

ADDRESSES: Written data or comments should be submitted to the Director, U.S. Fish and Wildlife Service, Division of Management Authority, 4401 North Fairfax Drive, Room 700, Arlington, Virginia 22203 and must be received by the Director within 30 days of the date of this publication.

FOR FURTHER INFORMATION CONTACT: Charlie Chandler (800) 358-2104, Division of Management Authority, U.S. Fish and Wildlife Service.

SUPPLEMENTARY INFORMATION: On November 28, 2000, we published a notice requesting comments on the receipt of an application for a permit from White Oak Conservation Center, Yulee, FL, to import 2 captive bred cheetahs (*Acinonyx jubatus*) from Wassenaar Wildlife Breeding Centre, the Netherlands, for the purpose of captive propagation. The permit application mistakenly identified the application request as PRT-033790. The correct application request should be identified as PRT-036053.

Dated: December 20, 2000.

Anna Barry,
Branch of Permits, Division of Management Authority.

Notice of Receipt of Applications for Permit; Correction

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice: Correction.

SUMMARY: We published a notice on October 26, 2000, (65 FR 64230) identifying the population where the polar bear was harvested as Cambridge Bay in PRT-034958. The polar bear was harvested from M'Clintock Channel population.

DATES: We will accept comments on this notice on or before January 18, 2000.

ADDRESSES: Written data or comments should be submitted to the Director, U.S. Fish and Wildlife Service, Division of Management Authority, 4401 North Fairfax Drive, Room 700, Arlington, Virginia 22203 and must be received by the Director within 30 days of the date of this publication.

FOR FURTHER INFORMATION CONTACT: Charlie Chandler (800) 358-2104, Division of Management Authority, U.S. Fish and Wildlife Service.

SUPPLEMENTARY INFORMATION: On October 26, 2000, we published a notice

requesting comment on the receipt of an application for a permit from Phil Mancuso to import a polar bear (*Ursus maritimus*) sport-hunted from the Cambridge Bay population in Canada for personal use. The correct application request is for a bear harvested from the M'Clintock Channel population.

Dated: December 20, 2000.

Anna Barry,
Branch of Permits, Division of Management Authority.

Notice of Receipt of Application for Approval

The following applicant has applied for approval to conduct certain activities with birds that are protected in accordance with the Wild Bird Conservation Act of 1992. This notice is provided pursuant to section 112(4) of the Wild Bird Conservation Act of 1992, 50 CFR 15.26(c).

Applicant: Mr. Jerry Jennings, Fallbrook, California, on behalf of the Toucan Preservation Center (CB006). The applicant wishes to amend approved cooperative breeding program CB006 to include Red-billed toucan (*Ramphastos tucanus tucanus*). The Toucan Preservation Center maintains responsibility for oversight of this program.

Written data or comments should be submitted to the Director, U.S. Fish and Wildlife Service, Division of Management Authority, 4401 North Fairfax Drive, Room 700, Arlington, Virginia 22203 and must be received by the Director within 30 days of the date of this publication.

Documents and other information submitted with this application are available for review, *subject to the requirements of the Privacy Act and Freedom of Information Act*, by any party who submits a written request for a copy of such documents to the following office within 30 days of the date of publication of this notice: U.S. Fish and Wildlife Service, Division of Management Authority, 4401 North Fairfax Drive, Room 700, Arlington, Virginia 22203. Phone: (703/358-2104); FAX: (703/358-2281).

Dated: December 20, 2000.

Andrea Gaski,
Chief, Branch of CITES Operations, Division of Management Authority.

Bureau of Land Management

[CA-660-00-7123-HA]

Restrictions on Use of Public Lands

AGENCY: Bureau of Land Management, Palm Springs-South Coast Field Office, Desert District, California, Department of the Interior.

ACTION: Notice-temporary closure of public lands to motorized vehicles.

SUMMARY: In compliance with title 43 Code of Federal Regulations (CFR), subpart 8341.2(a), notice is hereby given that the Bureau of Land Management (BLM) prohibits persons from operating motor vehicles on public lands within the Windy Point areas, Riverside County. The public lands hereby closed to motorized vehicles include all such lands within ¼ E Section 14, Section 22, Section 23, and W ½ / NE ¼ Section 24, Township 3S, Range 3E. This closure shall be in effect year-round from January 31, 2001 until completion of the Coachella Valley Multiple Species Habitat and Natural Communities Conservation Management Plan, which addresses all aspects of the habitat use, including any restrictions to motorized vehicles.

SUPPLEMENTARY INFORMATION: On September 25, 1980, the U.S. Department of the Interior Fish and Wildlife Service (USFWS) listed the Coachella Valley Fringe-toed Lizard (CVFTL), as "threatened" under the authority of the Endangered Species Act (ESA) of 1973, as amended. The State of California Fish and Game Commission designated the CVFTL as "endangered". These listings were prompted by the USFWS, California Department of Fish and Game, and CVFTL biologists/researchers' concerns that the lizards' historical range was being rapidly reduced by agricultural and urban development, along with the presence of off-highway vehicles.

The CVFTL is specially adapted to live in an environment of wind blown (aeolian) sand. The lizard's body shape, such as wedge-shaped nose and fringed toes, allow it to run easily over the sand and into loose surface to evade predators or the heat of the desert surface. In addition, insects and some plant material in the blowsand

ecosystem provide food for the CVFTL. As human population in the Coachella Valley grows, the protection of windblown sand dunes become increasingly important for CVFTL habitat and survival.

The CVMV was listed as endangered by the USFWS in October 1998 under the authority of the ESA of 1973, as amended. The CVMV has not been listed by the State of California under its Endangered Species Act.

The CVMV occurs primarily on areas of loose windblown sand in the Coachella Valley. It is an annual or short-lived perennial plant. The plant is highly ephemeral in nature with growth highly dependent on rainfall patterns. Much of the plant's original habitat has been lost to agricultural, residential, and business development. Remaining habitat is threatened by these impacts as well as by OHVs, exotic plant invasion and wind farms.

The CVFTL is intimately associated with its habitat, virtually any activity which disturbs or destroys habitat will almost certainly destroy individual lizards. A similar relationship exists for the CVMV and the Flat-Tailed Horned Lizard (FTHL). In addition, other rare animals, such as the Palm Springs pocket mouse, Coachella Valley/Palm Springs ground squirrel, Coachella Valley Jerusalem cricket and Coachella giant sand treader cricket, which have adapted to living in actively moving sand would also be protected if this closure were implemented.

It was determined by the BLM that the venue for addressing the management of OHVs in the Windy Point area is the CVMSHCP, which is currently in development.

Any person who fails to comply with this order may be subject to the penalties provided in 43 CFR 8360.0-7.

FOR ADDITIONAL INFORMATION CONTACT: Anna Atkinson, BLM, Palm Springs-South Coast Field Office, P.O. Box 1260, North Palm Springs, CA 92258, telephone 760-251-4824.

Gavin Wright, BLM, Palm Springs-South Coast Field Office, P.O. Box 1260, North Palm Springs, CA 92258, telephone 760-251-4855.

Dated: November 28, 2000.

James G. Kenna,
Field Manager.
