SUPPLEMENTARY INFORMATION:

I. Background

MRB

The Medical Review Board (MRB) is comprised of five medical experts who serve staggered, 2-year terms. The U.S. Secretary of Transportation announced those currently serving on the MRB on November 2, 2010, and June 13, 2012. Section 4116 of the Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users (SAFETEA-LU), [Pub. L. 109-59, 119 Stat. 1144, Aug. 10, 2005] requires the Secretary of Transportation, with the advice of the MRB and the chief medical examiner, to establish, review, and revise "medical standards for operators of commercial motor vehicles that will ensure that the physical condition of operators of commercial motor vehicles is adequate to enable them to operate the vehicles safely."

The MRB operates in accordance with the Federal Advisory Committee Act (FACA) as announced in the **Federal Register** (70 FR 57642, October 3, 2005). The MRB is charged initially with the review of all current FMCSA medical standards (49 CFR 391.41), as well as proposing new science-based standards and guidelines to ensure that drivers operating commercial motor vehicles (CMVs) in interstate commerce, as defined in 49 CFR 390.5, are physically capable of doing so.

II. Meeting Participation
