The purpose of this workshop is to provide for an external panel review by experts capable of evaluating EPA's position paper in light of the recent research and literature that has been submitted to the Agency in response to the proposed ruling. Members of the public are invited to attend the workshop as observers and will be allowed to present brief verbal and/or written comments at the end of the workshop. To attend the workshop, register by May 15, 2004, on the Web site at <http://www.ornl.gov/egbe>. Space is limited, and reservations will be accepted on a first-come, first-served basis. The Interim Final position paper is also available for downloading from this site. EPA will consider comments received at the workshop in preparing the final version of this paper.

The Interim Final position paper on EGBE makes use of draft cancer guidelines and several studies that have been published since the completion in 1999 of the EPA IRIS (Integrated Risk Information System) assessment for ethylene glycol butyl ether, which can be obtained from the IRIS Web site at <http://www.epa.gov/IRIS>. Upon completion of the peer review of the interim position paper, the Agency plans to revise the existing IRIS assessment to reflect the information and conclusions contained in the finalized position paper.
