

techniques or other forms of information technology should be addressed to: Desk Officer for Agriculture, Office of Information and Regulatory Affairs, Office of Management and Budget (OMB), oir_submission@omb.eop.gov or fax (202) 395-5806 and to Departmental Clearance Office, USDA, OCIO, Mail Stop 7602, Washington, DC 20250-7602. Comments regarding these information collections are best assured of having their full effect if received within 30 days of this notification. Copies of the submission(s) may be obtained by calling (202) 720-8958.

An agency may not conduct or sponsor a collection of information unless the collection of information displays a currently valid OMB control number and the agency informs potential persons who are to respond to the collection of information that such persons are not required to respond to the collection of information unless it displays a currently valid OMB control number.

Agricultural Research Service

Title: Food Stamp Nutrition Connection Resource Sharing Form.

OMB Control Number: 0518-0031.

Summary of Collection: The voluntary "Sharing Form" gives Food Stamp nutrition education providers the opportunity to share information about resources that they have developed or used. Data collected using this form helps the Food and Nutrition Information Center (FNIC) identify existing nutrition education and training resources for review and inclusion into the Food Stamp Nutrition Connection's Resource Finder Database. State and local FSNE providers can use this database to identify and acquire existing, available nutrition education materials.

Need and Use of the Information: FSNE staff members will use the collected information by the Resource Sharing Form to build and constantly enhance the online database of nutrition education and training materials known as the Resource Finder Database. FSNE providers access and use the database to identify and obtain curricula, lesson plan, research, training tools and participant materials. The information will be collected using online and printed versions of the form. Failure to collect this information would significantly inhibit FNIC's ability to provide up-to-date information on existing nutrition education materials that are appropriate for FSNE programs and providers.

Description of Respondents: Not-for-profit institutions; Federal Government;

State, Local or Tribal Government; Business or other for-profit.

Number of Respondents: 50.

Frequency of Responses: Reporting: On occasion.

Total Burden Hours: 16.

Agricultural Research Service

Title: Evaluation of User Satisfaction with NAL Internet Sites.

OMB Control Number: 0518-0040.

Summary of Collection: There is a need to measure user satisfaction with the National Agricultural Library (NAL) Internet sites in order for NAL to comply with Executive Order 12862, which directs federal agencies that provide significant services directly to the public to survey customers to determine the kind and quality of services they want and their level of satisfaction with existing services. NAL Internet sites are a vast collection of Web pages created and maintained by component organizations of NAL, and are visited by 4.6 million people per month on average. The information generated from this research will enable NAL to evaluate the success of this new modality in response to fulfilling its legislative mandate to disseminate vital agricultural information and truly become the national digital library of agriculture.

Need and Use of the Information: The purpose of the research is to ensure that intended audiences find the information provided on the Internet sites easy to access, clear, informative, and useful. The research will provide a means by which to classify visitors to the NAL Internet sites, to better understand how to serve them. If the information is not collected, NAL will be hindered from advancing its mandate to provide accurate, timely information to its users community.

Description of Respondents: Individuals or households; Business or other for-profit; Not-for-profit institutions; Farms; Federal Government; State, Local or Tribal Government.

Number of Respondents: 12,000.

Frequency of Responses: Reporting: Monthly.

Total Burden Hours: 1,003.

DEPARTMENT OF AGRICULTURE

Submission for OMB Review; Comment Request

January 23, 2008.

The Department of Agriculture has submitted the following information collection requirement(s) to OMB for review and clearance under the Paperwork Reduction Act of 1995, Public Law 104-13. Comments regarding (a) whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of burden including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility and clarity of the information to be collected; (d) ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology should be addressed to: Desk Officer for Agriculture, Office of Information and Regulatory Affairs, Office of Management and Budget (OMB), oir_submission@omb.eop.gov or fax (202) 395-5806 and to Departmental Clearance Office, USDA, OCIO, Mail Stop 7602, Washington, DC 20250-7602. Comments regarding these information collections are best assured of having their full effect if received within 30 days of this notification. Copies of the submission(s) may be obtained by calling (202) 720-8958.

An agency may not conduct or sponsor a collection of information unless the collection of information displays a currently valid OMB control number and the agency informs potential persons who are to respond to the collection of information that such persons are not required to respond to the collection of information unless it displays a currently valid OMB control number.

Animal Plant and Health Inspection Service

Title: Swine Health Protection.

OMB Control Number: 0579-0065.

Summary of Collection: Title 7, U.S.C. 8301, The Animal Health Protection Act, authorizes the Secretary to prevent, control and eliminate domestic diseases, as well as, to take actions to prevent and manage exotic diseases such as hog cholera, foot-and-mouth disease, and other foreign diseases. Veterinary Services, a program with the Animal and Plant Health Inspection Service

(APHIS), is responsible for administering regulations intended to prevent the dissemination of animal diseases within the United States. Garbage is one of the primary media through which numerous infections or communicable diseases of swine are transmitted. Because of the serious threat to the U.S. swine industry, Congress passed Public Law 96-468 "Swine Health Protection Act" on October 17, 1980. This law requires USDA to ensure that all garbage is treated prior to its being fed to swine that are intended for interstate or foreign commerce or that substantially affect such commerce. The Act and the regulations will allow only operators of garbage treatment facilities, which meet certain specification to utilize garbage for swine feeding. APHIS will use various forms to collect information.

Need and Use of the Information: APHIS collects information from persons desiring to obtain a permit (license) to operate a facility to treat garbage. Prior to issuance of a license, an inspection will be made of the facility by an authorized representative to determine if it meets all requirements of the regulations. Periodic inspections will be made to determine if licenses are meeting the standards for operation of their approved facilities. Upon receipt of the information from the Public Health Officials, the information is used by Federal or State animal health personnel to determine whether the waste collector is feeding garbage to swine, whether it is being treated, and whether the feeder is licensed or needs to be licensed.

Description of Respondents: Business or other for profit.

Number of Respondents: 2,804.

Frequency of Responses:

Recordkeeping; Reporting: On occasion.

Total Burden Hours: 10,538.

Animal and Plant Health Inspection Service

Title: CWD in Cervids; Payment of Indemnity.

OMB Control Number: 0579-0189.

Summary of Collection: Title 7, U.S.C. 8301, Animal Health Protection Act, authorizes the Secretary of Agriculture to promulgate regulations and take measures to prevent the introduction into the United States and the interstate dissemination with the United States of communicable diseases of livestock and poultry, and to pay claims growing out of the destruction of animals. Disease prevention is the most effective method for maintaining a healthy animal population and enhancing the Animal and Plant Health Inspection Service (APHIS) ability to complete in exporting

animals and animal products. Chronic wasting disease (CWD) is a transmissible spongiform encephalopathy (TSE) of elk, deer and moose typified by chronic weight loss leading to death. The presence of CWD disease in cervids causes significant economic and market losses to U.S. producers. APHIS will collect information using VS Form 1-23, Appraisal & Indemnity Claim form.

Need and Use of the Information: APHIS will collect the owner's name and address, the number of animals for which the owner is seeking payment, and the appraised value of each animal. The owner must also certify as to whether the animals are subject to a mortgage. If there is a mortgage the form must be signed by the owner and each person holding a mortgage. Failure to collect this information would make it impossible for APHIS to effectively sustain their program to accelerate the eradication of CWD from the United States.

Description of Respondents: Business Or Other For-Profit.

Number of Respondents: 10.

Frequency of Responses: Reporting: On Occasion.

Total Burden Hours: 10.

Animal and Plant Health Inspection Service

[Docket No. APHIS-2007-0159]

Notice of Request for Extension of Approval of an Information Collection; Gypsy Moth Identification Worksheet

AGENCY: Animal and Plant Health Inspection Service, USDA.

ACTION: Extension of approval of an information collection; comment request.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, this notice announces the Animal and Plant Health Inspection Service's intention to request an extension of approval of an information collection associated with the gypsy moth program.

DATES: We will consider all comments that we receive on or before March 31, 2008.

ADDRESSES: You may submit comments by either of the following methods:

- **Federal eRulemaking Portal:** Go to <http://www.regulations.gov/fdmspublic/>

component/

main?main=DocketDetail&d=APHIS-2007-0159 to submit or view comments and to view supporting and related materials available electronically.

- **Postal Mail/Commercial Delivery:**

Please send two copies of your comment to Docket No. APHIS-2007-0159, Regulatory Analysis and Development, PPD, APHIS, Station 3A-03.8, 4700 River Road, Unit 118, Riverdale, MD 20737-1238. Please state that your comment refers to Docket No. APHIS-2007-0159.

Reading Room: You may read any comments that we receive on this docket in our reading room. The reading room is located in Room 1141 of the USDA South Building, 14th Street and Independence Avenue, SW., Washington, DC. Normal reading room hours are 8 a.m. to 4:30 p.m., Monday through Friday, except holidays. To be sure someone is there to help you, please call (202) 690-2817 before coming.

Other Information: Additional information about APHIS and its programs is available on the Internet at <http://www.aphis.usda.gov>.

FOR FURTHER INFORMATION CONTACT: For information on the gypsy moth program, contact Dr. Weyman Fussell, Program Manager, Invasive Species and Pest Management, PPQ, APHIS, 4700 River Road Unit 134, Riverdale, MD 20737-1231; (301) 734-5705. For copies of more detailed information on the information collection, contact Mrs. Celeste Sickles, APHIS* Information Collection Coordinator, at (301) 734-7477.

SUPPLEMENTARY INFORMATION:

Title: Gypsy Moth Identification Worksheet.

OMB Number: 0579-0104.

Type of Request: Extension of approval of an information collection.

Abstract: Under the Plant Protection Act (7 U.S.C. 7701 *et seq.*), the United States Department of Agriculture (USDA) has authority for the control and eradication of plant pests. The Animal and Plant Health Inspection Service (APHIS), USDA, has delegated authority to carry out this mission.

As part of the mission, Plant Protection and Quarantine (PPQ), APHIS, engages in detection surveys to monitor for the presence of, among other things, the European gypsy moth and the Asian gypsy moth. The European gypsy moth was introduced into the United States in the 1860's and has been damaging woodland areas in the Northeast for more than the last 100 years. The Asian gypsy moth, which is not established in this country, is
