

2007 Supplement to Appendix C, Amendment 706).

In order to remedy this anomaly, this amendment modifies the Drug Equivalency Tables to provide that 1 gram of cocaine base equals 20 kilograms of marihuana, as it did prior to Amendment 706, and amends Application Note 10(D) to provide that the combined offense level for an offense involving cocaine base and one or more other controlled substance is determined initially in the same manner as for other polydrug cases under Application Note 10(B). In order to effectuate the two-level reduction intended by Amendment 706, this amendment further provides that the resulting combined offense level is reduced by two levels. However, the amendment provides three exclusions to application of the two-level reduction. First, the two-level reduction does not apply if the offense involved 4.5 kilograms or more of cocaine base because the offense levels for such offenses were unaffected by Amendment 706. Second, the two-level reduction does not apply if the offense involved less than 250 milligrams of cocaine base in order to ensure that the offense level does not reduce below level 12, the minimum offense level in the Drug Quantity Table for offenses involving cocaine base. Third, the two-level reduction does not apply if it would result in a combined offense level that is less than the combined offense level that would apply if the offense involved only the other controlled substance(s) (*i.e.*, the controlled substance(s) other than cocaine base). This third exclusion ensures that offenses involving controlled substances other than cocaine base do not receive a lower offense level than they otherwise would receive merely because cocaine base also is involved in the offense.

2. *Amendment:* Section 1B1.10 is amended in subsection (c) by striking “and”; and by inserting “, and 715” before the period.

Reason for Amendment: This amendment expands the listing in § 1B1.10(c) (Reduction in Term of Imprisonment as a Result of Amended Guideline Range (Policy Statement)) to include Amendment 715 as an amendment that may be applied retroactively pursuant to 28 U.S.C. 994(u). The Commission determined for the same reasons accompanying Amendment 713 that Amendment 715 also should be applied retroactively. (See USSC, *Guidelines Manual*,

Supplement to the 2007 Supplement to Appendix C, Amendment 713).
