

of charge, during the student's entire period of enrollment following the date that such title IV, HEA program funds are deposited or transferred to the financial account, as required under § 668.164(e)(2)(v)(C). We also remind institutions that any account that falls under the definition of a T1 account may not charge fees for opening or activating the financial account or initially receiving or activating an access device, nor for overdrafts or fees assessed on point-of-sale transactions.

We request assistance from the community in evaluating the effectiveness of the proposed format, content, and update requirements. Specifically, the Secretary requests information on whether—

1. We have included all relevant fee information in the disclosures;
2. The disclosures would be inappropriate for a particular type of account;
3. Simply placing a "\$0" or "N/A" in a place where no fee is charged would suffice to convey all of the necessary information;

4. There is a preferred start date for the requirement to include the two additional fee types that generated the highest revenue from account holders during the previous 24 months;

5. Any conflict exists regarding other regulatory requirements, particularly with the proposal to allow institutions to use the CFPB disclosures described in 81 FR 83934 for this purpose;

6. Students may find the disclosures confusing or unhelpful and, if so, whether the commenter can suggest specific alternatives;

7. There are any other potential problems with including this format within the student choice menu to satisfy the requirements in § 668.164(d)(4)(i)(B)(2); or

8. Opportunities exist to further streamline the format of the template to reduce administrative burden.
