Overview of This Information Collection

(1) *Type of Information Collection:* New collection.

(2) *The Title of the Form/Collection:* Survey of State Criminal Investigative Agencies on Law Enforcement Use of Force.

(3) *The agency form number, if any, and the applicable component of the Department sponsoring the collection:* No agency form number at this time. The applicable component within the Department of Justice is the Bureau of Justice Statistics, in the Office of Justice Programs.

(4) *Affected public who will be asked or required to respond, as well as a brief abstract:* Respondents will be state criminal investigative agencies (SCIAs). *Abstract:* The President's Task Force on 21st Century Policing called for law enforcement agencies to use external and independent criminal investigation of use of force incidents. In some states, the criminal investigative agency serves as the primary body that local and county law enforcement agencies use as the independent investigator. However, it is currently unknown how common this is nationwide. This survey will be administered to all state criminal investigative agencies (SCIAs) in order to determine the extent to which SCIAs are investigating use of force cases for other law enforcement agencies. SCIAs will be asked about the types of use of force incidents investigated and the jurisdictions covered within the state. The survey will also assess how SCIAs become involved in these investigations, how cases are closed, the data systems that SCIAs use to record and report on use of force investigations, and the total number of law enforcement use of force cases investigated in a three year period.

(5) *An estimate of the total number of respondents and the amount of time estimated for an average respondent to respond:* An agency-level survey will be sent to a representative at all 49 SCIAs. The expected burden placed on these

respondents is about 53 minutes per respondent.

(6) *An estimate of the total public burden (in hours) associated with the collection:* The total respondent burden is approximately 44 burden hours.

SUPPLEMENTARY INFORMATION: This ICR seeks approval under the PRA for revisions to the Certification by School Official information collection. A school official completes a Certification by School Official (Form CM-981) to verify whether a Black Lung beneficiary's dependent between the ages of 18 to 23 years qualifies as a full-time student. This information collection has been classified as a revision, because of questions added to Form CM-981 that provide clearer language on what information the school registrars need to provide, *i.e.* contact information and expected graduation date and because of formatting changes. Black Lung Benefits Act section 426 authorizes this information collection. *See* 30 U.S.C. 936.

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless it is approved by the OMB under the PRA and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid Control Number. *See* 5 CFR 1320.5(a) and 1320.6. The DOL obtains OMB approval for this information collection under Control Number 1240-0031. The current approval is scheduled to expire on July

31, 2016; however, the DOL notes that existing information collection requirements submitted to the OMB receive a month-to-month extension while they undergo review. New requirements would only take effect upon OMB approval. For additional substantive information about this ICR, see the related notice published in the **Federal Register** on January 21, 2016 (81 FR 3477).
