Pesticides; Procedural Regulations for Registration Review; Notification to the Secretary of Agriculture

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notification to the Secretary of Agriculture.

SUMMARY: This document notifies the public that the Administrator of EPA has forwarded to the Secretary of Agriculture a draft final rule as required by section 25(a) of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA). As described in the Agency's semi-annual Regulatory Agenda, the draft final rule will establish procedures to implement section 3(g) of FIFRA which provides for periodic review of pesticide registrations. The goal of these regulations, which are required by FIFRA section 3(g), is to review a pesticide's registration every 15 years. The regulations will address the following procedural aspects of the program: establishing pesticide cases for registration review; establishing

schedules; assembling information to be considered during the review; deciding on the scope and depth of the review; calling in data under FIFRA section 3(c)(2)(B) that are needed to conduct the review; reviewing data and conducting risk assessments or benefit analyses, as needed; deciding whether a pesticide continues to meet the standard of registration in FIFRA; and public participation in the registration review process. If a pesticide does not meet the FIFRA standard, and cancellation is determined to be needed, the Agency will follow cancellation procedures in section 6 of FIFRA. This program will begin after the completion of tolerance reassessment in 2006 and before the completion of reregistration in 2008. Each pesticide will be reviewed every

15 years to assure that the it continues to meet the FIFRA standard for registration, including compliance with any new legislation, regulations or science policy.
