colette.Pollard@hud.gov or telephone 202-402-3400. This is not a toll-free number. Persons with hearing or speech impairments may access this number through TTY by

calling the toll-free Federal Relay Service at (800) 877-8339. Copies of available documents submitted to OMB may be obtained from Ms. Pollard.

SUPPLEMENTARY INFORMATION: This notice informs the public that HUD is seeking approval from OMB for the information collection described in Section A.

A. Overview of Information Collection

Title of Information Collection: Management Review for Multifamily Housing Projects.

OMB Approval Number: 2502-0178.

Type of Request: Extension of currently approved collection.

Form Number: HUD-9834.

Description of the need for the information and proposed use: This information collection is used by HUD, by Mortgagees and by Contract Administrators (CAs) to evaluate the quality of project management; determine the causes of project problems; devise corrective actions to stabilize projects and prevent defaults; and to ensure that fraud, waste and mismanagement are not problems for the community. The information collected also supports enforcement actions when owners fail to implement corrective actions. "HUD is currently engaged in rule making that would reduce the frequency of MORs for high-performing properties and consequently reduce the estimated total burden hours for this Collection. Changes to required frequencies for regularly-scheduled MORs are anticipated to be completed with publication of a final rule anticipated in this year, 2022."

Respondents: Business or other for-profit.

Estimated Number of Respondents: 27,127.

Estimated Number of Responses: 27,127.

Frequency of Response: Annually.

Average Hours per Response: 8.

Total Estimated Burden: 217,127.

B. Solicitation of Public Comment

This notice is soliciting comments from members of the public and affected parties concerning the collection of information described in Section A on the following:

(1) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(2) The accuracy of the agency's estimate of the burden of the proposed collection of information;

(3) Ways to enhance the quality, utility, and clarity of the information to be collected; and

(4) Ways to minimize the burden of the collection of information on those who are to respond; including through the use of appropriate automated collection techniques or other forms of information technology, *e.g.*, permitting electronic submission of responses.

HUD encourages interested parties to submit comment in response to these questions.

C. Authority

Section 3507 of the Paperwork Reduction Act of 1995, 44 U.S.C. Chapter 35.

Janet M. Golrick,

Acting, Chief of Staff for the Office of Housing—Federal Housing Administration.

BILLING CODE 4210-67-P

DEPARTMENT OF LABOR

Mine Safety and Health Administration

[OMB Control No. 1219-0141]

Proposed Extension of Information Collection: Emergency Mine Evacuation

AGENCY: Mine Safety and Health Administration, Labor.

ACTION: Request for public comments.

SUMMARY: The Department of Labor, as part of its continuing effort to reduce paperwork and respondent burden, conducts a pre-clearance consultation program to provide the general public and Federal agencies with an opportunity to comment on proposed collections of information in accordance with the Paperwork Reduction Act of 1995. This program helps to ensure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements on respondents can be properly assessed. Currently, the Mine Safety and Health Administration (MSHA) is soliciting comments on the information collection for Emergency Mine Evacuation.

DATES: All comments must be received on or before August 16, 2022.

ADDRESSES: Comments concerning the information collection requirements of this notice may be sent by any of the methods listed below.

• *Federal E-Rulemaking Portal:* <http://www.regulations.gov>. Follow the on-line instructions for submitting comments for docket number MSHA-2022-0027.

• *Mail/Hand Delivery:* Mail or visit DOL-MSHA, Office of Standards, Regulations, and Variances, 201 12th Street South, Suite 4E401, Arlington, VA 22202-5452. Before visiting MSHA in person, call 202-693-9455 to make an appointment, in keeping with the Department of Labor's COVID-19 policy. Special health precautions may be required.

• MSHA will post your comment as well as any attachments, except for information submitted and marked as confidential, in the docket at <https://www.regulations.gov>.

FOR FURTHER INFORMATION CONTACT: S. Aromie Noe, Office of Standards, Regulations, and Variances, MSHA, at MSHA.information.collections@dol.gov (email); (202) 693-9440 (voice); or (202) 693-9441 (facsimile).

SUPPLEMENTARY INFORMATION:

I. Background

Section 103(h) of the Federal Mine Safety and Health Act of 1977 (Mine Act), 30 U.S.C. 813(h), authorizes MSHA to collect information necessary to carry out its duty in protecting the safety and health of miners. Further, section 101(a) of the Mine Act, 30 U.S.C. 811, authorizes the Secretary of Labor (Secretary) to develop, promulgate, and revise as may be appropriate, improved mandatory health or safety standards for the protection of life and prevention of injuries in coal and metal and non-metal mines.

MSHA requires each operator of an underground coal mine to submit a Mine Emergency Evacuation and Firefighting Program of Instruction to the MSHA District Manager for approval. Upon approval by the MSHA District Manager, the operator uses the approved instruction program to implement programs for training miners to respond appropriately to mine emergencies. MSHA uses the plans to ensure that the operator's program will provide the required training and drills to all miners. MSHA requires the operators to certify the training and drills for each miner at the completion of each quarterly drill, annual expectations training, or other training, and that a copy be provided to the miner upon request. These certifications are used by MSHA, operators, and miners as evidence that the required training has been completed.

MSHA also requires that escapeway maps show the Self-Contained, Self-Rescuer (SCSR) storage locations. Accurate and up-to-date maps are essential to the engineering plans and safe operation of mines and to the health and safety of the miners. MSHA
