

requirements of applicable statutes and regulations.

#### IV. Comments

This draft guidance document is being distributed for comment purposes only and is not intended for implementation at this time. Interested persons may submit written or electronic comments regarding this draft guidance document. Written or electronic comments should be submitted to the Dockets Management Branch (see **ADDRESSES**). Submit written or electronic comments by October 4, 2002 to ensure adequate consideration in preparation of the final guidance. Two copies of any comments are to be submitted, except that individuals may submit one copy. Comments are to be identified with the docket number found in brackets in the heading of this document. A copy of the draft guidance document and received comments are available for public examination in the Dockets Management Branch between 9 a.m. and 4 p.m., Monday through Friday.

#### V. Electronic Access

Electronic comments may be submitted on the Internet at <http://www.fda.gov/dockets/ecomments>. On the Internet site, select "[insert docket number] 'Studies to Evaluate the Safety of Residues of Veterinary Drugs in Human Food: Developmental Toxicity Testing'" (VICH GL32) and follow the directions.

Copies of the draft guidance entitled "Studies to Evaluate the Safety of

Residues of Veterinary Drugs in Human Food: Developmental Toxicity Testing" (VICH GL32) may be obtained on the Internet from the CVM homepage at <http://www.fda.gov/cvm>.

Dated: August 27, 2002.

## DEPARTMENT OF HEALTH AND HUMAN SERVICES

### National Institutes of Health

#### Proposed Collection; Comment Request; an Evaluation of the National Institute Science Enrichment Program (SEP) Parent Survey

**SUMMARY:** In compliance with the requirement of Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995, for opportunity for public comment on proposed data collection projects, the National Cancer Institute (NCI), the National Institutes of Health (NIH) will published periodic summaries of proposed projects to be submitted to the Office of Management and Budget (OMB) for review and approval.

*Proposed collection: Title:* An Evaluation of the NCI Science Enrichment Program (SEP) Parent Survey. *Type of Information Collection Request:* Extension of OMB No. 0925-0473, Expiration Date: 09/30/2002. *Need and Use of Information Collection:* This

survey is one component of a larger evaluation that will assess the effectiveness of the NCI SEP in making progress toward its goals of: (1) Encouraging under-represented minority and under-served students who have just completed ninth grade to select careers in science, mathematics, and/or research, and (2) broadening and enriching students' science, research, and sociocultural backgrounds. The program is a 5 to 6-week residential program taking place on two university campuses—University of Kentucky, Lexington and San Diego State University. The 5-year evaluation is designed as a controlled, longitudinal study, consisting of the five SEP cohorts and three cohorts of control group students who do not attend the program. The evaluation will provide NCI with valuable information regarding specific components that promote or limit the program's effectiveness, the extent to which the program has been implemented as planned, how much the two regional programs vary, and how the program can be improved or made more effective. NCI will use this information to make decisions regarding continuation and expansion of the program. *Frequency of Response:* Annually. *Affected Public:* Individuals or households and Federal Governments. *Type of Respondents:* Parents of high school students participating in the program. The total annualized cost to respondents is \$200.00. The annual reporting burden is as follows:

#### A.12-1.—ESTIMATE OF HOUR BURDEN: PARENT SURVEY

Type of respondents	Average number of respondents/Yr.	Frequency of response	Average time per response	Average annual hour burden
Parents of SEP Students .....	120	1	0.167	20
Total .....	120	.....	.....	20

There are no Capital Costs, Operating Costs, and/or Maintenance Costs to report.

*Request for Comments:* Written comments and/or suggestions from the public and affected agencies are invited on one or more of the following points: (1) Whether the proposed collection of information is necessary for the proper performance of the function of the agency, including whether the information will have practical utility; (2) The accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (3) Ways to enhance

the quality, utility, and clarity of the information to be collected; and (4) Ways to minimize the burden of the collection of information on those who are to respond, including the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

**FOR FURTHER INFORMATION CONTACT:** To request more information on the proposed project or to obtain a copy of the data collection plans and instruments, contact Mr. Frank Jackson, Office of Special Populations Research, National Cancer Institute, National Institutes of Health, 6116 Executive

Boulevard, Room 602, Rockville, MD 20852, or call non-toll-free number (301) 496-8680, or e-mail your request, including your address to: [fj12i@nih.gov](mailto:fj12i@nih.gov).

*Comments Due Date:* Comments regarding this information collection are best assured of having their full effect if received within 60 days of this publication.

Dated: August 27, 2002.
