### Federal Aviation Administration

[Docket No. FAA-2025-1571]

#### Notice of Rescission of FAA Order 1050.1F, Availability of FAA Order 1050.1G, Request for Comments

**AGENCY:** Department of Transportation, Federal Aviation Administration.

**ACTION:** Notice.

**SUMMARY:** The Federal Aviation Administration (FAA) is rescinding FAA Order 1050.1F, Environmental Impacts: Policies and Procedures in light of Executive Order 14154, *Unleashing American Energy*. The FAA is issuing new streamlined National Environmental Policy Act (NEPA) procedures, FAA NEPA Order 1050.1G, to align with amendments to the NEPA, 42 U.S.C. 4321 *et seq.*, and to reflect the February 25, 2025 Interim Final Rule issued by the Council on Environmental Quality (CEQ) rescinding its regulations implementing NEPA. The new procedures maintain environmental amenities and protection and reduce regulatory delays that may impede aviation safety improvements and infrastructure development as well as integration of new entrant technologies. The Order is immediately effective upon publication and applies to all FAA actions that require environmental review and commence on or after the publication of this Notice. This Order does not apply to or alter any decisions made or final environmental documents issued prior to the effective date of this Order. Order 1050.1G promotes collaboration and efficiencies in the implementation of NEPA and modernizes the procedures for environmental reviews. This update is intended to provide clear, consistent, and simplified guidance for complying with the amended directives set forth in NEPA, and to the extent applicable, CEQ guidance that remains valid following the rescission of CEQ's NEPA implementing regulations. The FAA is providing an opportunity for public review and comment of this Order, which will inform future revisions.

**DATES:** This rescission notice and the Order are immediately effective upon publication in the **Federal Register** July 3, 2025. Comments on the Order must be received not later than August 4, 2025.

This order is available at [www.regulations.gov](http://www.regulations.gov) under Docket No. FAA-2025-1571.

**ADDRESSES:** The FAA has established a docket for this action at

[www.regulations.gov](http://www.regulations.gov) under docket number FAA-2025-1571. You must submit comments, identified by Docket No. FAA-2025-1571. Comments will be posted without change to [www.regulations.gov](http://www.regulations.gov), including any personal information provided.

#### SUPPLEMENTARY INFORMATION:

### I. Introduction

#### A. Statutory Authority

The National Environmental Policy Act, as amended, 42 U.S.C. 4321 *et seq.* (NEPA), requires all Federal agencies, in consultation with the Council on Environmental Quality (CEQ), to “identify and develop methods and procedures . . . [t]o ensure that presently unquantified environmental amenities and values may be given appropriate consideration in decisionmaking along with economic and technical considerations.” 42 U.S.C. 4332(B). Further, where compliance with NEPA would not be “inconsistent with other statutory requirements,” NEPA directs all Federal agencies to develop “proposals for . . . major Federal actions significantly affecting the quality of the human environment” by developing a “detailed statement” which, among other things, analyzes the “reasonably foreseeable environmental effects” and “reasonable range of alternatives” to the proposal. 42 U.S.C. 4332(2)(C). The CEQ has previously issued regulations at 40 CFR parts 1500-1508 (CEQ regulations) implementing NEPA that were binding on Federal agencies. On February 25, 2025, CEQ issued an interim final rule to remove the existing implementing regulations consistent with Executive Order (E.O.) 14154, *Unleashing American Energy*. That rule became effective on April 11, 2025. *See Removal of Environmental Policy Act Implementing Regulations*, (90 FR 10610; Feb. 25, 2025). This action was necessitated by and consistent with Executive Order (E.O.) 14154, *Unleashing American Energy* (90 FR 8353; January 29, 2025), in which President Trump rescinded President Carter's E.O. 11991, *Relating to Protection and Enhancement of Environmental Quality* (42 FR 26967; May 24, 1977), which was the basis CEQ had invoked for its authority to make rules to begin with. The FAA's NEPA implementing procedures, which were a supplement to those CEQ regulations, thus stand in obvious need of fundamental revision. President Trump in E.O. 14154 further directed agencies
