BILLING CODE 7710-12-P

RAILROAD RETIREMENT BOARD

Agency Forms Submitted for OMB Review, Request for Comments

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, the Railroad Retirement Board (RRB) is forwarding an Information Collection Request (ICR) to the Office of Information and Regulatory Affairs (OIRA), Office of Management and Budget (OMB). Our ICR describes the information we seek to collect from the public. Review and approval by OIRA ensures that we impose appropriate paperwork burdens.

The RRB invites comments on the proposed collections of information to determine (1) the practical utility of the collections; (2) the accuracy of the estimated burden of the collections; (3) ways to enhance the quality, utility, and clarity of the information that is the subject of collection; and (4) ways to minimize the burden of collections on respondents, including the use of automated collection techniques or other forms of information technology. Comments to the RRB or OIRA must contain the OMB control number of the ICR. For proper consideration of your comments, it is best if the RRB and OIRA receive them within 30 days of the publication date.

Title and purpose of information collection: Railroad Unemployment

Insurance Act Applications; OMB 3220-0039.

Under Section 2 of the Railroad Unemployment Insurance Act (RUIA) (45 U.S.C. 362), sickness benefits are payable to qualified railroad employees who are unable to work because of illness or injury. In addition, sickness benefits are payable to qualified female employees if they are unable to work, or if working would be injurious, because of pregnancy, miscarriage, or childbirth. Under Section 1(k) of the RUIA a statement of sickness, with respect to days of sickness of an employee, is to be filed with the RRB within a 10-day period from the first day claimed as a day of sickness. The Railroad Retirement Board's (RRB) authority for requesting supplemental medical information is Section 12(i) and 12(n) of the RUIA. The procedures for claiming sickness benefits and for the RRB to obtain supplemental medical information needed to determine a claimant's eligibility for such benefits are prescribed in 20 CFR part 335.

The forms currently used by the RRB to obtain information needed to determine eligibility for, and the amount of, sickness benefits due a claimant follow: Form SI-1a, Application for Sickness Benefits; Form SI-1b, Statement of Sickness; Form SI-3, Claim for Sickness Benefits; Form SI-7, Supplemental Doctor's Statement; Form SI-8, Verification of Medical Information; and Form ID-11A, Requesting Reason for Late Filing of Sickness Benefit. Completion is required to obtain or retain benefits. One response is requested of each respondent.

Previous Requests for Comments: The RRB has already published the initial 60-day notice (85 36888 on June 18, 2020) required by 44 U.S.C. 3506(c)(2). That request elicited no comments.

Information Collection Request (ICR)

Title: Railroad Unemployment Insurance Act Applications.

OMB Control Number: 3220-0039.

Form(s) submitted: SI-1a, SI-1b, SI-3, SI-3 (internet), SI-7, SI-8, and ID-11A.

Type of request: Revision of a currently approved collection.

Affected public: Individuals or Households.

Abstract: Under Section 2 of the Railroad Unemployment Insurance Act sickness benefits are payable to qualified railroad employees who are unable to work because of illness or injury. The collection obtains information from railroad employees and physicians needed to determine eligibility to and the amount of such benefits.

Changes proposed: The RRB proposes no changes to Form SI-1a, Form SI-3 (Manual), SI-7, SI-8, and ID-11a; minor non-burden impacting changes to the Form SI-1b to include update to the officer title and RRB zip code in the Paperwork Reduction Act/Privacy Act Notices section; and minor non-burden impacting changes to the Form SI-3 (internet) to include update to the officer title and RRB zip code in the Paperwork Reduction Act/Privacy Act Notices section, update the "Estimation Completion Time" to 5 minutes, and update zip code on page's 6 and page 7.

The burden estimate for the ICR is as follows:

Form No.	Annual responses	Time (minutes)	Burden (hours)
SI-1a (Employee)	15,700	10	2,617

Form No.	Annual responses	Time (minutes)	Burden (hours)
SI-1b (Doctor)	15,700	8	2,093
SI-3 (Manual)	131,600	5	10,967
SI-3 (internet)	61,350	5	5,113
SI-7	20,830	8	2,777
SI-8	26	5	2
ID-11A	518	4	35
Total	245,724	23,604

Additional Information or Comments:
Copies of the forms and supporting documents can be obtained from Kennisha Tucker at (312) 469-2591 or Kennisha.Tucker@rrb.gov. Comments regarding the information collection should be addressed to Brian Foster, Railroad Retirement Board, 844 North Rush Street, Chicago, Illinois 60611-1275 or Brian.Foster@rrb.gov.

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting "Currently under 30-day Review—Open for Public Comments" or by using the search function.

Brian Foster,
Clearance Officer.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-89579; File No. SR-CboeEDGX-2020-040]

Self-Regulatory Organizations; Cboe EDGX Exchange, Inc.; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change Relating To Adopt Fees for a New Data Product on Its Equity Options Platform To Be Known as Intraday Open-Close Data

August 17, 2020.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the "Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on August 3, 2020, Cboe EDGX Exchange, Inc. (the "Exchange" or "EDGX") filed with the Securities and Exchange Commission (the "Commission") the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit

comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

Cboe EDGX Exchange, Inc. (the "Exchange" or "EDGX Options") is filing with the Securities and Exchange Commission ("Commission") a proposed rule change to adopt fees for a new data product on its equity options platform ("EDGX Options") to be known as Intraday Open-Close Data. The text of the proposed rule change is provided in Exhibit 5.

The text of the proposed rule change is also available on the Exchange's website (http://markets.cboe.com/us/options/regulation/rule_filings/edgx/), at the Exchange's Office of the Secretary, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange recently adopted a new data product on EDGX to be known as Intraday Open-Close Data, which will be available for purchase to EDGX Members and non-Members.³ The Exchange now proposes to adopt fees for Intraday Open-Close Data. Cboe LiveVol, LLC ("LiveVol"), a wholly

owned subsidiary of the Exchange's parent company, Cboe Global Markets, Inc., will make the Intraday Open-Close Data available for purchase to Members and non-Members on the LiveVol DataShop website (datashop.cboe.com).

By way of background, the Exchange historically offered Open-Close Data, which is an end-of-day volume summary of trading activity on the Exchange at the option level by origin (customer, professional customer, broker-dealer, and market maker), side of the market (buy or sell), price, and transaction type (opening or closing). The customer and professional customer volume is further broken down into trade size buckets (less than 100 contracts, 100-199 contracts, greater than 199 contracts). The Open-Close Data is proprietary EDGX trade data and does not include trade data from any other exchange. It is also a historical data product and not a real-time data feed.

The Exchange recently adopted a similar product: Intraday Open-Close Data. The Intraday Open-Close Data will provide similar information to that of Open-Close Data but will be produced and updated every 10 minutes during the trading day. Data is captured in "snapshots" taken every 10 minutes throughout the trading day and is available to subscribers within five minutes of the conclusion of each 10-minute period. For example, subscribers to the intraday product will receive the first calculation of intraday data by approximately 9:42 a.m. ET, which represents data captured from 9:30 a.m. to 9:40 a.m. Subscribers will receive the next update at 9:52 a.m., representing the data previously provided together with data captured from 9:40 a.m. through 9:50 a.m., and so forth. Each update will represent the aggregate data captured from the current "snapshot" and all previous "snapshots." The Intraday Open-Close Data will provide a volume summary of trading activity on the Exchange at the option level by origin (customer, professional customer, broker-dealer, and market maker), side of the market (buy or sell), and transaction type (opening or closing).
