provides new policy on Army safety management procedures with special emphasis on responsibilities and organizational concepts. AR 385–10 is applicable to the Active Army, the Army National Guard/Army National Guard of the United States, and the U.S. Army Reserve, unless otherwise stated. It also applies to Army civilian employees and the U.S. Army.

Following the issuance of the AR-385-10; the EM 385-1-1 U.S. Army Corps of Engineers Safety and Health Requirements Manual prescribes the safety and health requirements for all Corps of Engineers activities and operations. The manual applies to Headquarters, U.S. Army Corps of Engineers (HQUSACE) elements, major subordinate commands, districts, centers, laboratories, and field operating activities (FOA), as well as USACE contracts and those administered on behalf of USACE. Applicability extends to occupational exposure for missions under the command of the Chief of Engineers, whether accomplished by military, civilian, or contractor personnel.

Instructions for Providing Comments

USACE is requesting assistance in the form of data, comments, literature references, or field experiences, to help clarify the policy requirements for implementing Safety and Occupational Health activities for both Corps and contractor personnel. The draft version of the Safety and Health Requirements Manual (EM 385-1-1, April 2022) is available for review on the USACE Publications website: https:// usace.contentdm.oclc.org/utils/getfile/ collection/p16021coll9/id/2559. While USACE welcomes any and all feedback on this Engineering Manual, detailed responses to the questions provided will be particularly helpful to USACE in clarifying, revising, adding, or deleting information in a particular area/section/ chapter. The most useful comments will be derived from on-the-job experiences that are covered within the topics of the manual. Commenters should use their knowledge of working with USACE on various types of federal actions as well as their understanding of consensus standards and other federal Safety and Health regulations.

Future Actions

Feedback and comments provided through this notice will be considered and the draft version of the Safety and Health Requirements Manual (EM 385– 1–1, April 2022) will be updated as appropriate. When the manual is finalized and published on the USACE Safety and Occupational Health Office website https://www.usace.army.mil/ Missions/Safety-and-Occupational-Health/, and the document itself will be made available through the typical U.S. Army publication process.

[Project No. 4784-106]

Topsham Hydro Partners Limited Partnership (L.P.); Notice of Availability of Draft Environmental Assessment

In accordance with the National Environmental Policy Act of 1969 and the Federal Energy Regulatory Commission's (Commission) regulations, 18 CFR part 380, the Office of Energy Projects has reviewed the application for license for the Pejepscot Hydroelectric Project, located on the Androscoggin River in Sagadahoc, Cumberland, and Androscoggin Counties in the village of Pejepscot and the town of Topsham, Maine and has prepared a Draft Environmental Assessment (DEA) for the project. No federal land is occupied by project works or located within the project boundary.

The DÉA contains staff's analysis of the potential environmental impacts of the project and concludes that licensing the project, with appropriate environmental protective measures, would not constitute a major federal action that would significantly affect the quality of the human environment.

The Commission provides all interested persons with an opportunity to view and/or print the EA via the internet through the Commission's Home Page (http://www.ferc.gov/), using the "eLibrary" link. Enter the docket number, excluding the last three digits in the docket number field, to access the document. At this time, the Commission has suspended access to the Commission's Public Reference Room, due to the proclamation declaring a National Emergency concerning the Novel Coronavirus Disease (COVID-19), issued by the President on March 13, 2020.
