

previously reviewed or investigated companies that have separate rates, the cash deposit rate will continue to be the company-specific rate published for the most recent period; (2) the cash deposit rate for all other PRC exporters will be 128.94 percent; and (3) the cash deposit rate for non-PRC exporters will be the rate applicable to the PRC exporter that supplied that exporter.

These deposit requirements shall remain in effect until publication of the final results of the next administrative review.

Assessment

The Department will determine, and the U.S. Bureau of Customs and Border Protection (BCBP) will assess, antidumping duties on all entries of subject merchandise in accordance with these final results. The Department will issue the appropriate assessment instructions directly to the BCBP within 15 days of publication of these final results of review. The Department will direct the BCBP to assess the resulting assessment rate against the entered customs values of the subject merchandise on each of the entries during the review period.

Reimbursement of Duties

This notice also serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

Administrative Protective Orders

This notice also serves as the only reminder to parties subject to administrative protective orders (APOs) of their responsibility concerning the return or destruction of proprietary information disclosed under an APO in accordance with 19 CFR 351.305 of the Department's regulations. Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

We are issuing and publishing this determination and notice in accordance with sections section 751(a)(1) and 771(i)(1) of the Act.

Dated: August 18, 2003.

Jeffrey May,

Acting Assistant Secretary for Import Administration.

Appendix—Issues in Decision Memorandum

- Comment 1: Whether the Department Should Base Groupstars Jinan's Dumping Margin on Total Adverse Facts Available
- Comment 2: Whether the Department Should "Collapse" Groupstars and JCC
- Comment 3: Surrogate Value for Manganese Dioxide
- Comment 4: Surrogate Value for Potassium Hydroxide
- Comment 5: Surrogate Value for Slaked Lime/Lime/Limestone
- Comment 6: Surrogate Value for Electricity and Water
- Comment 7: Surrogate Value for Coal
- Comment 8: Surrogate Value for Salt
- Comment 9: Surrogate Value for Silicon Dioxide
- Comment 10: Selection of Surrogate Financial Ratios
- Comment 11: Allegations of Ministerial Errors Related to the Calculation of Packing Materials
- Comment 12: Allegations of Ministerial Errors Related to the Calculation of Distance to the Port
- Comment 13: Whether the Department Should Have Included in its Calculations Additional Indirect Selling and Movement Expenses

BILLING CODE 3510-DS-P

DEPARTMENT OF COMMERCE

International Trade Administration

Notice of Solicitation of Applications for Allocation of Tariff Rate Quotas on the Import of Certain Worsted Wool Fabrics

August 22, 2003.

AGENCY: Department of Commerce, International Trade Administration.

ACTION: The Department of Commerce (Department) is soliciting applications for an allocation of the 2004 tariff rate quotas on certain worsted wool fabric.

SUMMARY: The Department hereby solicits applications from persons (including firms, corporations, or other legal entities) who cut and sew men's and boys' worsted wool suits and suit-like jackets and trousers for an allocation of the 2004 tariff rate quotas on certain worsted wool fabric. Interested persons must submit an application on the form provided to the address listed below by 5 p.m. on September 29, 2003.

The Department will cause to be published in the **Federal Register** its determination to allocate the 2004 tariff

rate quotas and will notify applicants of their respective allocation as soon as possible after that date. Promptly thereafter, the Department will issue licenses to eligible applicants.

DATES: To be considered, applications must be received or postmarked by 5 p.m. on September 29, 2003.

ADDRESSES: Applications must be submitted to the Industry Assessment Division, Office of Textiles, Apparel and Consumer Goods Industries, Room 3001, United States Department of Commerce, Washington, D.C. 20230 (telephone: (202) 482-4058). Application forms may be obtained from that office (via facsimile or mail) or from the following Internet address: <http://web.ita.doc.gov/tacgi/wooltrq.nsf/TRQApp>.

FOR FURTHER INFORMATION CONTACT: Sergio Botero, Office of Textiles and Apparel, U.S. Department of Commerce, (202) 482-4058.

SUPPLEMENTARY INFORMATION:

Background:

Title V of the Trade and Development Act of 2000 (the Act) created two tariff rate quotas (TRQs), providing for temporary reductions in the import duties on limited quantities of two categories of worsted wool fabrics suitable for use in making suits, suit-type jackets, or trousers: (1) for worsted wool fabric with average fiber diameters greater than 18.5 microns (Harmonized Tariff Schedule of the United States (HTS) heading 9902.51.11); and (2) for worsted wool fabric with average fiber diameters of 18.5 microns or less (HTS heading 9902.51.12).

On August 6, 2002, President Bush signed into law the Trade Act of 2002, which includes several amendments to Title V of the Act. These include the extension of the program through 2005; the reduction of the in-quota duty rate on HTS 9902.51.12 (average fiber diameter 18.5 microns or less) from 6 percent to zero, effective for goods entered, or withdrawn from warehouse for consumption, on or after January 1, 2002; and an increase in the 2004 TRQ levels to 3,500,000 square meters for HTS 9902.51.12 and to 4,500,000 square meters for HTS 9902.51.11. These levels may be modified by the President. See 15 CFR 340.

The Act requires that the TRQs be allocated to persons who cut and sew men's and boys' worsted wool suits, suit-type jackets and trousers in the United States. On January 22, 2001 the Department published regulations establishing procedures for allocating the TRQs. 66 FR 6459, 15 CFR 335. In order to be eligible for an allocation, an

applicant must submit an application on the form provided at <http://web.ita.doc.gov/tacgi/wooltrq.nsf/TRQApp> to the address listed above by 5 p.m. on September 29, 2003, in compliance with the requirements of 15 CFR 335.

Any business confidential information that is marked business confidential will be kept confidential and protected from disclosure to the full extent permitted by law.

Dated: August 22, 2003.

James C. Leonard III,

Deputy Assistant Secretary for Textiles, Apparel and Consumer Goods Industries, Department of Commerce.

BILLING CODE 3510-DR-S

DEPARTMENT OF DEFENSE

Department of the Army; Corps of Engineers

Intent To Prepare a Draft Environmental Impact Statement for the Coldwater River Basin Below Arkabutla Lake, MS, Project

AGENCY: U.S. Army Corps of Engineers, DoD.

ACTION: Notice of intent.

SUMMARY: The study area is located in the Coldwater River Watershed in northwest Mississippi, approximately 10 miles southwest of Memphis, TN. The northwest part of this watershed below Arkabutla Lake is the object of the Environmental Impact Statement (EIS) and lies primarily in Tunica County and includes portions of De Soto, Coahoma, Quitman, and Tate Counties. Primary streams represented in the study area include Coldwater River, McKinney Bayou, Lake Cormorant Bayou, White Oak Bayou, Muddy Bayou, Phillips Bayou, and David Bayou. The primary focus of the EIS is to evaluate features designed to alleviate water resource problems in the study area. The local cost-sharing project sponsors are the Tunica County Soil and Water Conservation District and the Yazoo-Mississippi Delta Joint Water Management District.

DATES: A public scoping meeting will be held on September 23, 2003, at 7 p.m. in the Economic Development Building, 3092 U.S. Highway 61 South, Tunica, MS.

FOR FURTHER INFORMATION CONTACT:

Questions about the proposed action and Draft EIS should be directed to Ms. Karen Dove-Jackson (telephone (601) 631-7136), U.S. Army Corps of

Engineers, Vicksburg District, ATTN: CEMVK-PP-PQ, 4155 Clay Street, Vicksburg, MS 39180-3435.

SUPPLEMENTARY INFORMATION: This project is authorized by Senate Resolution adopted June 29, 1973, by the Committee on Public Works of the U.S. Senate. The resolution reads as follows:

"Resolved by the Committee on Public Works of the United States Senate, That the Chief of Engineers, U.S. Army, is hereby requested to review the report on the Mississippi River and Tributaries Project contained in House Document No. 308, 88th Congress, 2d Session, and other reports with a view to determining whether any modifications of the recommendations contained therein are advisable at the present time with reference to providing a plan for the development, utilization and conservation of water related land resources of the Yazoo Basin, including the backwater areas of the Mississippi and Yazoo Rivers. Such study should include appropriate considerations of the needs for flood protection, wise use of flood plain lands, bank stabilization, navigation facilities, regional water supply and waste water management facilities systems, general recreation facilities, enhancement and control of water quality, enhancement and conservation of fish and wildlife and other measures for the protection and enhancement of the environment."

1. A Section 905(b) reconnaissance analysis was conducted for the Coldwater River Basin Below Arkabutla Lake, Mississippi, project, and it was determined that the planning process should proceed into the more detailed feasibility phase based on a preliminary appraisal of Federal interest, estimated costs, potential benefits, and possible environmental impacts of various alternatives. The Feasibility Cost-Sharing Agreement was signed by the Vicksburg District and project sponsors on June 18, 2003. The District Engineer has decided to prepare a Draft EIS to fully address/evaluate problems and potential solutions and/or opportunities within the Coldwater River Basin Below Arkabutla Lake, Mississippi, project area.

2. The proposed action involves the development of an integrated and comprehensive plan for addressing multiple project objectives, including water quality, local drainage, low stream base flows, and flood damage reduction from expected increases in development in the study area.

3. A public scoping meeting will be held in Tunica, Mississippi, in the Economic Development Building, on September 23, 2003 (See DATES). Significant issues identified during this scoping process will be analyzed in depth in the Draft EIS. The U.S. Coast

Guard; Natural Resources Conservation Service; U.S. Forest Service; Environmental Protection Agency; U.S. Fish and Wildlife Service; Mississippi Department of Environmental Quality; and Mississippi Department of Wildlife, Fisheries and Parks will be invited to become cooperating agencies. Federally recognized Indian tribes will also be invited to become cooperators. These agencies and tribes will be asked to participate in the review of data and the feasibility report and appendixes.

4. Upon completion, the Draft EIS will be distributed for agency and public review and comment. Additionally, a public meeting will be held to present results of the Draft EIS evaluations and the recommended plan.

5. The Draft EIS is estimated to be completed in May 2007.

Dated: August 15, 2003.

Frederick L. Clapp, Jr.,

Colonel, Corps of Engineers, District Engineer.

BILLING CODE 3710-PU-M

DEPARTMENT OF DEFENSE

Department of the Army; Corps of Engineers

Coastal Engineering Research Board; Meeting

AGENCY: Department of the Army, DoD.

ACTION: Notice of open meeting.

SUMMARY: In accordance with Section 10(a)(2) of the Federal Advisory Committee Act (pub. L. 92-463), announcement is made of the following committee meeting:

Name of Committees: Coastal Engineering Research Board (CERB).

Date: September 10, 2003.

Place: U.S. Army Engineer Division, North Atlantic, Brooklyn, NY.

Time: 10 a.m. to 2:30 p.m.

Proposed Agenda: The Board will meet in Executive Session to discuss updates of ongoing Board activities, such as Region sediment Management (RSM), the National Shoreline Management Study, Section 227, the status of the Louisiana Coastal Area Project, the Gulf of Mexico RSM, and the IOOS Coordination Activities.

FOR FURTHER INFORMATION CONTACT:

Inquires and notice of intent to attend the meeting may be addressed to Thomas W. Richardson, Acting Executive Secretary, Coastal and hydraulics Laboratory, U.S. Army Engineer Research and Development Center, Waterways Experiment Station, 3909 Halls Ferry Road, Vicksburg, Mississippi 39180-6199.
