

or subsidies which create significant burdens or complexities for the plan and plan participants unless the amendment adversely affects the rights of any participant in a more than *de minimis* manner). However, in determining whether an amendment reducing a retirement-type subsidy constitutes a significant reduction because it reduces a retirement-type subsidy as permitted under § 1.411(d)–3(e)(6) of this chapter, the amendment is treated in the same manner as an amendment that limits the retirement-type subsidy to benefits that accrue before the applicable amendment date (as defined at § 1.411(d)–3(g)(4) of this chapter) with respect to each participant or alternate payee to whom the reduction is reasonably expected to apply.

(d) *Examples.* The following examples illustrate the rules in this Q&A–8:

*Example 1.* (i) *Facts.* Pension Plan A is a defined benefit plan that provides a rate of benefit accrual of 1% of highest-5 years pay multiplied by years of service, payable annually for life commencing at normal retirement age (or at actual retirement age, if later). An amendment to Plan A is adopted on August 1, 2009, effective January 1, 2010, to provide that any participant who separates from service after December 31, 2009, and before January 1, 2015, will have the same number of years of service he or she would have had if his or her service continued to December 31, 2014.

(ii) *Conclusion.* In this example, the effective date of the plan amendment is January 1, 2010. While the amendment will result in a reduction in the annual rate of future benefit accrual from 2011 through 2014 (because, under the amendment, benefits based upon an additional 5 years of service accrue on January 1, 2010, and no additional service is credited after January 1, 2010 until January 1, 2015), the amendment does not result in a reduction that is significant because the amount of the annual benefit commencing at normal retirement age (or at actual retirement age, if later) under the terms of the plan as amended is not under any conditions less than the amount of the annual benefit commencing at normal retirement age (or at actual retirement age, if later) to which any participant would have been entitled under the terms of the plan had the amendment not been made.

*Example 2.* (i) *Facts.* The facts are the same as in *Example 1*, except that the 2009 amendment does not alter the plan provisions relating to a participant's number of years of service, but instead amends the plan's provisions relating to early retirement benefits. Before the amendment, the plan provides for distributions before normal retirement age to be actuarially reduced, but, if a participant retires after attainment of age 55 and completion of 10 years of service, the applicable early retirement reduction factor is 3% per year for the years between the ages 65 and 62 and 6% per year for the ages from 62 to 55. The amendment changes these

provisions so that an actuarial reduction applies in all cases, but, in accordance with section 411(d)(6)(B), provides that no participant's early retirement benefit will be less than the amount provided under the plan as in effect on December 31, 2009 with respect to service before January 1, 2010. For participant X, the reduction is significant.

(ii) *Conclusion.* The amendment will result in a reduction in a retirement-type subsidy provided under Plan A (*i.e.*, Plan A's early retirement subsidy). Section 204(h) notice must be provided to participant X and any other participant for whom the reduction is significant and the notice must be provided at least 45 days before January 1, 2010 (or by such other date as may apply under Q&A–9 of this section).

*Example 3.* (i) *Facts.* The facts are the same as in *Example 2*, except that, for participant X, the change does not go into effect for any annuity commencement date before January 1, 2011. Participant X continues employment through January 1, 2011.

(ii) *Conclusion.* The conclusion is the same as in *Example 2*. Taking into account the rule in the second sentence of Q&A–8(c) of this section, the reduction that occurs for participant X on January 1, 2011, is treated as the same reduction that occurs under *Example 2*. Accordingly, assuming that the reduction is significant, section 204(h) notice must be provided to participant X at least 45 days before the January 1, 2010 effective date of the amendment (or by such other date as may apply under Q&A–9 of this section).

Flood Elevations (BFEs) are made final  
for the communities listed below. The  
BFEs and modified BFEs are the basis  
for the floodplain management  
measures that each community is

order to qualify or remain qualified for  
participation in the National Flood  
Insurance Program (NFIP).

**EFFECTIVE DATE:** The date of issuance of  
the Flood Insurance Rate Map (FIRM)  
showing BFEs and modified BFEs for  
each community. This date may be  
obtained by contacting the office where  
the FIRM is available for inspection as  
indicated in the table below.

**ADDRESSES:** The final base flood  
elevations for each community are  
available for inspection at the office of  
the Chief Executive Officer of each  
community. The respective addresses  
are listed in the table below.
