

- The workshop is intended to contribute to the development of collaborative interagency research and development agenda executed under the High Confidence Systems and Software, Large Scale Networking, and Critical Infrastructure Protection Research and Development Programs.

- The workshop is designed to identify opportunities for U.S. government agencies to develop collaborative experiments and test beds that address issues related to scalability, interoperability, testing and robustness in the face of attacks on public key infrastructure systems; and to facilitate discussion between people who understand public key infrastructure technology and those who might propose policies and legal frameworks.

- In addition, the workshop will explore technology transfer opportunities that enable new markets for next generation public key infrastructures for the Internet and will facilitate movement of public key infrastructure towards becoming a high confidence assured Internet service.

Copies of the agenda for the workshop will be available on CIAO's web site: [www.CIAO.gov](http://www.CIAO.gov).

#### **Postponement of Final Results of Review**

The Department of Commerce ("the Department") published the preliminary results of the second antidumping administrative review and third new shipper review on brake rotors from the People's Republic of China ("PRC") on December 29, 1999 (64 FR 73007). The current deadline for the final results in these reviews is April 27, 2000. In accordance with section 751(a)(3)(A) of the Tariff Act of 1930 ("the Act"), as amended, we determine that it is not practicable to complete these reviews within the original time frame because of the Department's decision to verify certain respondents in these reviews (see March 29, 2000, letter from Deputy Assistant Secretary Richard W. Moreland to Mr. Leslie Glick, counsel for the petitioner in these reviews). We are currently unable to conduct verification and allow sufficient opportunity for the submission of interested party comments, prior to the current final results deadline. Thus, in accordance with section 751(a)(3)(A) of the Act and section 351.213(h)(2) of the Department's regulations, the Department is extending the time limit for completion of the final results of these reviews until October 24, 2000, which is 300 days after the date on which the notice of the preliminary results was published in the **Federal Register**.

Dated: April 4, 2000.
