Type of Review: Revision of a currently approved collection.

Abstract: In 2008, VBA recognized a need to develop and design an integrated, comprehensive Voice of the Veteran (VOV) measurement program for their lines of business: Compensation Service, Pension Service, Education Service, Loan Guaranty Service and Vocational Rehabilitation and Employment Service. This continuous measurement program will help VBA understand what is important to Veterans relative to VBA services and

will provide VA/VBA leadership with actionable and timely Veteran feedback on how VBA is performing against those metrics. Insights will help identify opportunities for improvement and measure the impact of improvement initiatives. This information collection request is for a tracking study for the VOV program. The results of the tracking study will allow VBA to measure the effectiveness of new initiatives and changes in the processes

identified within the VOV Tracking Study. Further, the volumes for each survey-type have been increased in order to provide regional offices with a statistically valid sample size, as approved and reviewed by VBA Leadership and statistician.
