### Charter Renewal

Section 7902 of Title 5 of the U.S. Code provides that the President may establish, by executive order, a safety council (FACOSH) composed of representatives of Federal agencies and labor organizations representing Federal employees to serve as an advisory body to the Secretary on issues involving the occupational safety and health of the federal workforce. On September 29, 2009, President Barack Obama signed Executive Order 13511 authorizing the continuance of FACOSH for two another years, until September 30, 2011 (5 U.S.C. 7902).

The Federal Advisory Committee Act (FACA) requires that, upon the continuance or renewal of an advisory committee, a new charter be filed (5 U.S.C. App. § 14). Pursuant to FACA and its implementing regulations (41 CFR Part 102-3), on November 6, 2009, the Secretary renewed the FACOSH charter, which expired on September 30, 2009. The new FACOSH charter will expire on September 30, 2011, unless the Secretary terminates it prior to that date.

### NUCLEAR REGULATORY COMMISSION

[NRC-2009-0545; Docket No.: 55-62191; License No.: OP-11276-1 (Terminated), IA-09-023]

#### In the Matter of: Duane Kuhn; Confirmatory Order Modifying License (Effective Immediately)

I

Duane Kuhn (Mr. Kuhn) was previously employed as a Reactor Operator (RO) at Exelon Generation Company, LLC's (Exelon or licensee) Peach Bottom Atomic Power Station (Peach Bottom or facility) located in Delta, Pennsylvania. Mr. Kuhn was the holder of RO License Number OP-11276-1, issued by the Nuclear Regulatory Commission (NRC or Commission) pursuant to 10 CFR Part 55. The license authorized Mr. Kuhn to manipulate the controls of the facility. At Exelon's request, the license was terminated on July 31, 2008.

This Confirmatory Order (Order) is the result of an agreement reached during an Alternative Dispute Resolution (ADR) mediation session conducted on September 24, 2009. ADR is a process in which a neutral mediator with no decision-making authority assists parties in reaching an agreement on resolving any differences regarding the dispute.

II

The NRC Office of Investigations (OI) initiated an investigation on May 5, 2008 to determine whether Mr. Kuhn deliberately violated NRC requirements by failing to inform Exelon of information required to be reported. Based on the evidence developed during the OI investigation, which was completed on March 4, 2009, the NRC identified an apparent willful violation. The apparent violation involved Mr. Kuhn's failure to inform Exelon of an arrest on his first day back at work following the incident, as required by Exelon's Behavioral Observation Program implementing procedure, the Peach Bottom Physical Security Plan, and 10 CFR 73.20(c). A description of this apparent violation and a factual summary of the results of the
