The TRICARE/CHAMPUS DRG-based payment system is modeled on the Medicare Prospective Payment System and was implemented on October 1, 1987. The TRICARE/CHAMPUS DRG-based payments apply only to hospital's operating costs and do not include any amounts for hospitals' capital or direct medical education costs. Any hospital subject to the DRG-based payment system, except for children's hospitals (whose capital and direct medical education costs are incorporated in the children's hospital differential), who want to be reimbursed for allowed capital and direct medical education costs must submit a request for payment to the TRICARE/CHAMPUS contractor. Privacy Act of 1974; System of Records

AGENCY: Department of Defense (DoD).

ACTION: Notice of a new system of records.

SUMMARY: In accordance with the Privacy Act of 1974, the DoD is establishing a new Department-wide system of records titled, "Counterintelligence Investigations and Collection Activities (CICA)," DoD-0025. This system of records covers DoD's maintenance of records about counterintelligence (CI) investigations and collection activities. The purpose of CICA is to determine whether an individual is acting for or on behalf of foreign powers organizations, or persons, or their agents, or international terrorist organizations or activities.

This differs from the purpose of Counterintelligence Functional Services (CIFS), DoD-0010, which protects Department resources and personnel from foreign adversaries who seek to exploit sensitive information, operations, and agency programs to the detriment of the U.S. Government. It is also separate from the purpose of the DoD Insider Threat Management and Analysis Center (DITMAC) and DoD Component Insider Threat Records System, DUSDI 01-DoD, which addresses security functions. Additionally, DoD is issuing a Notice of Proposed Rulemaking, which proposes to exempt this system of records from certain provisions of the Privacy Act, elsewhere in today's issue of the **Federal Register**.

DATES: This system of records is effective upon publication; however, comments on the Routine Uses will be accepted on or before August 20, 2025. The Routine Uses are effective at the close of the comment period, unless comments have been received from

interested members of the public that require modification and republication of the notice.

ADDRESSES: You may submit comments, identified by docket number and title, by either of the following methods:

* *Federal Rulemaking Portal:* <https://www.regulations.gov>. Follow the instructions for submitting comments.

* *Mail:* Department of Defense, Office of the Assistant to the Secretary of Defense for Privacy, Civil Liberties, and Transparency, Regulatory Directorate, 4800 Mark Center Drive, Attn: Mailbox 24, Suite 05F16, Alexandria, VA 22350-1700.

SUPPLEMENTARY INFORMATION:

I. Background

DoD is establishing the "Counterintelligence Investigations and Collection Activities, (CICA)," DoD-0025 as a new DoD-wide Privacy Act system of records. This system of records will ultimately replace multiple systems of records currently maintained at the component level for the same purpose. A DoD-wide system of records notice (SORN) supports multiple DoD paper or electronic recordkeeping systems operated by more than one DoD component that maintain the same kind of information about individuals for the same purpose. Establishment of DoD-wide SORNs helps DoD standardize the rules governing the collection, maintenance, use, and sharing of personal information in key areas across the enterprise. DoD-wide SORNs also reduce duplicative and overlapping SORNs published by separate DoD components. The creation of DoD-wide SORNs is expected to make locating relevant SORNs easier for DoD personnel and the public, and create
