SUPPLEMENTARY INFORMATION:

Title: Ocean Shipments Moving Under Export-Import Bank Financing.
OMB Control Number: 2133–0013.
Type of Request: Renewal of a Previously Approved Information Collection.

Abstract: The information collection will be used by MARAD to monitor compliance with the cargo preference laws by parties covered under PR 17 and 46 CFR part 381. In addition, MARAD will use the information to compile annual information on EXIM Bank-financed shipments, and when applicable, to provide for an informal grievance procedure, in the event there is a question or complaint pertaining to cargo preference matters.

The monthly shipping reports, with substantiating documents, will provide the only basis for MARAD to exercise its legislative responsibility to monitor EXIM Bank-financed cargoes that are transported on U.S.-flag vessels, recipient flag vessels and on third-flag vessels according to the determinations and certifications of vessel non-availability that have been granted. The compilation of the statistics from the shipping reports forms the basis for determining compliance with PR 17 for each loan participant. This information is also provided to the EXIM Bank, and is the nucleus for conducting annual reviews of the shipping activities of the EXIM Bank programs.

MARAD uses the information collected as part of the Transparency Initiative to share with the EXIM Bank. MARAD also intends to use the information to assist EXIM Bank shippers with finding suitable U.S.-flag vessels and in support of the determinations MARAD makes with respect to requests from EXIM Bank shippers for certifications of non-availability.
