Submission for OMB Review; Comment Request

DOC has submitted to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act of 1995, Public Law 104-13.

Bureau: International Trade Administration.

Title: U.S.-Japan Semiconductor Agreement Data Collection Program.

Agency Form Number: ITA-4115P.

OMB Number: 0625-0211.

Type of Request: Regular Submission.

Burden: 456 hours.

Number of Respondents: 38.

Avg. Hours Per Response: 1 hour.

Needs and Uses: The Data Collection Form is the vehicle by which individual "Foreign" (non-Japanese) semiconductor companies voluntarily report their sales to Japan. The information provided by the Data Collection Program (DCP) is used by the U.S. Government to calculate foreign market share in the Japanese semiconductor market to ensure access to the Japanese market gained under the 1986 and 1991 U.S.-Japan Semiconductor Arrangement continues under the 1996 Semiconductor Agreement.

Affected Public: Business or other for profit, not-for-profit institutions.

Frequency: Monthly.

Respondent's Obligation: Required to obtain or retain a benefit, voluntary.

OMB Desk Officer: David Rostker, (202) 395-3897.

Copies of the above information collection can be obtained by calling or writing Madeleine Clayton, Departmental Paperwork Clearance Officer, (202) 482-3129, Department of Commerce, Room 6608, 14th & Constitution Avenue, NW., Washington, DC 20230 or via the Internet at MClayton@doc.gov.

Submission for OMB Review; Comment Request

DOC has submitted to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act of 1995, Public Law 104-13.

Bureau: International Trade Administration.

Title: Export Trading Companies Contact Facilitation Service.

Agency Form Number: ITA 4094P.

OMB Number: 0625-0120.

Type of Request: Regular Submission.

Burden: 3,000 hours.

Number of Respondents: 12,000.

Avg. Hours Per Response: 15 minutes.

Needs and Uses: Title III of the Export Trading Company Act of 1982 (Pub. L. No. 97-290, 96 Stat. 1233-1247), requires the Department of Commerce to establish a program to evaluate applications for Export Trade Certificates of Review and, with the concurrence of the Department of Justice, issue such certificates where the requirements of the Act are satisfied. The Act requires that Commerce, with Justice concurrence, issue regulations governing the evaluation and issuance of certificates before Commerce can accept applications for certification. The collection of information is necessary for the antitrust analysis which is a prerequisite to issuance of a certificate. Without the information, there would be no basis upon which a certificate could be issued.

In the Department of Commerce, this economic and legal analysis will be performed by the Office of Export Trading Company Affairs and the Office of the General Counsel. The Department of Justice analysis will be conducted by the Antitrust Division. The purpose of such analysis is to make a determination as to whether or not to approve an application and issue an Export Trade Certificate of Review. If this information

is not collected, the antitrust analysis cannot be performed and without that analysis no certificate can be issued. A certificate provides its holder and members named in the certificate (a) immunity from government actions under state and Federal antitrust laws for the export conduct specified in the certificate; (b) some protection from frivolous private suits by limiting their liability in private actions to actual damages when the challenged activities are covered by an Export Certificate of Review. Title III was enacted to reduce uncertainty regarding application of U.S. antitrust laws to export activities—especially those involving actions by domestic competitors.

Affected Public: Businesses or other for-profit, not-for-profit institutions, state, local or tribal Government.

Frequency: On Occasion.

Respondent's Obligation: Required to obtain or retain a benefit, voluntary.

OMB Desk Officer: David Rostker, (202) 395-3897.

Copies of the above information collection can be obtained by calling or writing Madeleine Clayton, Departmental Paperwork Clearance Officer, (202) 482-3129, Department of Commerce, Room 5033, 14th & Constitution Avenue, NW., Washington, DC 20230 or via the Internet at MClayton@doc.gov.

Foreign Trade Zones Board

[Docket 25-2002]

Foreign-Trade Zone 47—Boone County, Kentucky; Application for Foreign-Trade Subzone Status, GE Engine Services Distribution LLC (Gas Turbine Engines), Erlanger, KY

An application has been submitted to the Foreign-Trade Zones Board (the Board) by the Northern Kentucky Foreign Trade Zone, Inc., grantee of FTZ 47, requesting special-purpose subzone

status for the manufacturing and distribution facilities (gas turbine engines) of GE Engine Services Distribution (GEESD) in Erlanger, Kentucky. The application was submitted pursuant to the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a–81u), and the regulations of the Board (15 CFR part 400). It was formally filed on May 28, 2002.

The GEESD facilities are located at 1800 Donaldson Highway, Erlanger, Kentucky (395,500 square feet of enclosed space on 24 acres). The facilities (75 employees) are used for the warehousing, distribution, and “kitting” of gas turbine engines and engine parts for aerospace, marine, and industrial applications. The facilities also may be used in future for the manufacture of such products. Foreign-sourced materials account for approximately 10 to 20 percent of the finished-product value of GE’s current gas turbine engines, and may include items from the following categories: Plastic or rubber tubes, plates, and other articles; fiberglass sheets; stainless steel wire; iron or steel tubes or fittings; stranded wire products; iron or steel fasteners; nickel or nickel-alloy products; aluminum wire and fittings; cobalt mattes; titanium nuts, bolts, screws, tubes, sleeves, and bars; articles of chromium and rhenium; base metal fittings, tubing, and stoppers; pumps for liquids and parts thereof; heat exchange units; centrifuges; valves and parts thereof; bearings and parts thereof; transmission shafts and parts thereof; gaskets; electric motors; electrical inductors and ignition equipment; signaling equipment; electrical switches and relays; insulated wire and cable; ceramic insulators; counters and other instruments; measuring or checking instruments; and lamps and lighting fittings.

Zone procedures would exempt GEESD from Customs duty payments on foreign materials used in production for export. On domestic sales, the company would be able to choose the duty rates that apply to the finished products (duty-free to 2.5%) rather than the duty rates that would otherwise apply to the foreign-sourced materials noted above (duty-free to 15%). In addition, GEESD states that it would realize logistical/procedural and other benefits. FTZ status may also make a site eligible for benefits provided under state/local programs. The application indicates that the savings from zone procedures will help improve the plant’s international competitiveness.

In accordance with the Board’s regulations, a member of the FTZ Staff has been designated examiner to

investigate the application and report to the Board. Public comment is invited from interested parties. Submissions (original and 3 copies) shall be addressed to the Board’s Executive Secretary at one of the following addresses:

1. Submissions Via Express/Package Delivery Services: Foreign-Trade-Zones Board, U.S. Department of Commerce, Franklin Court Building—Suite 4100W, 1099 14th St. NW., Washington, DC 20005; or 2. Submissions Via the U.S. Postal Service: Foreign-Trade-Zones Board, U.S. Department of Commerce, FCB—Suite 4100W, 1401 Constitution Ave. NW., Washington, DC 20230.

The closing period for their receipt is August 5, 2002. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period to August 19, 2002. A copy of the application and accompanying exhibits will be available for public inspection at the Office of the Foreign-Trade Zones Board’s Executive Secretary at address Number 1 listed above, and at the U.S. Department of Commerce Export Assistance Center, 36 East 7th Street, Suite 2650, Cincinnati, OH 45202.

Dated: May 29, 2002.

Dennis Puccinelli,
Executive Secretary.

Foreign-Trade Zones Board

[Docket 23–2002]

Foreign-Trade Zone 46—Cincinnati, Ohio; Application For Foreign-Trade Subzone Status, General Electric Aircraft Engines, (Gas Turbine Engines), Cincinnati, OH

An application has been submitted to the Foreign-Trade Zones Board (the Board) by the Greater Cincinnati Foreign Trade Zone, Inc., grantee of FTZ 46, requesting special-purpose subzone status for the manufacturing and distribution facilities (gas turbine engines) of General Electric Aircraft Engines (GEAE) in Cincinnati, Ohio. The application was submitted pursuant to the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a–81u), and the regulations of the Board (15 CFR part 400). It was formally filed on May 28, 2002.

The GEAE facilities are located at One Neumann Way in Cincinnati, Ohio (6.5 million square feet of enclosed space on 413 acres). The facilities (6,000

employees) are used for the development, manufacture, and distribution of gas turbine engines and engine parts for aerospace, marine, and industrial applications. Foreign-sourced materials account for approximately 10 to 20 percent of finished-product value, and may include items from the following categories: Plastic or rubber tubes, plates, and other articles; fiberglass sheets; stainless steel wire; iron or steel tubes or fittings; stranded wire products; iron or steel fasteners; nickel or nickel-alloy products; aluminum wire and fittings; cobalt mattes; titanium nuts, bolts, screws, tubes, sleeves, and bars; articles of chromium and rhenium; base metal fittings, tubing, and stoppers; pumps for liquids and parts thereof; heat exchange units; centrifuges; valves and parts thereof; bearings and parts thereof; transmission shafts and parts thereof; gaskets; electric motors; electrical inductors and ignition equipment; signaling equipment; electrical switches and relays; insulated wire and cable; ceramic insulators; counters and other instruments; measuring or checking instruments; and lamps and lighting fittings.

Zone procedures would exempt GEAE from Customs duty payments on foreign materials used in production for export. On domestic sales, the company would be able to choose the duty rates that apply to the finished products (duty-free to 2.5 %) rather than the duty rates that would otherwise apply to the foreign-sourced materials noted above (duty-free to 15 %). In addition, GEAE states that it would realize logistical/procedural and other benefits. FTZ status may also make a site eligible for benefits provided under state/local programs. The application indicates that the savings from zone procedures will help improve the plant’s international competitiveness.
