

The cash deposit rate for Ercros will be equal to the weighted-average dumping margin established in the final results of this review, except if the rate is *de minimis* within the meaning of 19 CFR 351.106(c)(1), in which case the cash deposit rate will be zero; (2) for other manufacturers and exporters covered in a prior segment of the proceeding, the cash deposit rate will continue to be the company-specific rate published for the most recently completed segment of this proceeding in which that manufacturer or exporter participated; (3) if the exporter is not a firm covered in this review, a prior review, or the original less-than-fair-value (LTFV) investigation, but the manufacturer is, the cash deposit rate will be the rate established for the most recently completed segment of this proceeding for the manufacturer of subject merchandise; and (4) the cash deposit rate for all other manufacturers or exporters will continue to be 24.83 percent, the all-others rate established in the LTFV investigation.¹¹ These deposit requirements, when imposed, shall remain in effect until further notice.

Notification

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

We are issuing and publishing these results in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

Dated: July 2, 2013.

Paul Piquado,

Assistant Secretary for Import Administration.

Certain Small Diameter Carbon and Alloy Seamless Standard, Line and Pressure Pipe From Romania: Preliminary Results of Antidumping Duty Administrative Review; 2011–2012

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (the Department) is conducting an administrative review of the antidumping duty order on certain small diameter carbon and alloy seamless standard, line and pressure pipe (small diameter seamless pipe) from Romania. The period of review (POR) is August 1, 2011, through July 31, 2012. The review covers two producers/exporters of the subject merchandise, ArcelorMittal Tubular Products Roman S.A. (AMTP) and Canadian Natural Resources Limited (CNRL). We preliminarily find that AMTP has not sold subject merchandise at less than normal value. We also preliminarily find that CNRL's entries of subject merchandise should be liquidated without regard to antidumping duties.

DATES: *Effective Date:* July 10, 2013.

FOR FURTHER INFORMATION CONTACT: Dmitry Vladimirov or Minoo Hatten, AD/CVD Operations, Office 1, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482-0665, and (202) 482-1690, respectively.

SUPPLEMENTARY INFORMATION:

Scope of the Order

The merchandise subject to the order is small diameter seamless pipe. The small diameter seamless pipe subject to the order is currently classifiable under the following subheadings of the Harmonized Tariff Schedule of the

United States (HTSUS): 7304.10.10.20, 7304.10.50.20, 7304.19.10.20, 7304.19.50.20, 7304.31.30.00, 7304.31.60.50, 7304.39.00.16, 7304.39.00.20, 7304.39.00.24, 7304.39.00.28, 7304.39.00.32, 7304.51.50.05, 7304.51.50.60, 7304.59.60.00, 7304.59.80.10, 7304.59.80.15, 7304.59.80.20, and 7304.59.80.25. The HTSUS subheadings are provided for convenience and customs purposes. A full description of the scope of the order is contained in the memorandum from Christian Marsh, Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations, to Paul Piquado, Assistant Secretary for Import Administration, "Decision Memorandum for Preliminary Results of Antidumping Duty Administrative Review: Certain Small Diameter Carbon and Alloy Seamless Standard, Line and Pressure Pipe from Romania," dated concurrently with this notice (Preliminary Decision Memorandum), which is hereby adopted by this notice. The written description is dispositive.

The Preliminary Decision Memorandum is a public document and is on file electronically *via* Import Administration's Antidumping and Countervailing Duty Centralized Electronic Service System ("IA ACCESS"). IA ACCESS is available to registered users at <http://iaaccess.trade.gov> and is available to all parties in the Central Records Unit, room 7046 of the main Department of Commerce building. In addition, a complete version of the Preliminary Decision Memorandum can be accessed directly on the Internet at <http://www.trade.gov/ia/>. The signed Preliminary Decision Memorandum and the electronic versions of the Preliminary Decision Memorandum are identical in content.

Entries by Canadian Natural Resources Limited

As discussed in the Preliminary Decision Memorandum, we preliminarily find that CNRL had no sales to unaffiliated customers in the United States, or to unaffiliated customers for exportation to the United States. As a result, antidumping duties would not be applied under current law and practice. Accordingly, at the completion of the final results of review, we intend to instruct U.S. Customs and Border Protection (CBP) to liquidate the entries at issue without regard to antidumping duties.

Methodology

The Department has conducted this review in accordance with section

¹¹ See *Chlorinated Isocyanurates From Spain: Notice of Final Determination of Sales at Less Than Fair Value*, 70 FR 24506 (May 10, 2005).

751(a)(2) of the Tariff Act of 1930, as amended (the Act). Constructed export price is calculated in accordance with section 772 of the Act. Normal value is calculated in accordance with section 773 of the Act. In accordance with section 773(b) of the Act, we disregarded certain sales made by AMTP in the home market which were made at below-cost prices. To determine the appropriate comparison method, the Department applied a “differential pricing” analysis and has preliminarily determined to use the average-to-average method in making comparisons of constructed export price and normal value for AMTP. For a full description of the methodology underlying our conclusions, see Preliminary Decision Memorandum.

Preliminary Results of Review

As a result of this review, we preliminarily determine that a weighted-average dumping margin of 0.00 percent exists for AMTP for the period August 1, 2011, through July 31, 2012.

Disclosure and Public Comment

The Department will disclose to parties the calculations performed in connection with these preliminary results within five days of the date of publication of this notice. See 19 CFR 351.224(b).

Pursuant to 19 CFR 351.309(c), interested parties may submit cases briefs not later than 30 days after the date of publication of this notice. Rebuttal briefs, limited to issues raised in the case briefs, may be filed not later than five days after the date for filing case briefs. See 19 CFR 351.309(d). Parties who submit case briefs or rebuttal briefs in this proceeding are encouraged to submit with each argument: (1) A statement of the issue; (2) a brief summary of the argument; and (3) a table of authorities. See 19 CFR 351.309(c)(2) and (d)(2). Case and rebuttal briefs should be filed using IA ACCESS. See 19 CFR 351.303.

Pursuant to 19 CFR 351.310(c), interested parties who wish to request a hearing, or to participate if one is requested, must submit a written request to the Assistant Secretary for Import Administration, filed electronically via IA ACCESS. An electronically filed document must be received successfully in its entirety by the Department’s electronic records system, IA ACCESS, by 5 p.m. Eastern Time within 30 days after the date of publication of this notice. Requests should contain: (1) The party’s name, address and telephone number; (2) the number of participants; and (3) a list of

issues to be discussed. Issues raised in the hearing will be limited to those raised in the respective case briefs. The Department intends to issue the final results of this administrative review, including the results of its analysis of the issues raised in any written briefs, not later than 120 days after the date of publication of this notice, pursuant to section 751(a)(3)(A) of the Act.

Assessment Rates

Upon completion of the administrative review, the Department shall determine, and CBP shall assess, antidumping duties on all appropriate entries, in accordance with 19 CFR 351.212(b)(1). If AMTP’s weighted-average dumping margin is above *de minimis* in the final results of this review, we will calculate an importer-specific assessment rate on the basis of the ratio of the total amount of antidumping duties calculated for the importer’s examined sales and the total entered value of the sales in accordance with 19 CFR 351.212(b)(1). If AMTP’s weighted-average dumping margin continues to be zero or *de minimis* in the final results of review, we will instruct CBP not to assess duties on any of its entries in accordance with the *Final Modification for Reviews*, i.e., “{w}here the weighted-average margin of dumping for the exporter is determined to be zero or *de minimis*, no antidumping duties will be assessed.”¹

The Department clarified its “automatic assessment” regulation on May 6, 2003. This clarification will apply to entries of subject merchandise during the POR produced by AMTP for which it did not know its merchandise was destined for the United States. In such instances, we will instruct CBP to liquidate unreviewed entries at the all-others rate if there is no rate for the intermediate company(ies) involved in the transaction. For a full discussion of this clarification, see *Antidumping and Countervailing Duty Proceedings: Assessment of Antidumping Duties*, 68 FR 23954 (May 6, 2003).

Upon completion of the review the Department will instruct CBP to liquidate any entries by CNRL without regard to antidumping duties.

We intend to issue instructions to CBP 15 days after publication of the final results of this review.

¹ In these preliminary results, the Department applied the assessment rate calculation method adopted in *Antidumping Proceedings: Calculation of the Weighted-Average Dumping Margin and Assessment Rate in Certain Antidumping Proceedings: Final Modification*, 77 FR 8101, 80102 (February 14, 2012).

Cash Deposit Requirements

The following deposit requirements will be effective upon publication of the notice of final results of administrative review for all shipments of small diameter seamless pipe from Romania entered, or withdrawn from warehouse, for consumption on or after the date of publication as provided by section 751(a)(2) of the Act: (1) The cash deposit rate for AMTP will be the rate established in the final results of this administrative review and we will not establish a cash deposit rate for CNRL; (2) for merchandise exported by manufacturers or exporters not covered in this review but covered in a prior segment of the proceeding, the cash deposit rate will continue to be the company-specific rate published for the most recent period; (3) if the exporter is not a firm covered in this review, a prior review, or the original investigation but the manufacturer is, the cash deposit rate will be the rate established for the most recent period for the manufacturer of the merchandise; (4) the cash deposit rate for all other manufacturers or exporters will continue to be 13.06 percent, the all-others rate established in the *Notice of Amended Final Determination of Sales at Less Than Fair Value and Antidumping Duty Order: Certain Small Diameter Carbon and Alloy Seamless Standard, Line and Pressure Pipe From Romania*, 65 FR 48963 (August 10, 2000). These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary’s presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

We are issuing and publishing these results in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

Dated: July 2, 2013.

Assistant Secretary for Import
Administration.

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of a listing determination and availability of a status review document.

SUMMARY: We, NMFS, have completed a comprehensive status review of the ribbon seal (*Histiophoca fasciata*) under the Endangered Species Act (ESA). Based on the best scientific and commercial data available, including the Biological Review Team's (BRT's) status review report, we conclude that listing the ribbon seal as threatened or endangered under the ESA is not warranted at this time. We also announce the availability of the ribbon seal status review report.

DATES: This listing determination was made on July 10, 2013.

ADDRESSES: The ribbon seal status review report, as well as this listing determination, can be obtained via the internet at <http://alaskafisheries.noaa.gov/>. SUPPLEMENTARY INFORMATION:

Background

On December 20, 2007, we received a petition from the Center for Biological Diversity (CBD) to list the ribbon seal as a threatened or endangered species under the ESA, primarily due to concern about threats to this species' habitat from climate change and
