[Project No. 12492-001]

Ha-Best, Inc.; Notice of Availability of Environmental Assessment

August 31, 2010.

In accordance with the National Environmental Policy Act of 1969 and the Federal Energy Regulatory Commission's (Commission or FERC) regulations, 18 Code of Federal Regulations (CFR) Part 380 (Order No. 486, 52 **Federal Register** [FR] 47897), the Office of Energy Projects has reviewed Ha-Best's application for license for the Miner Shoal Waterpower Project (FERC Project No. 12492-001), located on the Soque River, near the town of Demorest, Habersham County, Georgia. The project does not occupy federal lands.

Staff prepared an environmental assessment (EA), which analyzes the potential environmental effects of licensing the project, and concludes that licensing the project, with appropriate environmental protective measures, would not constitute a major federal action that would significantly affect the quality of the human environment.

A copy of the EA is available for review at the Commission in the Public Reference Room or may be viewed on the Commission's Web site at www.ferc.gov using the "eLibrary" link.
