

ADDRESSES: You may submit comments, identified by docket number and title, by any of the following methods:

Federal eRulemaking Portal: <http://www.regulations.gov>. Follow the instructions for submitting comments.

Mail: Department of Defense, Office of the Chief Management Officer, Directorate for Oversight and Compliance, 4800 Mark Center Drive, Mailbox #24, Suite 08D09, Alexandria, VA 22350-1700.

Instructions: All submissions received must include the agency name, docket number and title for this **Federal Register** document. The general policy for comments and other submissions from members of the public is to make these submissions available for public viewing on the internet at <http://www.regulations.gov> as they are received without change, including any personal identifiers or contact information.

FOR FURTHER INFORMATION CONTACT: To request more information on this proposed information collection or to obtain a copy of the proposal and associated collection instruments, please write to Department of Defense Consolidated Adjudications Facility, Attn: E.A. Foster, Fort George Meade, Maryland 20755, or call the DoD CAF Privacy Act Office, at 301-833-3790.

SUPPLEMENTARY INFORMATION:

Title; Associated Form; and OMB Number: DoD Consolidations Facility Request for Records; OMB Control Number 0704-0561.

Needs and Uses: The information collection requirement is necessary to ensure needed information is collected to positively identify individuals who request records regarding themselves that are maintained by the DoD Consolidated Adjudications Facility. These records will also be used in any Privacy Act appeals or related litigation. The Law Enforcement, Congressional Inquiries, Department of Justice for Litigation, National Archives and Records Administration, and Data Breach Remediation, and Routine Uses found at <http://dpcl.d.defense.gov/Privacy/SORNsIndex/BlanketRoutineUses.aspx>. The DoD Consolidated Adjudications Facility Request for Records form will also be used to refer records under the release authority of another Federal Agency.

Affected Public: Individuals or Households.

Annual Burden Hours: 10.

Number of Respondents: 120.

Responses per Respondent: 1.

Annual Responses: 120.

Average Burden per Response: 5 minutes.

Frequency: On occasion.

Dated: October 21, 2019.

Aaron T. Siegel,

Alternate OSD Federal Register Liaison Officer, Department of Defense.

BILLING CODE 5001-06-P

ENVIRONMENTAL PROTECTION AGENCY

[Petition IV-2017-10; FRL-10001-39-Region 4]

Clean Air Act Operating Permit Program; Petition for Objection to State Operating Permit for Mill Creek Generating Station (Jefferson County, Kentucky)

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of final order on petitions to object to state operating permits.

SUMMARY: The EPA Administrator signed an Order, dated October 3, 2019, denying the petition submitted by Sierra Club (Petitioner) objecting to a proposed Clean Air Act (CAA) title V operating permit issued to Mill Creek Generating Station (Mill Creek) located in Jefferson County, Kentucky. The Order responds to a June 2, 2017, petition requesting that the EPA object to the final operating permit number O-0127-16-V. This permitting action was issued by the Louisville Metro Air Pollution Control District (LMAPCD). The Order constitutes a final action on the petition addressed therein.

ADDRESSES: Copies of the Order, the petition, and all pertinent information relating thereto are on file at the following location: EPA Region 4; Air and Radiation Division; 61 Forsyth Street SW; Atlanta, Georgia 30303-8960. The Order is also available electronically at the following address: <https://www.epa.gov/title-v-operating-permits/2019-order-denying-petition-object-title-v-operating-permit-mill-creek>.

FOR FURTHER INFORMATION CONTACT: Art Hofmeister, Air Permits Section, EPA Region 4, at (404) 562-9115 or hofmeister.art@epa.gov.

SUPPLEMENTARY INFORMATION: The CAA affords the EPA a 45-day period to review and, as appropriate, the authority to object to operating permits proposed by state permitting authorities under title V of the CAA, 42 U.S.C. 7661-7661f. Section 505(b)(2) of the CAA and 40 CFR 70.8(d) authorize any person to petition the EPA

Administrator to object to a title V operating permit within 60 days after the expiration of the EPA's 45-day review period if the EPA has not objected on its own initiative. Petitions must be based only on objections to the permit that were raised with reasonable specificity during the public comment period provided by the state, unless the petitioner demonstrates that it was impracticable to raise these issues during the comment period or the grounds for the issues arose after this period. Pursuant to sections 307(b) and 505(b)(2) of the CAA, a petition for judicial review of those parts of the Order that deny issues in the petition may be filed in the United States Court of Appeals for the appropriate circuit within 60 days from the date this notice is published in the **Federal Register**.

Petitioner submitted a petition requesting that the EPA object to the proposed CAA title V operating permit no. O-0127-16-V issued by LMAPCD to Mill Creek. Petitioner claims that this permitting action: Includes an impermissible long-term emission limit that is inadequate to protect the 1-hour sulfur dioxide National Ambient Air Quality Standards (NAAQS) and, even if it were permissible, the long-term limit is too high to protect the NAAQS.

On October 3, 2019, the Administrator issued an Order denying the petition. The Order explains the EPA's basis for denying the petition.

Dated: October 10, 2019.

Mary S. Walker,

Acting Regional Administrator, Region 4.

Underground Injection Control Program; Hazardous Waste Injection Restrictions; Petition for Exemption Reissuance—Class I Hazardous Waste Injection; Veolia ES Technical Solutions, LLC (Veolia) Port Arthur Facility

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of a final decision on a UIC no migration petition reissuance.

SUMMARY: Notice is hereby given that a reissuance of an exemption to the Land Disposal Restrictions, under the 1984 Hazardous and Solid Waste Amendments to the Resource Conservation and Recovery Act, has been granted to Veolia for two Class I

hazardous waste injection wells located at their Port Arthur, Texas facility. The company has adequately demonstrated to the satisfaction of the EPA by the petition reissuance application and supporting documentation that, to a reasonable degree of certainty, there will be no migration of hazardous constituents from the injection zone for as long as the waste remains hazardous. This final decision allows the underground injection by Veolia of the specific restricted hazardous wastes identified in this exemption reissuance request into Class I hazardous waste injection wells WDW-160 and WDW-358 until December 31, 2041, unless the EPA moves to terminate this exemption. Additional conditions included in this final decision may be reviewed by contacting the EPA Region 6 Ground Water/UIC Section. A public notice was issued August 8, 2019, and the public comment period closed on September 23, 2019, and no comments were received. This decision constitutes final Agency action and there is no Administrative appeal.

DATES: This action was effective as of October 2, 2019.

ADDRESSES: Copies of the petition reissuance and all pertinent information relating thereto are on file at the following location: Environmental Protection Agency, Region 6, Water Division, Safe Drinking Water Branch (6WDD), 1201 Elm Street, Suite 500, Dallas, Texas 75270-2102.

FOR FURTHER INFORMATION CONTACT: Philip Dellinger, Chief, Ground Water/UIC Section, EPA—Region 6, telephone (214) 665-8324.

Dated: October 2, 2019.

Charles W. Maguire,
Director, Water Division.

Preliminary Effluent Guidelines Program Plan 14

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of availability.

SUMMARY: This notice of availability announces the Environmental Protection Agency's (EPA) Preliminary Effluent Guidelines Program Plan 14 (Preliminary Plan 14) and solicits public comment. Section 304(m) of the Clean Water Act (CWA) requires the EPA to

biennially publish a plan for new and revised effluent limitations guidelines, after public review and comment.

Preliminary Plan 14 identifies any new or existing industrial categories selected for effluent guidelines or pretreatment standards and provides a schedule for their development. The EPA typically publishes a preliminary plan upon which the public is invited to comment, and then publishes a final plan thereafter. The EPA developed Preliminary Plan 14 based on its review and analysis of data from 2016, 2017, and 2018 as part of its annual review process.

DATES: Comments must be received on or before November 25, 2019.

ADDRESSES: Submit your comments, identified by Docket ID No. EPA-HQ-OW-2018-0618, to the *Federal eRulemaking Portal*: <https://www.regulations.gov>. Follow the online instructions for submitting comments. Once submitted, comments cannot be edited or withdrawn. The EPA may publish any comment received to its public docket. Do not submit electronically any information you consider to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Multimedia submissions (audio, video, etc.) must be accompanied by a written comment. The written comment is considered the official comment and should include discussion of all points you wish to make. The EPA will generally not consider comments or comment contents located outside of the primary submission (*i.e.*, on the web, cloud, or other file sharing system). For additional submission methods, the full EPA public comment policy, information about CBI and multimedia submissions, and general guidance on making effective comments, please visit <https://www.epa.gov/dockets/commenting-epa-dockets>.

FOR FURTHER INFORMATION CONTACT: Dr. Phillip Flanders, Engineering and Analysis Division, Office of Water, 4303T, U.S. Environmental Protection Agency, 1200 Pennsylvania Avenue NW, Washington, DC 20460; telephone number: (202) 566-8323; fax number: (202) 566-1053; email address: flanders.phillip@epa.gov.

SUPPLEMENTARY INFORMATION:

I. General Information

A. Supporting Documents—A key document providing additional information is the *Preliminary Effluent Guidelines Program Plan 14* document. Supporting documents providing further details are also available for review.

B. How can I get copies of these documents and other related information?

1. Docket. The EPA has established an official public docket for these actions under Docket ID No. EPA-HQ-OW-2018-0618. The official public docket is the collection of materials that are available for public viewing at the Water Docket in the EPA Docket Center, (EPA/DC) EPA West, Room 3334, 1301 Constitution Ave. NW, Washington, DC 20460.

2. Electronic Access. You can access this **Federal Register** document electronically through the United States Government online source for Federal regulations at <https://www.regulations.gov>.

3. Internet access. Copies of the supporting documents are available at <https://www.epa.gov/eg/effluent-guidelines-plan>.

II. How is this document organized?

The outline of this document follows.

- A. Legal Authority.
- B. Summary of Preliminary Effluent Guidelines Program Plan 14.
- C. Request for Public Comments and Information.

A. Legal Authority

This notice of availability is published under the authority of the CWA, 33 U.S.C. 1251, *et seq.*, and in particular sections 301(d), 304(b), 304(g), 304(m), 306, 307(b) and 308 of the Act, 33 U.S.C. 1311(d), 1314(b), 1314(g), 1314(m), 1316, 1317(b), and 1318.

B. Summary of Preliminary Effluent Guidelines Program Plan 14

The EPA prepares Preliminary Effluent Guidelines Program Plans pursuant to CWA section 304(m). Preliminary plans provide a summary of the EPA's annual review of effluent guidelines and pretreatment standards, consistent with CWA sections 301(d), 304(b), 304(g), 304(m), and 307(b). From these reviews, preliminary plans identify any new or existing industrial categories selected for effluent guidelines or pretreatment standards rulemakings and provide a schedule for such rulemakings. In addition, preliminary plans present any new or existing categories of industry selected for further review and analysis.

Preliminary Plan 14 discusses the one ongoing rulemaking (and the associated schedule) for the Steam Electric Power Generating Point Source Category. The EPA has concluded that no additional categories warrant new or revised effluent guidelines at this time. Preliminary Plan 14 provides updates
