SUPPLEMENTARY INFORMATION:

I. General Information

A. Does this action apply to me?

You may be potentially affected by this action if you are an agricultural producer, food manufacturer, or pesticide manufacturer. The following list of North American Industrial Classification System (NAICS) codes is not intended to be exhaustive, but rather provides a guide to help readers determine whether this document applies to them. Potentially affected entities may include:

- Crop production (NAICS code 111).
- Animal production (NAICS code 112).
- Food manufacturing (NAICS code 311).
- Pesticide manufacturing (NAICS code 32532).

B. What should I consider as I prepare my comments for EPA?

1. *Submitting CBI.* Do not submit this information to EPA through [regulations.gov](http://www.regulations.gov) or email. Clearly mark the part or all of the information that you claim to be CBI. For CBI information in a disk or CD-ROM that you mail to EPA, mark the outside of the disk or CD-ROM as CBI and then identify electronically within the disk or CD-ROM the specific information that is claimed as CBI. In addition to one complete version of the comment that includes information claimed as CBI, a copy of the comment that does not contain the information claimed as CBI must be submitted for inclusion in the public docket. Information so marked will not be disclosed except in accordance with procedures set forth in 40 CFR part 2.

2. *Tips for preparing your comments.* When preparing and submitting your comments, see the commenting tips at <http://www.epa.gov/dockets/comments.html>.

3. *Environmental justice.* EPA seeks to achieve environmental justice, the fair treatment and meaningful involvement of any group, including minority and/or low-income populations, in the development, implementation, and enforcement of environmental laws, regulations, and policies. To help address potential environmental justice issues, the Agency seeks information on

any groups or segments of the population who, as a result of their location, cultural practices, or other factors, may have atypical or disproportionately high and adverse human health impacts or environmental effects from exposure to the pesticides discussed in this document, compared to the general population.

II. What action is the Agency taking?

EPA is announcing receipt of a pesticide petition filed under section 408 of the Federal Food, Drug, and Cosmetic Act (FFDCA), 21 U.S.C. 346a, requesting the establishment or modification of regulations in 40 CFR part 180 for residues of pesticide chemicals in or on various food commodities. The Agency is taking public comment on the request before responding to the petitioner. EPA is not proposing any particular action at this time. EPA has determined that the pesticide petition described in this document contains data or information prescribed in FFDCA section 408(d)(2), 21 U.S.C. 346a(d)(2); however, EPA has not fully evaluated the sufficiency of the submitted data at this time or whether the data supports granting of the pesticide petition. After considering the public comments, EPA intends to evaluate whether and what action may be warranted. Additional data may be needed before EPA can make a final determination on this pesticide petition.

Pursuant to 40 CFR 180.7(f), a summary of the petition that is the subject of this document, prepared by the petitioner, is included in a docket EPA has created for this rulemaking. The docket for this petition is available at <http://www.regulations.gov>.

As specified in FFDCA section 408(d)(3), 21 U.S.C. 346a(d)(3), EPA is publishing notice of the petition so that the public has an opportunity to comment on this request for the establishment or modification of regulations for residues of pesticides in or on food commodities. Further information on the petition may be obtained through the petition summary referenced in this unit.

Fisheries of the Exclusive Economic Zone Off Alaska; Authorize the Retention of Halibut in Pot Gear in the BSAI; Amendment 118; Correction

AGENCY: National Marine Fisheries
Service (NMFS), National Oceanic and
Atmospheric Administration (NOAA),
Commerce.

ACTION: Proposed rule; request for
comments; correction.

SUMMARY: NMFS is correcting the
proposed rule that published on October
3, 2019, to implement Amendment 118
to the Fishery Management Plan for
Groundfish of the Bering Sea and
Aleutian Islands Management Area
(BSAI FMP) and a regulatory
amendment to revise regulations on
Vessel Monitoring System (VMS)
requirements in the Bering Sea and
Aleutian Islands (BSAI) and Gulf of
Alaska (GOA). The proposed rule
incorrectly stated the date of publication
and the end of the comment period on
the Notice of Availability, and this
action corrects this error.

DATES: The proposed rule published on
October 3, 2019 at 84 FR 52852 is
corrected as of October 25, 2019.

FOR FURTHER INFORMATION CONTACT:
Stephanie Warpinski, 907–586–7228.

SUPPLEMENTARY INFORMATION: On
October 3, 2019, NMFS published a
proposed rule to implement
Amendment 118 to the Fishery
Management Plan for Groundfish of the
Bering Sea and Aleutian Islands
Management Area (BSAI FMP) and a
regulatory amendment to revise
regulations on Vessel Monitoring
System (VMS) requirements in the
Bering Sea and Aleutian Islands (BSAI)
and Gulf of Alaska (GOA) (84 FR
52852). The proposed rule is necessary
to improve efficiency and provide
economic benefits for the Individual
Fishing Quota (IFQ) and Community
Development Quota (CDQ) fleets,
minimize whale depredation and
seabird interactions in the IFQ and CDQ
fisheries, and reduce the risk of
exceeding an overfishing limit for any
species.

Need for Correction

The Notice of Availability (NOA) for
Amendment 118 to the BSAI FMP
published on August 21, 2019, with a
60-day comment period through

Act (16 U.S.C. 1854(a)). The proposed
rule published on October 3, 2019, with
public comment invited through
November 4, 2019 (84 FR 52852). The
proposed rule incorrectly identified the
date the NOA for Amendment 118
published in the **Federal Register** and
the end of the NOA comment period.
NMFS is now correcting the proposed
rule to reflect the correct dates for the
NOA. NMFS is not changing the
publication date or comment period
date for the NOA, and NMFS provided
a 60-day comment period on the NOA
for Amendment 118 to the BSAI FMP.
NMFS is not changing the comment

period for the proposed rule, and all
comments received by November 4,
2019, will be addressed in the response
to comments in the final rule.

Correction

In the proposed rule, published
October 3, 2019 (84 FR 52852) in the

Amendment 118 was published in the
Federal Register on August 21, 2019 (84
FR 43570) with comments invited
through October 21, 2019. Comments
submitted on this proposed rule by the
end of the comment period (See **DATES**)
will be considered by NMFS and
addressed in the response to comments
in the final rule. Comments submitted

Amendment 118 or this proposed rule.
However, all comments addressing
Amendment 118 must be received by
October 21, 2019, to be considered in
the approval/disapproval decision on
Amendment 118. Commenters do not
need to submit the same comments on
both the NOA and this proposed rule.
All relevant written comments received
by October 21, 2019, whether
specifically directed to the FMP
amendment, this proposed rule, or both,
will be considered by NMFS in the
approval/disapproval decision for
Amendment 118, and all relevant
written comments received by
