These important data include such items as the number of sick or dead animals on the premises, the results of necropsy examinations, vaccination information on the animals in the flock or herd, biosecurity practices at the site, whether any animals were recently moved out of the herd or flock, whether any new animals were recently introduced into the herd or flock, and detailed geographic data concerning premises location.

Government diagnosticians record this information on Veterinary Services (VS) Form 12–27, which is available electronically, allowing epidemiological and diagnostic information to be collected and transmitted more easily and quickly. The owner/manager of the premises being investigated assists in this process by verbally providing information to the diagnostician.

We are asking the Office of Management and Budget (OMB) to approve our use of these information collection activities for an additional 3 years.

The purpose of this notice is to solicit comments from the public (as well as affected agencies) concerning our information collection. These comments will help us:

- (1) Evaluate whether the collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility;
- (2) Evaluate the accuracy of our estimate of the burden of the collection of information, including the validity of the methodology and assumptions used;
- (3) Enhance the quality, utility, and clarity of the information to be collected; and
- (4) Minimize the burden of the collection of information on those who are to respond, through use, as appropriate, of automated, electronic, mechanical, and other collection technologies; *e.g.*, permitting electronic submission of responses.

Estimate of burden: The public reporting burden for this collection of information is estimated to average 0.978947368 hours per response.

Respondents: Government diagnosticians; owners/managers of premises.

Estimated annual number of respondents: 635.

Estimated annual number of responses per respondent: 3.889763779. Estimated annual number of responses: 2,470.

Estimated total annual burden on respondents: 2,418 hours. (Due to averaging, the total annual burden hours may not equal the product of the annual number of responses multiplied by the reporting burden per response.)

All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.

Done in Washington, DC, this 4th day of October, 2004.

Elizabeth E. Gaston,

Acting Administrator, Animal and Plant Health Inspection Service.

Foreign Agricultural Service

Trade Adjustment Assistance for Farmers

AGENCY: Foreign Agricultural Service, USDA.

ACTION: Notice.

The Administrator, Foreign Agricultural Service (FAS), re-certified the trade adjustment assistance (TAA) petition that was filed by the United Fishermen of Alaska on behalf of Alaska salmon fishermen and initially certified on November 6, 2003. Salmon fishermen holding permits and licenses in the State of Alaska will be eligible to apply for fiscal year 2005 benefits during a 90-day period beginning on October 15, 2004. The application period closes on January 13, 2005.

SUPPLEMENTARY INFORMATION: Upon investigation, the Administrator determined that continued increases in imports of farmed salmon contributed importantly to a decline in the average landed price of salmon in Alaska by 35.2 percent during the 2003 marketing period (January-December 2003), compared to the 1997–2001 base period. Eligible producers may request technical assistance from the Extension Service at no cost and receive an adjustment assistance payment, if certain program criteria are satisfied.

Producers of raw agricultural commodities wishing to learn more about TAA and how they may apply should contact the Department of Agriculture at the addresses provided below for General Information.

Producers Certified as Eligible for TAA, Contact: Farm Service Agency service centers.

For General Information About TAA, Contact: Jean-Louis Pajot, Coordinator, Trade Adjustment Assistance for Farmers, FAS, USDA, (202) 720–2916, email: trade.adjustment@fas.usda.gov. Dated: September 23, 2004.

ACTION: Notice.

The Administrator, Foreign Agricultural Service (FAS), today terminated a petition for trade adjustment assistance (TAA) that was filed by the Wild Blueberry Commission of Maine and initially certified on November 6, 2003. Wild blueberry producers will not be eligible for TAA benefits in fiscal year 2005.

SUPPLEMENTARY INFORMATION: Upon investigation, the Administrator determined that domestic producer prices did not decline at least 20 percent during the July 2003–June 2004 marketing year, when compared to average prices during the 5-year base period ending June 2002, a condition required for re-certifying the petition for TAA.
