## DEPARTMENT OF JUSTICE

### Notice of Intent To Establish an Advisory Committee

**AGENCY:** U.S. Department of Justice (“DOJ”).

**ACTION:** Notice of intent to establish an advisory committee.

**SUMMARY:** The DOJ announces its intent to establish the Anti-Semitism Advisory Committee (“ASAC”). The Attorney General has determined that establishing the ASAC is necessary and in the public interest.

**DATES:** The ASAC will operate for two years after the filing date of its charter, which will meet the 15-day publication requirement of the **Federal Register** and may be renewed in accordance with the Federal Advisory Committee Act.

**FOR FURTHER INFORMATION CONTACT:**

Mary Margaret Bush, Designated Federal Officer, Office of the Associate Attorney General, (202) 297-3196 or [ASAC.FACA@usdoj.gov](mailto:ASAC.FACA@usdoj.gov).

**SUPPLEMENTARY INFORMATION:** This notice announces the establishment of the ASAC as a Federal Advisory Committee in accordance with the Federal Advisory Committee Act (Pub. L. 92-463, 5 U.S.C. 1001 *et seq.*). The ASAC will provide advice and recommendations to the Attorney General and the Department of Justice on efforts to combat anti-Semitism across the United States and promote coordinated, timely, and effective responses to anti-Semitism.

The ASAC’s work will support the United States’ policy “to combat anti-Semitism vigorously, using all available and appropriate legal tools,” consistent with Executive Orders 13899 and 14188, and further the DOJ’s mission to uphold the rule of law, ensure public safety, and protect civil rights.

The ASAC will advise on matters including:

- Protection of Jewish students, faculty, and staff in educational institutions;

- Security of Jewish houses of worship and community centers;
- Prevention of anti-Semitic violence and harassment;
- Support for victims and affected communities;
- Rapid and coordinated responses following anti-Semitic incidents;
- Coordination among federal, state, and local law enforcement;
- Public awareness initiatives; and
- Interagency efforts to address anti-Semitism across various sectors.

The Attorney General shall serve as the ex-officio Chair of the ASAC and shall appoint a Vice Chair or Vice Chairs. The Committee shall be composed of up to fifteen (15) members appointed by the Attorney General and shall serve at the pleasure of the Attorney General. Members appointed to the ASAC shall serve two-year terms. If the term of the ASAC is extended by the Attorney General beyond two years, members may be eligible for reappointment for another two-year term. Members may continue to serve after the expiration of their terms until the appointment of a successor. The ASAC will meet approximately once a quarter, or as needed and approved by the DFO. In coordination with the DFO, the Department may establish subcommittees, task forces, or working groups, as needed, to support the ASAC’s work. All subcommittees report to the ASAC, not the Attorney General, in accordance with 41 CFR 102-3.35(b). The DOJ shall provide all necessary services for the ASAC, including financial and administrative support. The ASAC will be supported by the Office of the Associate Attorney General (“OASG”).

Members will serve without compensation, but travel expenses may be allowed, subject to approval of the Designated Federal Officer (“DFO”), including per diem in lieu of subsistence, in accordance with the Federal Travel Regulations and Department policy. The estimated annual costs of operating the ASAC are expected to be \$70,000.

Additionally, it is estimated that the equivalent of one (1) full-time government employee will be used to support the ASAC. In accordance with 5 U.S.C. 1009(e) and 41 CFR 102-3.120, the Attorney General will appoint a full-time federal employee to serve as the DFO, who will ensure compliance with all applicable laws and maintain a public-facing website for the ASAC.

The **Federal Register** notice will be published at least 15 days prior to the charter’s filing with Congress. This notice is provided in accordance with the Federal Advisory Committee Act.

Dated: August 13, 2025.

- *Privacy Note:* The Department of Justice general policy is to make all comments received from members of the public available for public viewing in their entirety on the Federal eRulemaking Portal at <http://www.regulations.gov>. Therefore, commenters should be careful to include in their comments only information that they wish to make publicly available.

**SUPPLEMENTARY INFORMATION:** From his first day in office, President Trump and his Administration have prioritized eliminating the “crushing regulatory burden” that has “made necessary goods and services scarce.” Memorandum on Delivering Emergency Price Relief for American Families and Defeating the Cost-of-Living Crisis, 90 FR 8245 (Jan. 20, 2025). Deregulatory efforts will boost the American economy, relieve Americans of undue

burdens, and make America affordable and energy dominant again. President Trump issued multiple Executive Orders to advance his deregulatory agenda and requiring the Executive Branch to put that policy into action. On January 31, 2025, President Trump signed Executive Order 14192 (“Unleashing Prosperity Through Deregulation”), 90 FR 9065 (Jan. 31, 2025), declaring “the policy of the executive branch” to be that Federal agencies should “alleviate unnecessary regulatory burdens placed on the American people.”

Consistent with this policy, on February 19, 2025, President Trump signed Executive Order 14219 (“Ensuring Lawful Governance and Implementing the President’s ‘Department of Government Efficiency’ Deregulatory Initiative”), 90 FR 10583 (Feb. 19, 2025), directing agencies to “initiate a process to review all regulations” and identify regulations that, among other things, “impose undue burdens on small businesses and impede private enterprise and entrepreneurship.” He also signed Executive Orders aimed at unleashing American Energy, E.O. 14270, 90 FR 15643 (Apr. 9, 2025) (“Zero-Based Regulatory Budgeting to Unleash American Energy”), rolling back Obama-era regulations micro-managing Americans’ showers, E.O. 14264, 90 FR 15619 (Apr. 9, 2025) (“Maintaining Acceptable Water Pressure in Showerheads”), and tackling anti-competitive rules, E.O. 14267, 90 FR 15629 (“Reducing Anti-Competitive Regulatory Barriers”) (Apr. 9, 2025).

However, Federal regulatory burdens are only part of the story. As President Trump also recognized, in Executive Order 14260 (“Protecting American Energy from State Overreach”), 90 FR 15513 (Apr. 8, 2025), State-level practices can drive up nationwide costs and undermine American safety and “undermine Federalism by projecting the regulatory preferences of a few States into all States.” Anecdotal evidence and the experience of countless Americans across the country strongly suggest that State laws and regulations can significantly burden commerce in other States and between States, thus raising costs unnecessarily and harming markets nationwide.

### Request for Information

The Department of Justice is publishing this Request for Information (“RFI”) on behalf of the Administration as a whole. Accordingly, comments may address matters within the purview of any Executive Branch agency.

The public is invited to provide input to aid the Administration’s efforts as set forth in the above-cited Executive Orders and elsewhere to alleviate unnecessary regulatory burdens and costs imposed on the American people.

This RFI seeks information pertaining to State laws, regulations, causes of action, policies, and practices (collectively, State laws) that adversely affect interstate commerce and business activities in other States.

In particular, comments are invited on:

- Which State laws significantly burden commerce in other States and between States, thus raising costs unnecessarily and harming markets nationwide.
- Whether the laws identified may be preempted by existing Federal authority and, if so, what authority.
- Whether there may be Federal legislative or regulatory means for addressing the State laws identified or the burdens they cause.
- Which Federal agency has the subject-matter expertise to address concerns lawfully within the Federal government’s authority.

Several other initiatives are currently underway to identify *Federal* regulations for possible streamlining. Commenters interested in identifying problematic *Federal* regulations may visit <https://www.regulations.gov>, which has a “Submit Your Deregulatory Recommendations” section on its homepage.

Dated: August 13, 2025.
