Needs and Uses: The FCC is proposing rules that will permit AM radio stations to use FM translator stations under certain circumstances. Therefore, AM radio stations will use FCC Form 349 to apply for authorizations to operate such FM translator stations. The Commission proposes to revise the FCC Form 349 to reflect the revised purpose and eligibility changes in the rules applicable to FM translator stations.

FCC Form 349 is used to apply for authority to construct a new FM translator or FM booster broadcast station, or to make changes in the existing facilities of such stations. This form also includes the third party disclosure requirement of 47 CFR 73.3580. Section 73.3580 requires local public notice in a newspaper of general circulation of all application filings for new or major change in facilities. This notice must be completed within 30 days of the tendering of the application. This notice must be published at least twice a week for two consecutive weeks

in a three-week period. A copy of this notice must be placed in the public inspection file along with the application.

FCC Form 302-TV is used by licensees and permittees of TV broadcast stations to obtain a new or modified station license and/or to notify the Commission of certain changes in the licensed facilities of these stations.

FCC Form 302-DTV is used by licensees and permittees of Digital TV ("DTV") broadcast stations to obtain a new or modified station license and/or to notify the Commission of certain changes in the licensed facilities of those stations. It may be used: (1) To cover an authorized construction permit (or auxiliary antenna), provided that the facilities have been constructed in compliance with the provisions and conditions specified on the construction permit; or (2) To implement modifications to existing licenses as permitted by 47 CFR 73.1675(c) or 73.1690(c).

FCC Form 340 is used by licensees and permittees to apply for authority to construct a new noncommercial educational ("NCE") FM, TV, and DTV broadcast station, or to make changes in the existing facilities of such a station. The FCC Form 340 is only used if the station will operate on a channel that is reserved exclusively for noncommercial educational use, or in the situation where applications for NCE stations on non-reserved channels are mutually exclusive only with one another.

The Commission is only proposing to revise FCC Form 349 in this information collection.

Federal Communications Commission.

Secretary.
