

# Rules and Regulations

Federal Register

Vol. 87, No. 207

Thursday, October 27, 2022

This section of the FEDERAL REGISTER contains regulatory documents having general applicability and legal effect, most of which are keyed to and codified in the Code of Federal Regulations, which is published under 50 titles pursuant to 44 U.S.C. 1510.

The Code of Federal Regulations is sold by the Superintendent of Documents.

## DEPARTMENT OF TRANSPORTATION

### Federal Aviation Administration

#### 14 CFR Part 71

[Docket No. FAA-2022-0436; Airspace Docket No. 22-ASW-1]

RIN 2120-AA66

#### Amendment and Establishment of Air Traffic Service (ATS) Routes; South Central United States

**AGENCY:** Federal Aviation Administration (FAA), DOT.

**ACTION:** Final rule.

**SUMMARY:** This action amends VHF Omnidirectional Range (VOR) Federal airways V-198, V-212, V-556, and V-558; amends Area Navigation (RNAV) route T-256; and establishes RNAV route T-466. The FAA is taking this action due to the planned decommissioning of the VOR portion of the Eagle Lake, TX (ELA), VOR/Distance Measuring Equipment (VOR/DME) navigational aid (NAVAID). The Eagle Lake VOR is being decommissioned in support of the FAA's VOR Minimum Operational Network (MON) program.

**DATES:** Effective date 0901 UTC, December 29, 2022. The Director of the Federal Register approves this incorporation by reference action under 1 CFR part 51, subject to the annual revision of FAA Order JO 7400.11 and publication of conforming amendments.

**ADDRESSES:** FAA Order JO 7400.11G, Airspace Designations and Reporting Points, and subsequent amendments can be viewed online at [www.faa.gov/air\\_traffic/publications/](http://www.faa.gov/air_traffic/publications/). For further information, you can contact the Rules and Regulations Group, Federal Aviation Administration, 800 Independence Avenue SW, Washington, DC 20591; telephone: (202) 267-8783.

**FOR FURTHER INFORMATION CONTACT:** Colby Abbott, Rules and Regulations Group, Office of Policy, Federal Aviation Administration, 800

Independence Avenue SW, Washington, DC 20591; telephone: (202) 267-8783.

#### SUPPLEMENTARY INFORMATION:

##### Authority for This Rulemaking

The FAA's authority to issue rules regarding aviation safety is found in Title 49 of the United States Code. Subtitle I, Section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency's authority. This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of the airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority as it modifies the route structure as necessary to preserve the safe and efficient flow of air traffic within the National Airspace System.

##### History

The FAA published a notice of proposed rulemaking for Docket No. FAA-2022-0436 in the **Federal Register** (87 FR 24905; April 27, 2022), amending VOR Federal airways V-198, V-212, V-556, and V-558; amending RNAV route T-256; and establishing RNAV route T-466. The proposed amendment and establishment actions were due to the planned decommissioning of the VOR portion of the Eagle Lake, TX, VOR/DME NAVAID. Interested parties were invited to participate in this rulemaking effort by submitting written comments on the proposal. No comments were received.

VOR Federal airways are published in paragraph 6010(a) and United States Area Navigation Routes are published in paragraph 6011 of FAA Order JO 7400.11G, dated August 19, 2022, and effective September 15, 2022, which is incorporated by reference in 14 CFR 71.1. The Air Traffic Service (ATS) routes listed in this document will be published subsequently in FAA Order JO 7400.11.

##### Availability and Summary of Documents for Incorporation by Reference

This document amends FAA Order JO 7400.11G, Airspace Designations and Reporting Points, dated August 19, 2022, and effective September 15, 2022. FAA Order JO 7400.11G is publicly

available as listed in the **ADDRESSES** section of this document. FAA Order JO 7400.11G lists Class A, B, C, D, and E airspace areas, air traffic service routes, and reporting points.

##### The Rule

This action amends 14 CFR part 71 by amending VOR Federal airways V-198, V-212, V-556, and V-558; amending RNAV route T-256; and establishing RNAV route T-466 due to the planned decommissioning of the Eagle Lake, TX, VOR. The ATS route actions are described below.

**V-198:** V-198 extends between the San Simon, AZ, VOR/Tactical Air Navigation (VORTAC) and the Eagle Lake, TX, VOR/DME; and between the Sabine Pass, TX, VOR/DME and the Craig, FL, VORTAC. The route segment between the San Antonio, TX, VORTAC and the Eagle Lake, TX, VOR/DME is removed. As amended, the airway is changed to extend between the San Simon, AZ, VORTAC and the San Antonio, TX, VORTAC; and between the Sabine Pass, TX, VOR/DME and the Craig, FL, VORTAC.

**V-212:** V-212 extends between the San Antonio, TX, VORTAC and the Mc Comb, MS, VORTAC. The airway segment between the San Antonio, TX, VORTAC and the Industry, TX, VORTAC is removed. As amended, the airway is changed to extend between the Industry, TX, VORTAC and the Mc Comb, MS, VORTAC.

**V-556:** V-556 extends between the San Angelo, TX, VORTAC and the Sabine Pass, TX, VOR/DME. The airway segment between the Stonewall, TX, VORTAC and the Scholes, TX, VOR/DME is removed. As amended, the airway is changed to extend between the San Angelo, TX, VORTAC and the Stonewall, TX, VORTAC; and between the Scholes, TX, VOR/DME and the Sabine Pass, TX, VOR/DME.

**V-558:** V-558 extends between the Llano, TX, VORTAC and the Eagle Lake, TX, VOR/DME. The airway segment between the Industry, TX, VORTAC and the Eagle Lake, TX, VOR/DME is removed. As amended, the airway is changed to extend between Llano, TX, VORTAC and the Industry, TX, VORTAC.

**T-256:** T-256 extends between the San Antonio, TX, VORTAC and the Sabine, TX, VOR/DME. The Eagle Lake, TX, VOR/DME route point is removed from the description as it is on a straight

segment of the route and does not change the route structure between the San Antonio, TX, VORTAC and the MOLLR, TX, waypoint (WP). Additionally, a RNAV route segment overlaying V-194 is added between the Sabine, TX, VOR/DME and the DAFLY, LA, WP being established near the Lafayette, LA, VORTAC. The full route description is listed in the amendments to part 71 set forth below.

**T-466:** T-466 is a new RNAV route that extends between the San Angelo, TX, VORTAC and the Sabine Pass, TX, VOR/DME. The new T-466 overlays the V-556 airway and, in part, mitigates the removal of the V-556 segment between the Stonewall, TX, VORTAC and the Scholes, TX, VOR/DME; providing RNAV routing between the San Angelo, TX, area southeastward to the Galveston, TX, area and then northeastward to the Beaumont, TX, area. The full route description is listed in the amendments to part 71 set forth below.

All NAVAID radials listed in the VOR Federal airway descriptions below are unchanged and stated in True degrees.

FAA Order JO 7400.11, Airspace Designations and Reporting Points, is published yearly and effective on September 15.

#### Regulatory Notices and Analyses

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore: (1) is not a “significant regulatory action” under Executive Order 12866; (2) is not a “significant rule” under Department of Transportation (DOT) Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule, when promulgated, will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

#### Environmental Review

The FAA has determined that this action of amending VOR Federal

airways V-198, V-212, V-556, and V-558; amending RNAV route T-256; and establishing RNAV route T-466, due to the planned decommissioning of the VOR portion of the Eagle Lake, TX, VOR/DME NAVAID, qualifies for categorical exclusion under the National Environmental Policy Act (42 U.S.C. 4321 *et seq.*) and its implementing regulations at 40 CFR part 1500, and in accordance with FAA Order 1050.1F, Environmental Impacts: Policies and Procedures, paragraph 5-6.5a, which categorically excludes from further environmental impact review rulemaking actions that designate or modify classes of airspace areas, airways, routes, and reporting points (see 14 CFR part 71, Designation of Class A, B, C, D, and E Airspace Areas; Air Traffic Service Routes; and Reporting Points) and paragraph 5-6.5i, which categorically excludes from further environmental impact review the establishment of new or revised air traffic control procedures conducted at 3,000 feet or more above ground level (AGL); procedures conducted below 3,000 feet AGL that do not cause traffic to be routinely routed over noise sensitive areas; modifications to currently approved procedures conducted below 3,000 feet AGL that do not significantly increase noise over noise sensitive areas; and increases in minimum altitudes and landing minima. As such, this action is not expected to result in any potentially significant environmental impacts. In accordance with FAA Order 1050.1F, paragraph 5-2 regarding Extraordinary Circumstances, the FAA has reviewed this action for factors and circumstances in which a normally categorically excluded action may have a significant environmental impact requiring further analysis. The FAA has determined that no extraordinary circumstances exist that warrant preparation of an environmental assessment or environmental impact study.

#### List of Subjects in 14 CFR Part 71

Airspace, Incorporation by reference, Navigation (air).

#### The Amendment

In consideration of the foregoing, the Federal Aviation Administration amends 14 CFR part 71 as follows:

##### T-256 San Antonio, TX (SAT) to DAFLY, LA [Amended]

San Antonio, TX (SAT)	VORTAC	(Lat. 29°38'38.51" N, long. 098°27'40.74" W)
MOLLR, TX	WP	(Lat. 29°39'20.23" N, long. 095°16'35.83" W)
Sabine Pass, TX (SBI)	VOR/DME	(Lat. 29°41'12.19" N, long. 094°02'16.72" W)
DAFLY, LA	WP	(Lat. 30°11'37.70" N, long. 091°59'33.94" W)

\* \* \* \* \*

##### T-466 San Angelo, TX (SJT) to Sabine Pass, TX (SBI) [New]

#### PART 71—DESIGNATION OF CLASS A, B, C, D, AND E AIRSPACE AREAS; AIR TRAFFIC SERVICE ROUTES; AND REPORTING POINTS

■ 1. The authority citation for 14 CFR part 71 continues to read as follows:

**Authority:** 49 U.S.C. 106(f), 106(g); 40103, 40113, 40120; E.O. 10854, 24 FR 9565, 3 CFR, 1959–1963 Comp., p. 389.

##### § 71.1 [Amended]

■ 2. The incorporation by reference in 14 CFR 71.1 of FAA Order JO 7400.11G, Airspace Designations and Reporting Points, dated August 19, 2022, and effective September 15, 2022, is amended as follows:

*Paragraph 6010(a) Domestic VOR Federal Airways.*

\* \* \* \* \*

##### V-198 [Amended]

From San Simon, AZ; Columbus, NM; El Paso, TX; 6 miles wide INT El Paso 109° and Hudspeth, TX, 287° radials; 6 miles wide Hudspeth; 29 miles, 38 miles 82 MSL INT Hudspeth 109° and Fort Stockton, TX, 284° radials; 18 miles 82 MSL Fort Stockton; 20 miles, 116 miles 55 MSL Junction, TX; to San Antonio, TX. From Sabine Pass, TX; White Lake, LA; Tibby, LA; Harvey, LA; 69 miles, 33 miles 25 MSL Brookley, AL; INT Brookley 056° and Crestview, FL, 266° radials; Crestview; Marianna, FL; Seminole, FL; Greenville, FL; Taylor, FL; INT Taylor 093° and Craig, FL, 287° radials; to Craig.

## DEPARTMENT OF HOMELAND SECURITY

### Coast Guard

#### 33 CFR Part 165

[Docket Number USCG–2022–0852]

RIN 1625–AA00

#### Safety Zone; Monongahela River Mile Marker 22–22.86, Elizabeth, PA

**AGENCY:** Coast Guard, DHS.

**ACTION:** Temporary final rule.

**SUMMARY:** The Coast Guard is establishing a temporary safety zone for navigable waters of the Monongahela River Mile Marker 22–22.86 on October 27, 2022 and October 28, 2022 from 5 p.m. through 8 a.m. each day. The safety zone is needed to protect personnel, vessels, and the marine environment from potential hazards created by filming on a barge. Entry of vessels or persons into this zone is prohibited unless specifically authorized by the Captain of the Port Pittsburgh.

**DATES:** This rule is effective from 5 p.m. on October 27, 2022, through 8 a.m. on October 29, 2022.

**ADDRESSES:** To view documents mentioned in this preamble as being available in the docket, go to <https://www.regulations.gov>, type USCG–2022–0852 in the search box and click “Search.” Next, in the Document Type column, select “Supporting & Related Material.”

**FOR FURTHER INFORMATION CONTACT:** If you have questions on this rule, call or email MST1 Onnalee Blackledge, Marine Safety Unit Pittsburgh, U.S. Coast Guard, at telephone 412–221–0807, email [Onnalee.A.Blackledge@uscg.mil](mailto:Onnalee.A.Blackledge@uscg.mil).

#### SUPPLEMENTARY INFORMATION:

#### I. Table of Abbreviations

CFR Code of Federal Regulations

DHS Department of Homeland Security  
FR Federal Register  
NPRM Notice of proposed rulemaking  
§ Section  
U.S.C. United States Code

#### II. Background Information and Regulatory History

The Coast Guard is issuing this temporary rule without prior notice and opportunity to comment pursuant to authority under section 4(a) of the Administrative Procedure Act (APA) (5 U.S.C. 553(b)). This provision authorizes an agency to issue a rule without prior notice and opportunity to comment when the agency for good cause finds that those procedures are “impracticable, unnecessary, or contrary to the public interest.” Under 5 U.S.C. 553(b)(B), the Coast Guard finds that good cause exists for not publishing a notice of proposed rulemaking (NPRM) with respect to this rule because this safety zone must be established by October 27, 2022 and we lack sufficient time to provide a reasonable comment period and then consider those comments before issuing this rule. The NPRM process would delay the establishment of the safety zone until after the date of the filming on the barge.

Under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making this rule effective less than 30 days after publication in the **Federal Register**. Delaying the effective date of this rule would be impracticable because action is needed on October 27, 2022 to ensure the safety of the filming on the barge.

#### III. Legal Authority and Need for Rule

The Coast Guard is issuing this rule under authority in 46 U.S.C. 70034 (previously 33 U.S.C. 1231). The Captain of the Port Pittsburgh (COTP) has determined that potential hazards associated with filming on the barge October 27, 2022 through October 29, 2022. This rule is needed to protect personnel, vessels, and the marine environment in the navigable waters within the safety zone while the filming is being conducted.

#### IV. Discussion of the Rule

This rule establishes a safety zone from 5 p.m. on October 27, 2022 through 8 a.m. on October 29, 2022. It

is subject to enforcement from 5 p.m. on October 27, 2022 through 8 a.m. on October 28, 2022 and from 5 p.m. on October 28, 2022 through 8 a.m. on October 29, 2022. The safety zone will cover all navigable waters on the Monongahela River mile marker 22–22.86 while filming is being conducted. The duration of the zone is intended to protect personnel, vessels, and the marine environment in these navigable waters while the filming is being conducted. No vessel or person will be permitted to enter the safety zone without obtaining permission from the COTP or a designated representative.

#### V. Regulatory Analyses

We developed this rule after considering numerous statutes and Executive orders related to rulemaking. Below we summarize our analyses based on a number of these statutes and Executive orders, and we discuss First Amendment rights of protestors.

##### A. Regulatory Planning and Review

Executive Orders 12866 and 13563 direct agencies to assess the costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits. This rule has not been designated a “significant regulatory action,” under Executive Order 12866. Accordingly, this rule has not been reviewed by the Office of Management and Budget (OMB).

This regulatory action determination is based on size, location, and duration of the temporary safety zone. This safety zone impacts only a mile stretch of the Monongahela River for thirteen hours both days. Vessel traffic will be informed about the safety zone through local notices to mariners. Moreover, the Coast Guard will issue Local Notice to Mariners and Broadcast Notice to Mariners via VHF–FM marine channel 16 about the zone and the rule allows vessels to seek permission from the COTP to transit the zone.

##### B. Impact on Small Entities

The Regulatory Flexibility Act of 1980, 5 U.S.C. 601–612, as amended, requires Federal agencies to consider the potential impact of regulations on
