This helps the Department assess the impact of its information collection requirements and minimize the public's reporting burden. It also helps the public understand the Department's information collection

requirements and provide the requested data in the desired format. ED is soliciting comments on the proposed information collection request (ICR) that is described below. The Department of Education is especially interested in public comment addressing the following issues: (1) is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology. Please note that written comments received in response to this notice will be considered public records.

Title of Collection: Federal Student Aid User Experience Design Research Generic Clearance.*OMB Control Number:* 1845–0159.*Type of Review:* Extension without change of a currently approved collection.*Respondents/Affected Public:* Individuals or Households.*Total Estimated Number of Annual Responses:* 262,400.*Total Estimated Number of Annual Burden Hours:* 74,975.*Abstract:* Federal Student Aid (FSA) seeks an extension of its OMB Fast Track Process (5-day) generic clearance to continue to collect qualitative feedback for the Next Generation Financial Services Environment (Next Gen) program. The Next Gen initiative is a comprehensive, FSA-branded customer engagement layer that will create an environment where the Department's customers will receive clear, consistent information and readily accessible self-service options at every stage of the student aid lifecycle. This collection of information is necessary to enable FSA to garner customer and stakeholder qualitative feedback in an efficient, timely manner, in accordance with our commitment to improving service and information delivery. By qualitative feedback we mean information that provides useful insights on perceptions and opinions but are not statistical surveys that yield quantitative results that can be generalized to the population of study. The insights collected from our customers and stakeholders will help ensure that users have a consistent, efficient, and satisfying experience with FSA's programs.

Dated: October 17, 2022.
