However, minor clarifications are proposed to the instructions. The Board is publishing the request for extension on behalf of the agencies. Affected Public: U.S. branches and agencies of foreign banks.

Number of respondents: 230.

Estimated average hours per response: 10 hours.

Estimated Annual reporting hours: 9,200 hours.

General Description of Report

This information collection is mandatory: 12 U.S.C. 3105 and 3108 for the Board of Governors of the Federal Reserve System; sections 7 and 10 of the Federal Deposit Insurance Act (12 U.S.C. 1817, 1820) for the Federal Deposit Insurance Corporation; and the National Bank Act (12 U.S.C. 161) for the Office of the Comptroller of the Currency). This information collection is given confidential treatment. (5 U.S.C. 552(b)(8)). Small businesses (that is, small U.S. branches and agencies of foreign banks) are affected.

Abstract

All individual U.S. branches and agencies of foreign banks that have more than \$30 million in direct claims on residents of foreign countries must file the FFIEC 019 report quarterly. Currently, all respondents report adjusted exposure amounts to the five largest countries having at least \$20 million in total adjusted exposure. The Agencies collect this data to monitor the extent to which such branches and agencies are pursuing prudent country risk diversification policies and limiting potential liquidity pressures. No changes are proposed to the FFIEC 019 reporting form, however, minor clarifications are proposed to the instructions.

Current Actions

The instructional clarifications to the FFIEC 019 report that are the subject of this notice have been approved by the Agencies for implementation as of the September 30, 2000, report date. The proposed clarifications involve the treatment of credit derivatives as guarantees.
