n. The Commission's Office of Public Participation (OPP) supports meaningful public engagement and participation in Commission proceedings. OPP can help members of the public, including landowners, community organizations, Tribal members and others, access publicly available information and navigate Commission processes. For public inquiries and assistance with making filings such as interventions, comments, or requests for rehearing, the public is encouraged to contact OPP at (202) 502–6595, or *OPP@ferc.gov*.

o. Scoping Process Pursuant to the National Environmental Policy Act (NEPA), Commission staff intends to prepare either an environmental assessment (EA) or an environmental impact statement (EIS) (collectively referred to as the "NEPA document") that describes and evaluates the probable effects, including an assessment of the sitespecific and cumulative effects, if any, of the proposed action and alternatives. The Commission's scoping process will help determine the required level of analysis and satisfy the NEPA scoping requirements, irrespective of whether the Commission issues an EA or an EIS. At this time, we do not anticipate holding an on-site scoping meeting. Instead, we are soliciting written

comments and suggestions on the preliminary list of issues and alternatives to be addressed in the NEPA document, as described in scoping document 1 (SD1), issued xx.

Copies of the SD1 outlining the subject areas to be addressed in the NEPA document were distributed to the parties on the Commission's mailing list and the applicant's distribution list. Copies of SD1 may be viewed on the web at http://www.ferc.gov using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, call 1-866-208-3676 or for TTY, (202) 502-8659.

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Project No. 6619-023]

Lake Upchurch Dam Preservation Association; Notice of Availability of **Environmental Assessment**

In accordance with the National Environmental Policy Act of 1969 and the Federal Energy Regulatory Commission's (Commission or FERC) regulations, 18 CFR part 380, Commission staff reviewed Lake Upchurch Dam Preservation Association's application for surrender of exemption for the Raeford Hydroelectric Project No. 6619 and have prepared an Environmental Assessment (EA) for the project. The exemptee proposes to surrender its exemption and decommission the project. The project is located on the Rockfish Creek, at Upchurches Pond in Cumberland County, North Carolina. The project does not occupy any federal lands.

The EA contains Commission staff's analysis of the potential environmental effects of the proposed surrender, alternatives to the proposed action, and concludes that the proposed surrender would not constitute a major federal action that would significantly affect the quality of the human environment.

The EA may be viewed on the Commission's website at http:// www.ferc.gov using the "eLibrary" link. Enter the docket number (P-6619) in the docket number field to access the

document. For assistance, contact FERC Online Support at FERCOnlineSupport@ferc.gov or tollfree at 1-866-208-3676, or for TTY, (202) 502-8659.
