

Consistent with the approach in the prior circumvention inquiries that were initiated on a country-wide basis, Commerce intends to issue questionnaires to solicit information from producers and exporters in Mexico, concerning their shipments to the United States and the origin of any imported HFC blends being further processed into HFC blends subject to the *Order*.

Respondent Selection

Commerce intends to base respondent selection on U.S. Customs and Border and Protection (CBP) data. Commerce intends to place CBP data on the record within five days of the publication of the initiation notice. Comments regarding the CBP data and respondent selection should be submitted within seven days after placement of the CBP data on the record of this inquiry.

Commerce intends to establish a schedule for questionnaire responses after respondent selection. A company's failure to completely respond to Commerce's requests for information may result in the application of partial or total facts available, pursuant to section 776(a) of the Act, which may include adverse inferences, pursuant to section 776(b) of the Act.

Suspension of Liquidation

Pursuant to 19 CFR 351.226(l)(1), Commerce will notify CBP of the initiation of this circumvention inquiry and direct CBP to continue the suspension of liquidation of entries of products subject to the circumvention inquiry that were already subject to the suspension of liquidation under the *Order* and to apply the cash deposit rate that would be applicable if the product was determined to be covered by the scope of the *Order*. Should Commerce issue a preliminary or final circumvention determination, Commerce will follow the suspension of liquidation rules under 19 CFR 351.226(l)(2)–(4).

Notification to Interested Parties

In accordance with 19 CFR 351.226(d) and section 781(a) of the Act, Commerce determines that the American HFC Coalition's request for this circumvention inquiry satisfies the requirements of 19 CFR 351.226(c). AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) is initiating a changed circumstances review (CCR) of the antidumping duty (AD) order on raw honey from the Socialist Republic of Vietnam (Vietnam) to examine whether Vietnam remains a non-market economy (NME) country for purposes of the application of the AD law.

SUPPLEMENTARY INFORMATION:

Background

On September 8, 2023, the Government of Vietnam (GOV) submitted a letter requesting that

Commerce conduct a review of Vietnam's status as an NME country¹ within the context of a CCR of the AD order on raw honey from Vietnam.² In the CCR Request, the GOV describes changes that have occurred in Vietnam in recent years as they relate to each of the statutory criteria Commerce uses to evaluate a country's market economy status. Specifically, in the CCR Request, the GOV contends that the Vietnamese dong is transparently convertible into other foreign currencies based on market principles, fairness, and non-discrimination.³ In the CCR Request, the GOV argues that bargaining between labor and management on wage rates in Vietnam is free, and that Vietnam now possesses a clear legal framework to ensure employees' basic rights.⁴ With regard to foreign direct investment, the GOV states in the CCR Request that Vietnam has made improvements in the investment environment, stating that no differences exist in how foreign and domestic investors are treated.⁵ In the CCR Request, the GOV also provides information on the reduction of government ownership and control over the means of production in Vietnam and maintains that private sector development, state-owned enterprise restructuring and divestment, and land reform initiatives have all been taken.⁶ As to the allocation of resources and the government's role in price and output decisions, the GOV states in the CCR Request that the GOV does not possess significant control over these areas.⁷ In the CCR Request, the GOV also identifies other factors that have been important to market-oriented reforms, including the establishment of a legal framework for bankruptcy, greater transparency in corporate governance, the launch of a legal framework for a state audit, a unified legal system, and diversified foreign economic relations.⁸

On October 6, 2023, the American Honey Producers Association and Sioux Honey Association (the petitioners) submitted comments in opposition to CCR Request.⁹ On October 17, 2023, the GOV submitted rebuttal comments in

Initiation of Changed Circumstances Review

sufficient to warrant a review of such determination, Commerce shall conduct a review of the determination after publishing notice of the review in the **Federal Register**. Section 751(b)(4) of the Act provides that, in the absence of good cause, Commerce may not review final determinations regarding whether subject merchandise is being, or is likely to be, sold in the United States at less than its fair value, or whether or not a countervailable subsidy is being provided with respect to subject merchandise, less than 24 months after the date of publication of the notice of that determination.

As the GOV submitted substantial information on the reforms to the Vietnamese economy that are relevant to the six statutory factors Commerce reviews as part of its analysis on market economy status, and that have occurred since Commerce last reviewed Vietnam's market economy status in 2002,¹⁹ Commerce determines that good cause exists to review Vietnam's status as an NME country at this time within the meaning of 19 CFR 351.216(c). Section 771(18)(C)(ii) of the Act, which states that Commerce may make determinations of a country's NME status at any time, further grants Commerce the authority to initiate this NME review. Therefore, in response to this request, Commerce is initiating a CCR to examine whether Vietnam remains an NME country for purposes of the AD law, in accordance with sections 751(b) and 771(18)(C)(ii) of the Act.

Opportunity for Public Comment and Submission of Factual Information

As part of this inquiry in which we are reviewing Vietnam's NME country status, Commerce invites public comments with respect to Vietnam on the following factors enumerated by section 771(18)(B) of the Act, which Commerce must consider in making an ME/NME determination:

- (i) the extent to which the currency of the foreign country is convertible into the currency of other countries;
- (ii) the extent to which wage rates in the foreign country are determined by free bargaining between labor and management;
- (iii) the extent to which joint ventures or other investments by firms of other foreign countries are permitted in the foreign country;
- (iv) the extent of government ownership or control of the means of production;

¹⁹ See *Notice of Final Antidumping Duty Determination of Sales at Less Than Fair Value and Affirmative Critical Circumstances: Certain Frozen Fish Fillets from the Socialist Republic of Vietnam*, 68 FR 37116 (June 23, 2003).

(v) the extent of government control over the allocation of resources and over the price and output decisions of enterprises; and

(vi) such other factors as the administering authority considers appropriate.

The deadline for the submission of comments is not later than 30 days after the date of publication of this notice. Rebuttal comments, limited to issues raised in parties' affirmative comments, may be filed not later than 14 days after the date for filing affirmative comments. Interested parties must submit comments and factual information at the Federal eRulemaking Portal: <https://www.Regulations.gov>. The identification number is ITA-2023-0010. An electronically filed document must be received successfully in its entirety by 5:00 p.m. Eastern Time on the due date set forth in this notice. Parties may request a hearing in their comments. If Commerce determines that a hearing is warranted, parties will be notified of the date, time, and room number for the hearing, in accordance with 19 CFR 351.310(d).

Unless extended, consistent with 19 CFR 351.216(e), we will issue the final results of this CCR no later than 270 days after the date on which this review was initiated.

Notification to Interested Parties

This notice is issued and published in accordance with sections 751(b) and 771(18)(C)(ii) of the Act.
