

Chicago Stock Exchange Rules**Article XX, Rule 37(a)**

* * * * *

4. Preopenings. Preopening orders in Dual Trading System issues must be accepted and filled at the primary market opening trade price. In trading halt situations occurring in the primary market, orders will be executed based upon the reopening price. Preopening orders in NASDAQ/NM securities must be accepted and filled [at the Exchange opening trade price] *on a single price opening at or better than the NBBO at the first unlocked, uncrossed market.* In trading halt situations, order will be executed based on the Exchange reopening price. For purposes of this rule, (a) pre-opening orders in Dual Trading System Issues are orders that are received before a primary market opens a subject security based on a print or based on a quote and (b) *preopening orders in NASDAQ/NM securities are orders received at or prior to 8:25 a.m. (Central Time) on the date of the opening.*

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the CHX included statements concerning the purpose of and basis for the proposed rule change and discussed any concerns it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The CHX has prepared summaries, set forth in sections A, B and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis of, the Proposed Rule Change

1. Purpose

The Exchange proposed to amend the CHX rule governing preopening orders in Nasdaq/NM securities to provide for additional clarity regarding the types of orders eligible for treatment as preopening orders and the price at which such orders will be filled. Because Article XX, Rule 37(a)(4) of the Exchange's rules does not explicitly define what constitutes a preopening order in the case of Nasdaq/NM securities, there has been some confusion as to which orders are eligible for treatment as preopening orders, and consequently, some unintended execution guarantees. The proposed rule change will expressly provide that for

an order to be considered a preopening order, an order must be received at or prior to 8:25 a.m. (Central Time) of the date of the opening.

The Exchange also proposed to provide additional clarity regarding the price at which each preopening order will be filled. Currently, the rule provides that preopening orders for Nasdaq/NM securities must be filled "at the Exchange opening trade price." The Exchange believes that it is in the best interest of its order-sending firms and their customers to provide for greater specificity as to the parameters governing the fill price for preopening orders. Accordingly, the proposed rule change provides that each preopening order must be filled "on a single price opening at or better than the NBBO at the first unlocked, uncrossed market."

2. Statutory Basis

The proposed rule change is consistent with the requirements of the Act, and the rules and regulations thereunder, that are applicable to a national securities exchange, and, in particular, with the requirements of Section 6(b).⁴ In particular, the proposed rule is consistent with Section 6(b)(5) of the Act in that it is designed to promote just and equitable principles of trade, to remove impediments and to perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest.⁵

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any inappropriate burden on competition.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the proposed Rule Change and Timing for Commission Action

Within 35 days of the date of publication of this notice in the **Federal Register** or within such longer period (i) as the Commission may designate up to 90 days of such date if it finds such longer period to be appropriate and publishes its reasons for so finding or (ii) as to which the Exchange consents, the Commission will:

⁴ 15 U.S.C. 78f(b).

⁵ 15 U.S.C. 78f(b)(5).

(A) By order approve such proposed rule change, or

(B) Institute proceedings to determine whether the proposed rule change should be disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. January 12, 2001.

² Each participant of the Plan executed the amendments. The Participants include the American Stock Exchange, LLC, Boston Stock

the Securities and Exchange Commission ("Commission" or "SEC") an amendment to the Second Restatement of the CTA Plan. In the amendment, the Participants propose to modify the Network B ticker charges.

The Participants submitted this notice of proposed amendment to the CTA Plan, which is an effective national system plan,³ pursuant to Rule 11Aa3-2(c)(1).⁴ The Commission is publishing this notice to solicit comments from interested persons on the amendment.

I. Description and Purpose of the Amendments

A. Rule 11Aa3-2⁵

Currently, CTA Network B charges \$21.50 per month for the first ticker at each customer location and \$13.60 for any additional tickers at that location. This tiered pricing structure is proving difficult for market data vendors to administer in the new vendor billing environment that was recently implemented by CTA Network B.⁶

To address this problem, CTA Network B is proposing to eliminate the "First Ticker" premium charge. Thus, there would be a single monthly ticker charge of \$13.60 for each customer at each location. The change would result in a cost savings for all Network B ticker subscribers and will make it easier for vendors to charge for the data.
