

A. Updated Exclusion Reports. Under this information collection and pursuant to current rule section 9.10(h) new stand-alone CMRS providers and existing CMRS providers that have filed initial exclusion reports are required to file reports informing the Commission of any changes to their exclusion lists within thirty days of discovering such changes. The permitted exclusions properly but narrowly account for the known technical limitations of either the handset-based or network-based location accuracy technologies chosen by a CMRS provider, while ensuring that the public safety community and the public at large are sufficiently informed of these limitations.

B. Confidence and Uncertainty Data. Under this information collection and pursuant to current rule section 9.10(h), all CMRS providers and other entities responsible for transporting confidence and uncertainty data between the wireless carriers and PSAPs, including LECs, CLECs, owners of E911 networks, and emergency service providers (collectively, System Service Providers (SSPs)) must continue to provide confidence and uncertainty data of wireless 911 calls to Public Safety Answering Points (PSAP) on a per call basis upon a PSAP's request. New stand-alone wireless carriers also incur this obligation. The transport of the confidence and uncertainty data is needed to ensure the delivery of accurate location information with E911 service.

Federal Communications Commission.

SUPPLEMENTARY INFORMATION: The
Agency for Healthcare Research and
Quality has commissioned the
Evidence-based Practice Centers (EPC)
Program to complete a review of the
evidence for *Maternal and Childhood
Outcomes Associated with the Special
Supplemental Nutrition Program for
Women, Infants and Children (WIC)*.
AHRQ is conducting this systematic
review pursuant to Section 902 of the
Public Health Service Act, 42 U.S.C.
299a.

The EPC Program is dedicated to
identifying as many studies as possible
that are relevant to the questions for
each of its reviews. In order to do so, we
are supplementing the usual manual
and electronic database searches of the
literature by requesting information
from the public (e.g., details of studies
conducted). We are looking for studies
that report on *Maternal and Childhood
Outcomes Associated with the Special
Supplemental Nutrition Program for
Women, Infants and Children (WIC)*,
including those that describe adverse
events. The entire research protocol is
available online at: [https://
effectivehealthcare.ahrq.gov/products/
outcomes-nutrition/protocol](https://effectivehealthcare.ahrq.gov/products/outcomes-nutrition/protocol).

This is to notify the public that the
EPC Program would find the following
information on *Maternal and Childhood
Outcomes Associated with the Special
Supplemental Nutrition Program for
Women, Infants and Children (WIC)*
helpful:

- A list of completed studies that
your organization has sponsored for this
indication. In the list, please indicate
*whether results are available on
ClinicalTrials.gov along with the
ClinicalTrials.gov trial number.*

- For completed studies that do not
have results on *ClinicalTrials.gov*, a
summary, including the following
elements: Study number, study period,
design, methodology, indication and
diagnosis, proper use instructions,
inclusion and exclusion criteria,
primary and secondary outcomes,
baseline characteristics, number of
patients screened/eligible/enrolled/lost
to follow-up/withdrawn/analyzed,
effectiveness/efficacy, and safety results.

- A list of ongoing studies that your
organization has sponsored for this

indication. In the list, please provide the
ClinicalTrials.gov trial number or, if the
trial is not registered, the protocol for
the study including a study number, the
study period, design, methodology,
indication and diagnosis, proper use
instructions, inclusion and exclusion
criteria, and primary and secondary
outcomes.

- Description of whether the above
studies constitute *ALL Phase II and
above clinical trials* sponsored by your
organization for this indication and an
index outlining the relevant information
in each submitted file.

Your contribution is very beneficial to
the Program. Materials submitted must
be publicly available or able to be made
public. Materials that are considered
confidential; marketing materials; study
types not included in the review; or
information on indications not included
in the review cannot be used by the EPC
Program. This is a voluntary request for
information, and all costs for complying
with this request must be borne by the
submitter.

The draft of this review will be posted
on AHRQ's EPC Program website and
available for public comment for a
period of 4 weeks. If you would like to
be notified when the draft is posted,
please sign up for the email list at:
[https://
www.effectivehealthcare.ahrq.gov/
email-updates](https://www.effectivehealthcare.ahrq.gov/email-updates).

The systematic review will answer the
following questions. This information is
