

DEPARTMENT OF TRANSPORTATION**Federal Railroad Administration****[Docket Number FRA–2023–0043]****Petition for Waiver of Compliance**

Under part 211 of title 49 Code of Federal Regulations (CFR), this document provides the public notice that on May 23, 2023, Cedar Rapids and Iowa City Railway (CIC), jointly with SMART–TD, BMWED, and International Association of Machinists Harmony Lodge No. 381, and CIC Yard Managers and Clerks (unaffiliated) (Petitioners), petitioned the Federal Railroad Administration (FRA) for a waiver of compliance from certain provisions of the Federal railroad safety regulations contained at 49 CFR part 240 (Qualification and Certification of Locomotive Engineers) and part 242 (Qualification and Certification of Conductors). FRA assigned the petition Docket Number FRA–2023–0043.

Specifically, Petitioners request relief required to participate in FRA's Confidential Close Call Reporting System (C³RS) Program. Petitioners seek to shield reporting employees and CIC from mandatory punitive sanctions that would otherwise arise as provided in §§ 240.117(e)(1)–(4); 240.305(a)(1)–(4) and (a)(6); 240.307; 242.403(b), (c), (e)(1)–(4), (e)(6)–(11), (f)(1)–(2); and 242.407. The C³RS Program encourages certified operating crew members to report close calls and protects the employees and the railroad from discipline or sanctions arising from the incidents reported per the C³RS Implementing Memorandum of Understanding.

A copy of the petition, as well as any written communications concerning the petition, is available for review online at www.regulations.gov.

Interested parties are invited to participate in these proceedings by submitting written views, data, or comments. FRA does not anticipate scheduling a public hearing in connection with these proceedings since the facts do not appear to warrant a hearing. If any interested parties desire an opportunity for oral comment and a public hearing, they should notify FRA, in writing, before the end of the comment period and specify the basis for their request.

All communications concerning these proceedings should identify the appropriate docket number and may be submitted at <http://www.regulations.gov>. Follow the online instructions for submitting comments.

Communications received by August 15, 2023 will be considered by FRA

before final action is taken. Comments received after that date will be considered if practicable.

Anyone can search the electronic form of any written communications and comments received into any of our dockets by the name of the individual submitting the comment (or signing the document, if submitted on behalf of an association, business, labor union, etc.). Under 5 U.S.C. 553(c), DOT solicits comments from the public to better inform its processes. DOT posts these comments, without edit, including any personal information the commenter provides, to www.regulations.gov, as described in the system of records notice (DOT/ALL–14 FDMS), which can be reviewed at <https://www.transportation.gov/privacy>. See also <https://www.regulations.gov/privacy-notice> for the privacy notice of www.regulations.gov.

Issued in Washington, DC.

You may review DOT's Privacy Act Statement for the Federal Docket Management System published in the **Federal Register** (73 FR 3316) or visit <https://edocket.access.gpo.gov/2008/pdf/E8-785.pdf>.

FOR FURTHER INFORMATION CONTACT: Maria Roell, Transportation Program Analyst, Office of Research, Demonstration, and Innovation (TRI) via email: maria.roell@dot.gov, or phone (202) 366–9214. Individuals with disabilities requesting reasonable accommodations or special assistance to participate in the virtual meeting should contact Maria Roell no later than June 21, 2023.

SUPPLEMENTARY INFORMATION:**I. Background**

In October 2020, the FTA awarded two Bus Operator Compartment (BCP)

Program grants totaling \$1,600,000 to the International Transportation Learning Center (ITLC) and the New Orleans Regional Transit Authority (NORTA) to redesign a transit bus compartment to improve safety for operators. As the initial piece of this program comes to a close, FTA is interested in hearing from stakeholders on the outcomes of that research and both the short-term and long-term strategies for designing buses of the future.

II. Meeting Participation

This meeting is open to the public. However, FTA particularly invites participation from:

- Labor Unions;
- Disability Community;
- Academia and Researchers;
- Transit Vehicle Manufacturers and Component Manufacturers;
- Standard Development Organizations;
- Professional Associations; and
- Recipients of FTA Funding

Read-ahead materials, including questions for consideration, are available at <https://www.transit.dot.gov/research-innovation/redesign-transit-bus-operator-compartment-improve-safety-operational-efficiency>. Although FTA will engage with virtual attendees during the meeting, FTA recommends that stakeholders submit comments to the docket for consideration. The meeting will be live-captioned and recorded and made available after the webinar on the web page noted above.

This listening session will help FTA gather broad stakeholder input on key issues, including operator safety, passenger safety, accessibility, bus component safety, reduction of bus customization, and emerging technologies related to transit vehicles.

III. Docket Information

FTA requests that anyone who cannot participate in this online listening session submit written comments to the docket as soon as practicable. In addition, FTA will place any written materials it receives during the meeting in the docket.

Authority: 49 U.S.C. 5312.

Nuria I. Fernandez,
Administrator.
