SUPPLEMENTARY INFORMATION:

Background

On March 30, 2020, the Department of Commerce (Commerce) initiated less-than-fair-value (LTFV) investigations of imports of common alloy aluminum sheet (aluminum sheet) from Bahrain, Brazil, Croatia, Egypt, Germany, Greece, India, Indonesia, Italy, Korea, Oman, Romania, Serbia, Slovenia, South Africa, Spain, Taiwan, and Turkey.¹ Currently, the preliminary determinations are due no later than August 17, 2020.

¹ See *Common Alloy Aluminum Sheet from Bahrain, Brazil, Croatia, Egypt, Germany, Greece, India, Indonesia, Italy, Republic of Korea, Oman, Romania, Serbia, Slovenia, South Africa, Spain, Taiwan and the Republic of Turkey: Initiation of Less-Than-Fair-Value Investigations*, 85 FR 19444 (April 7, 2020).

Postponement of Preliminary Determinations

Section 733(b)(1)(A) of the Tariff Act of 1930, as amended (the Act), requires Commerce to issue the preliminary determination in an LTFV investigation within 140 days after the date on which Commerce initiated the investigation. However, section 733(c)(1) of the Act permits Commerce to postpone the preliminary determination until no later than 190 days after the date on which Commerce initiated the investigation if: (A) The petitioner makes a timely request for a postponement; or (B) Commerce concludes that the parties concerned are cooperating, that the investigation is extraordinarily complicated, and that additional time is necessary to make a preliminary determination. Under 19 CFR 351.205(e), the petitioner must submit a request for postponement 25 days or more before the scheduled date of the preliminary determination and must state the reasons for the request. Commerce will grant the request unless it finds compelling reasons to deny the request.

On July 16, 2020, the petitioners² submitted a timely request that Commerce postpone the preliminary determinations in these LTFV investigations.³ The petitioners stated that they request postponement so that Commerce may review the petitioners’ comments on the questionnaire responses, issue supplemental questionnaires, and conduct a complete

² The petitioners are the Aluminum Association Common Alloy Aluminum Sheet Trade Enforcement Working Group and its individual members: Aleris Rolled Products, Inc.; Arconic, Inc.; Constellium Rolled Products Ravenswood, LLC; JW Aluminum Company; Novelis Corporation; and Texarkana Aluminum, Inc.

³ See Petitioners’ Letter, “Common Alloy Aluminum Sheet from Bahrain, Brazil, Croatia, Egypt, Germany, Greece, India, Indonesia, Italy, Republic of Korea, Oman, Romania, Serbia, Slovenia, South Africa, Spain, Taiwan and the Republic of Turkey,” dated July 16, 2020.

and thorough analysis in these investigations.⁴

For the reasons stated above, and because there are no compelling reasons to deny the request, Commerce, in accordance with section 733(c)(1)(A) of the Act, is postponing the deadline for the preliminary determinations by 50 days (*i.e.*, 190 days after the date on which these investigations were initiated). As a result, Commerce will issue its preliminary determinations no later than October 6, 2020. In accordance with section 735(a)(1) of the Act and 19 CFR 351.210(b)(1), the deadline for the final determinations in these investigations will continue to be 75 days after the date of the preliminary determinations, unless postponed at a later date.

Notification to Interested Parties

This notice is issued and published pursuant to section 733(c)(2) of the Act and 19 CFR 351.205(f)(1).

Certain Oil Country Tubular Goods From the People's Republic of China: Final Results of Expedited Second Sunset Review of the Antidumping Duty Order

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: As a result of this sunset review, the Department of Commerce (Commerce) finds that revocation of the antidumping duty (AD) order on certain oil country tubular goods (OCTG) from the People's Republic of China (China) would be likely to lead to continuation or recurrence of dumping at the levels indicated in the "Final Results of Sunset Review" section of this notice.

DATES: Applicable July 29, 2020.

SUPPLEMENTARY INFORMATION:

Background

On April 1, 2020, Commerce published a notice of initiation of the second sunset review of the AD order on OCTG from China, pursuant to section 751(c)(2) of the Tariff Act of 1930, as amended (the Act).¹ On April 14, 2020, and April 16, 2020, Commerce received notices of intent to participate in this review from Maverick Tube Corporation (Maverick), Tenaris Bay City, Inc. (Tenaris), IPSCO Tubulars, Inc. (IPSCO), BENTELER Steel/Tube Manufacturing Corp. (BENTELER), United States Steel Corporation (U.S. Steel), Welded Tube USA Inc. (Welded Tube), and Vallourec Star, L.P. (Vallourec) (collectively, domestic interested parties) within the deadline specified in 19 CFR 351.218(d)(1)(i).² The domestic interested parties claimed interested party status under section 771(9)(C) of the Act, as manufacturers of a domestic like product in the United States.

On May 1, 2020, Commerce received a complete substantive response from the domestic interested parties within the 30-day deadline specified in 19 CFR 351.218(d)(3)(i).³ We received no substantive responses from any respondent interested party, nor was a hearing requested. As a result, pursuant to section 751(c)(3)(B) of the Act and 19 CFR 351.218(e)(1)(ii)(C)(2), Commerce conducted an expedited (120-day) sunset review of the AD order on OCTG from China.

Scope of the Order

This AD order covers OCTG. The Issues and Decision Memorandum, which is hereby adopted by this notice,

The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <http://access.trade.gov>. In addition, a complete version of the Decision Memorandum can be accessed at <http://enforcement.trade.gov/frn/>. The signed Issues and Decision Memorandum and the electronic version of the Issues and Decision Memorandum are identical in content.

Analysis of Comments Received

In the Issues and Decision Memorandum, we have addressed all issues that parties raised in this review. The issues include the likelihood of continuation or recurrence of dumping in the event of revocation and the magnitude of the dumping margins likely to prevail if Commerce revoked the AD order.

Final Results of Sunset Review

Pursuant to sections 751(c)(1) and 752(c)(3) of the Act, we determine that revocation of the AD order on OCTG from China would be likely to lead to continuation or recurrence of dumping, and that the magnitude of the margins of dumping likely to prevail would be up to 99.14 percent.
