SUPPLEMENTARY INFORMATION: The purposes of the Neotropical Migratory Bird Conservation Act (Act) are to:

1. Perpetuate healthy populations of neotropical migratory birds;
2. Assist in the conservation of these birds by supporting conservation initiatives in the United States, Latin America, and the Caribbean; and
3. Provide financial resources and foster international cooperation for those initiatives.

The Act authorizes \$5 million for this program, and Congress appropriated \$3 million for Fiscal Year (FY) 2002. The program is expected to be funded in FY 2003. At a minimum, 75 percent of this money will be available for projects outside the United States. The maximum individual award for FY2003 will be \$250,000. Federal funds requested under the Act must be matched 3:1 by non-Federal funds. That is, for every U.S. Federal dollar, three non-U.S. Federal dollars are required for the project. For projects in the United States, the non-Federal share must be in cash. For projects in Latin America and the Caribbean, the non-Federal share may be cash or an in-kind contribution.

Projects may be located in the United States and in all countries of Latin America and the Caribbean, with the exception of Cuba. Projects in Canada are not eligible for this funding.

An applicant may be an individual, corporation, partnership, trust, association, other private entity, government agency in the United States or a foreign country, or an international organization.

The information collection requirements associated with grant proposals under the Act are approved under Office of Management and Budget (OMB) control number 1018-0113, which expires on November 30, 2005.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information

unless it displays a currently valid OMB control number. The information collection solicited: is necessary to gain a benefit in the form of a grant, as determined by the Fish and Wildlife Service; is necessary to determine the eligibility and relative value of projects; results in an approximate paperwork burden of 40 hours per application; and does not carry a premise of confidentiality. The information collections in this program will not be part of a system of records covered by the Privacy Act (5 U.S.C. 552(a)).

Dated: November 14, 2002.
