SUPPLEMENTARY INFORMATION:

I. Abstract

This request is for a revision to a currently approved information collection. The Magnuson-Stevens Fishery Conservation and Management Act (MSA) authorizes and requires that the Secretary of Commerce maintain a cost recovery program to recover the management, data collection and analysis, and enforcement costs of the limited access privilege programs, such as the Pacific Coast Groundfish Trawl Rationalization Program (Trawl Program). Cost recovery fees may not exceed three percent of the ex-vessel value. The Trawl Program cost recovery program requires fish sellers to submit fees to fish buyers who then submit those fees to NOAA’s National Marine Fisheries Service (NMFS). Fish buyers must also submit information to NMFS on the volume and value of harvested groundfish when submitting the fees. Information is collected from monthly and annual payment transactions and reports as well as non-payment documents when necessary. This revision would add the applicable fish ticket number to each IFQ *Pay.Gov* payment transaction.

The information collected is used to track the payment of cost recovery fees, reconcile cost recovery payments with landings data from other sources, calculate average ex-vessel values, and, if necessary, help in the resolution of non-payment issues.

This program is authorized under the Pacific coast groundfish fishery

regulations, trawl rationalization cost recovery program at 50 CFR 660.115.

II. Method of Collection

Cost recovery fee payments for the Trawl Program must be submitted online through the Federal web portal *Pay.gov*. MS sector annual reports are submitted by mail or email. Payments for the Shorebased Individual Fishing Quota (IFQ) and Mothership (MS) sectors cost recovery fees are submitted online monthly through *Pay.gov*. The Catcher Processor sector submits cost recovery fees online yearly through *Pay.gov*.

SUPPLEMENTARY INFORMATION:

I. Abstract

This request is for an extension to the existing reporting requirements approved under the Office of Management and Budget's (OMB) Control Number 0648–0205, Southeast Region Permit Family of Forms. The NMFS Permits Office within the Southeast Regional Office (SERO) administers Federal permits for fishing in the U.S. exclusive economic zone (EEZ) of the Caribbean Sea, Gulf of Mexico (Gulf), and South Atlantic under the authority of the Magnuson-Stevens Fishery Conservation and Management Act (Magnuson-Stevens Act), 16 U.S.C. 1801 *et seq.*

The NMFS Southeast Region manages Federal fisheries in the Caribbean, Gulf, and South Atlantic under fishery management plans (FMPs) in each of these areas. The regional fishery management councils prepared the FMPs pursuant to the Magnuson-Stevens Act. The regulations implementing the FMPs, including those that have recordkeeping and reporting requirements, are located at 50 CFR part 622 (<https://www.ecfr.gov/current/title-50/chapter-VI/part-622?toc=1>).

The recordkeeping and reporting requirements at 50 CFR part 622 form the basis for this collection of information. The NMFS Southeast Region requests information from fishery participants. This information results in an increasingly more efficient and accurate database for management and monitoring of the Federal fisheries in the U.S. Caribbean, Gulf, and South Atlantic.

II. Method of Collection

Respondents can access forms and instructions from the SERO Permits Office website at <https://>
