Abstract: (a) *General Information:* The Secretary of the United States Department of the Interior (“Secretary”) is responsible for mineral resource development on Federal and Indian lands and the Outer Continental Shelf. Laws pertaining to Federal and Indian mineral leases are posted at <https://onrr.gov/references/statutes>. Pursuant to the Federal Oil and Gas Royalty Management Act of 1982 (“FOGRMA”) and other laws, the Secretary’s responsibilities include maintaining a comprehensive inspection, collection, and fiscal and production accounting and auditing system that: (1) accurately determines mineral royalties, interest, and other payments owed, (2) collects and accounts for such amounts in a timely manner, and (3) disburses the funds collected. See 30 U.S.C. 1701 and 1711. ONRR performs these mineral revenue management responsibilities for the Secretary. See Secretarial Order No. 3306. Royalty payors submit royalty reports to ONRR on a monthly basis by submitting forms ONRR–2014 (Report of Sales and Royalty Remittance) and ONRR–4430 (Solid Minerals Production and Royalty Report). ONRR uses these royalty reports to create accounts

receivables of the mineral revenues that ONRR collects.

The basis for the data that a company submits on forms ONRR–2014 and ONRR–4430 is generally available within the records of the lessee or others involved in developing, transporting, processing, purchasing, or selling such minerals. The information that ONRR collects under this ICR includes data necessary to ensure that ONRR’s accounts receivables are accurately based on the value of the mineral production, as reported to ONRR on forms ONRR–2014 and ONRR–4430.

(b) *Information Collections:* Every year, under the CFO Act, the Office of Inspector General (“OIG”) or its agent audits the accounts receivable portions of the Department of the Interior’s financial statements, which includes accounts receivables based on ONRR forms ONRR–2014 and ONRR–4430. Accounts receivable confirmations are a common practice in the audit business.

As part of CFO Act audits, the OIG or its agent selects a sample of accounts receivable items based on forms ONRR–2014 and ONRR–4430 and provides the sample items to ONRR. ONRR then identifies the company names and addresses for the sample items selected and creates accounts receivable confirmation letters. In order to meet the CFO Act’s requirements, the letters must be on ONRR letterhead and the Deputy Director for ONRR, or his or her designee, must sign the letters. The letters request third-party confirmation responses by a specified date on whether ONRR’s accounts receivable records agree with royalty payor records for the following items: (1) customer identification; (2) royalty invoice number; (3) payor assigned document number; (4) date of ONRR receipt; (5) original amount the payor reported; and (6) remaining balance due to ONRR. The OIG or its agent mails the letters to the payors, instructing them to respond directly to confirm the accuracy and validity of selected royalty receivable items and amounts. In turn, it is the responsibility of the payors to verify, research, and analyze the amounts and balances reported on their respective forms ONRR–2014 and ONRR–4430.

Total Estimated Number of Annual Burden Hours: 6 hours.

Respondent’s Obligation: Voluntary.

Frequency of Collection: Annual.

Total Estimated Annual Non-Hour Burden Cost: ONRR did not identify any “non-hour cost” burden associated with this collection of information.

An agency may not conduct, or sponsor and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number.

The authority for this action is the PRA of 1995 (44 U.S.C. 3501 *et seq.*).
