Title: Receipt of Service Confirmation Form, Adjustment of Funding Commitment, and Certification by Administrative Authority to Billed Entity of Compliance with Children's Internet Protection.

Form No.: FCC Forms 500, 486 and 479.

Respondents: Business or other for-profit; Not-for-profit institutions.

Estimated Annual Burden: 40,000 respondents; 1.87 hour per response (avg.); 75,000 total annual burden hours.

Estimated Annual Reporting and Recordkeeping Cost Burden: \$0.

Description: Section 1721 and related sections of the Children's Internet Protection Act (CIPA) provide that in order to be eligible under section 254 of the Communications Act of 1934, as amended (the Act), to receive discounted Internet access, Internet services, and internal connection services, schools and libraries that have computers with Internet access must have in place certain Internet safety policies. FCC Forms 486, 479 and 500 are used to implement the requirements of CIPA and 47 U.S.C. section 254.

(a) FCC Form 486, Receipt of Service Confirmation Form. Schools and libraries and consortia of such entities, apply to the Schools and Libraries Division (SLD) of the Universal Service Administrative Company (USAC) for discounts on telecommunications services, Internet access and internal connections, through the use of FCC Forms 470 and 471. Both Forms 470 and 471 contain certifications that guarantee that eligible entities are ordering services for eligible purposes. The applicant must also certify that it has developed a technology plan that has been approved by an authorized entity. The technology plan should demonstrate that the applicant will be able to deploy any necessary hardware, software, and wiring, and to undertake any necessary teacher training required to use effectively the services ordered pursuant to the section 254(h) discount. 47 CFR 54.504(b)(2). FCC Form 486, which is filed after the applicant has received a Funding Commitment Decision Letter, serves several purposes: it authorizes the payment of invoices from service providers for the services indicated on the applicant's Form 471 and also indicates the approval of technology plans as required and it indicates the state of compliance with CIPA. All schools and libraries receiving Internet access and internal connection services supported by the schools and libraries support mechanism must certify that they are enforcing a policy

of Internet safety and enforcing the operation of a technology prevention measure pursuant to CIPA. The purpose of this information is to ensure that schools and libraries that are eligible to receive discounted Internet access, Internet services, and internal connections have in place certain Internet safety policies. (*Number of respondents:* 30,000; *hours per response:* 1.5 hours; *total annual burden:* 45,000 hours).

(b) FCC Form 479, Certification by Administrative Authority to Billed Entity of Compliance with Children's Internet Protection Act. All members of a consortium must submit signed certifications to the Billed Entity of each consortium in language consistent with the FCC Form 486. FCC Form 479 provides notification to a Billed Entity by of the status of the Administrative Authority's compliance for the purposes of CIPA. The billed entity will then certify on its FCC Form 486 that it has collected duly completed and signed Forms 479 from administrative authorities that the billed entity represents. (*Number of respondents:* 10,000; *hours per response:* 1.5 hours; *total annual burden:* 15,000 hours).

(c) FCC Form 500, Adjustment to Funding Commitment and Modification to Receipt of Service Confirmation Form. Schools and libraries and consortia of such entities which have received funding commitments from the Schools and Libraries Division (SLD) of the Universal Service Administrative Company (USAC) for discounts on telecommunications services, Internet access and internal connections, must have a mechanism by which they can adjust that funding commitment or provide updated information to SLD. The Form 500, which is filed after the applicant has received a Funding Commitment Decision Letter serves the following four purposes: to adjust the Funding Year Service Start Date reported on a previously filed Form 486 for the then-current Funding Year; to adjust the Contract Expiration Date listed on a Form 471 application for the then-current Funding Year; to cancel irrevocably and totally a Funding Request Number (FRN); and/or to reduce irrevocably the amount of a Funding Request Number (FRN). (*Number of respondents:* 10,000; *hours per response:* 1.5 hours; *total annual burden:* 15,000 hours). All schools and libraries receiving Internet access and internal connection services supported by the schools and libraries support mechanism must certify that they are enforcing a policy of Internet safety and enforcing the operation of a technology prevention measure.
