Endangered and Threatened Wildlife and Plants; Designation of Critical Habitat for *Acanthomintia ilicifolia* (San Diego thornmint)

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Proposed rule; reopening of public comment period and revisions to proposed critical habitat boundaries.

SUMMARY: We, the U.S. Fish and Wildlife Service (Service), announce the reopening of the comment period on the proposed designation of critical habitat for *Acanthomintia ilicifolia* (San Diego thornmint) under the Endangered Species Act of 1973, as amended (Act). We are reopening the comment period because of new information we received following the close of the last public comment period on this proposed action. This new information leads us to propose revised boundaries for Subunit 1A and to update the areas we are proposing for exclusion from the final designation. The reopened comment period will provide the public; Federal, State, and local agencies; and Tribes with an additional opportunity to submit comments on the original proposed rule and the revisions proposed in this document. Comments previously submitted on the proposed critical habitat designation for *A. ilicifolia* need not be resubmitted as they have already been incorporated into the public record and will be fully considered in any final decision.

DATES: We will consider comments and information received or postmarked on or before June 12, 2008.
