II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to list and trade the following Managed Fund Shares⁴ (“Shares”) under NYSE Arca Equities Rule 8.600: AdvisorShares WCM/BNY Mellon Focused Growth ADR ETF (the “Fund”).⁵ The Shares will be offered by AdvisorShares Trust (the “Trust”), a statutory trust organized under the laws of the State of Delaware and registered with the Commission as an open-end management investment company.⁶

The investment advisor to the Fund is AdvisorShares Investments, LLC (the “Advisor”). WCM Investment Management (“WCM”) is the sub-advisor (“Sub-Advisor”) to the Fund and the portfolio manager. The Sub-Advisor selects securities for the Fund in which

⁴ A Managed Fund Share is a security that represents an interest in an investment company registered under the Investment Company Act of 1940 (15 U.S.C. 80a) (“1940 Act”) organized as an open-end investment company or similar entity that invests in a portfolio of securities selected by its investment advisor consistent with its investment objectives and policies. In contrast, an open-end investment company that issues Investment Company Units, listed and traded on the Exchange under NYSE Arca Equities Rule 5.2(j)(3), seeks to provide investment results that correspond generally to the price and yield performance of a specific foreign or domestic stock index, fixed income securities index or combination thereof.

⁵ The Commission previously approved listing and trading on the Exchange of the following actively managed funds under Rule 8.600. *See, e.g.*, Securities Exchange Act Release Nos. 57801 (May 8, 2008), 73 FR 27878 (May 14, 2008) (SR-NYSEArca-2008-31) (order approving Exchange listing and trading of twelve actively-managed funds of the WisdomTree Trust); 59826 (April 28, 2009), 74 FR 20512 (May 4, 2009) (SR-NYSEArca-2009-22) (order approving Exchange listing and trading of Grail American Beacon Large Cap Value ETF); 60975 (November 10, 2009) (SR-NYSEArca-2009-83) (order approving listing of Grail American Beacon International Equity ETF). The Exchange previously filed a proposed rule change relating to listing on the Exchange of the AdvisorShares WCM/BNY Mellon Focused Growth ADR ETF in File No. SR-NYSEArca-2010-07. *See* Securities Exchange Act Release No. 61642 (March 3, 2010), 75 FR 11216 (March 10, 2010). No comments were received on the proposal. The Exchange withdrew the proposed rule change on April 9, 2010. *See* Securities Exchange Act Release No. 61953 (April 21, 2010), 75 FR 22169 (April 27, 2010).

⁶ The Trust is registered under the 1940 Act. On April 23, 2010, the Trust filed with the Commission Post-Effective Amendment No. 5 to Form N-1A under the Securities Act of 1933 (15 U.S.C. 77a), and under the 1940 Act relating to the Fund (File Nos. 333-157876 and 811-22110) (the “Registration Statement”). The Trust has also filed an Amended Application for an Order under Section 6(c) of the 1940 Act for exemptions from various provisions of the 1940 Act and rules thereunder (File No. 812-13677 dated May 14, 2010) (“Exemptive Application”). The description of the operation of the Trust and the Fund herein is based on the Registration Statement.

to invest pursuant to an “active” management strategy for security selection and portfolio construction. The Fund will periodically change the composition of its portfolio to best meet its investment objective. Neither the Advisor nor the Sub-Advisor is affiliated with a broker-dealer.⁷

According to the Registration Statement, the Fund’s investment objective is long-term capital appreciation above international benchmarks such as the BNY Mellon Classic ADR Index, the Fund’s primary benchmark, and the MSCI EAFE Index, the Fund’s secondary benchmark.

WCM seeks to achieve the Fund’s investment objective by selecting a portfolio of U.S. traded securities of non-U.S. organizations included in the BNY Mellon Classic ADR Index. The BNY Mellon Classic ADR Index predominantly includes American Depositary Receipts (“ADRs”) and in addition includes other Depositary Receipts (“DRs”), which include Global Depositary Receipts (“GDRs”), Euro Depositary Receipts (“Euro DRs”) and New York Shares (“NYSS”).⁸

⁷ With respect to the Fund, the Exchange represents that the Advisor, as the investment advisor of the Fund, as well as the Sub-Advisor to the Fund and their related personnel, are subject to Investment Advisers Act Rule 204A-1. This Rule specifically requires the adoption of a code of ethics by an investment advisor to include, at a minimum: (i) Standards of business conduct that reflect the firm’s/personnel fiduciary obligations; (ii) provisions requiring supervised persons to comply with applicable federal securities laws; (iii) provisions that require all access persons to report, and the firm to review, their personal securities transactions and holdings periodically as specifically set forth in Rule 204A-1; (iv) provisions requiring supervised persons to report any violations of the code of ethics promptly to the chief compliance officer (“CCO”) or, provided the CCO also receives reports of all violations, to other persons designated in the code of ethics; and (v) provisions requiring the investment advisor to provide each of the supervised persons with a copy of the code of ethics with an acknowledgement by said supervised persons. In addition, Rule 206(4)-7 under the Advisers Act makes it unlawful for an investment advisor to provide investment advice to clients unless such investment advisor has (i) adopted and implemented written policies and procedures reasonably designed to prevent violation, by the investment advisor and its supervised persons, of the Advisers Act and the Commission rules adopted thereunder; (ii) implemented, at a minimum, an annual review regarding the adequacy of the policies and procedures established pursuant to subparagraph (i) above and the effectiveness of their implementation; and (iii) designated an individual (who is a supervised person) responsible for administering the policies and procedures adopted under subparagraph (i) above.

⁸ According to the Registration Statement, DRs, which include ADRs, GDRs, Euro DRs and NYSSs, are negotiable securities that generally represent a non-U.S. company’s publicly traded equity or debt. Depositary Receipts may be purchased in the U.S. secondary trading market. They may trade freely, just like any other security, either on an exchange or in the over-the-counter market. Although

The Investment Process

According to the Registration Statement, WCM employs a team approach through Investment Strategy Group, consisting of four senior investment professionals (the "Portfolio Managers"). This team establishes portfolio guidelines for sector and industry analysis and develops the Fund's portfolio. The Portfolio Managers analyze the major trends in the global economy in order to identify those economic sectors and industries that are most likely to benefit. According to the Registration Statement, typical themes incorporated in the Portfolio Managers' investment process include demographics, global commerce, outsourcing, the growing global middle class and the proliferation of technology. A portfolio strategy is then implemented that will best capitalize on these investment themes and subsequent expected growth of the underlying assets. The Fund's portfolio will typically have fewer than 30 companies. All buy and sell decisions are made by the Portfolio Managers.

Portfolio Construction

According to the Registration Statement, WCM seeks non-U.S. domiciled quality growth businesses with superior growth prospects, high returns on invested capital and low or no debt, among other characteristics, as described in the Registration Statement. WCM focuses its attention on conventional growth sectors such as technology, consumer discretionary and staples, and healthcare.

The Fund utilizes quantitative analysis that entails backward-looking screens to help narrow the non-U.S. universe of companies in which the Fund invests. The Fund looks for companies with market capitalization of \$3.5 billion or greater within traditional growth sectors, and that have high returns on invested capital; low or no debt; high gross, operating margins; and a history of sustainable growth. Typical portfolio construction would entail exposure to 15 or more industries with initial positions of approximately 2–5%; maximum position size of approximately 10%; maximum sector size of approximately 45%; maximum industry exposure of approximately 15%; and maximum emerging markets exposure of approximately 35%.

The Fund will under normal circumstances have at least 80% of its

total assets invested in ADRs. The Fund may invest in equity securities, including common and preferred stock, warrants, convertible securities and Master Limited Partnerships. The Fund's portfolio will consist primarily of ADRs and the Fund will not invest in non-U.S. equity securities outside of U.S. markets.

According to the Registration Statement, the composition of the Fund's portfolio, on a continual basis, will be subject to the following:

(1) Component stocks that in the aggregate account for at least 90% of the weight of the portfolio each shall have a minimum market value of at least \$100 million;

(2) Component stocks that in the aggregate account for at least 70% of the weight of the portfolio each shall have a minimum global monthly trading volume of 250,000 shares, or minimum global notional volume traded per month of \$25,000,000, averaged over the last six months;

(3) A minimum of 20 component stocks of which the most heavily weighted component stock shall not exceed 25% of the weight of the portfolio, and the five most heavily weighted component stocks shall not exceed 60% of the weight of the portfolio; and

(4) Each non-U.S. equity security underlying ADRs held by the Fund will be listed and traded on an exchange that has last-sale reporting.

In addition, the Fund may invest up to 15% of its net assets in illiquid securities. For this purpose, "illiquid securities" are securities that the Fund may not sell or dispose of within seven days in the ordinary course of business at approximately the amount at which the Fund has valued the securities.

According to the Registration Statement, the Fund may not purchase or sell commodities or commodity contracts unless acquired as a result of ownership of securities or other instruments issued by persons that purchase or sell commodities or commodities contracts; but this shall not prevent the Fund from purchasing, selling and entering into financial futures contracts (including futures contracts on indices of securities, interest rates and currencies), options on financial futures contracts (including futures contracts on indices of securities, interest rates and currencies), warrants, swaps, forward contracts, foreign currency spot and forward contracts or other derivative

instruments that are not related to physical commodities.⁹

The Fund, from time to time, in the ordinary course of business, may purchase securities on a when-issued or delayed-delivery basis (*i.e.*, delivery and payment can take place between a month and 120 days after the date of the transaction). The Fund may invest in U.S. government securities and U.S. Treasury zero-coupon bonds.

As stated in the Registration Statement, the Fund may not, with respect to 75% of its total assets, (i) purchase securities of any issuer (except securities issued or guaranteed by the U.S. Government, its agencies or instrumentalities) if, as a result, more than 5% of its total assets would be invested in the securities of such issuer; or (ii) acquire more than 10% of the outstanding voting securities of any one issuer.¹⁰ In addition, the Fund may not purchase any securities which would cause 25% or more of its total assets to be invested in the securities of one or more issuers conducting their principal business activities in the same industry or group of industries, provided that this limitation does not apply to investments in securities issued or guaranteed by the U.S. Government, its agencies or instrumentalities, or shares of investment companies.

According to the Registration Statement, the Fund will seek to qualify for treatment as a Regulated Investment Company ("RIC") under the Internal Revenue Code.¹¹

⁹Pursuant to the terms of the Exemptive Application, the Fund will not invest in options contracts, futures contracts or swap agreements.

¹⁰This diversification standard is contained in Section 5(b)(1) of the 1940 Act.

¹¹According to the Registration Statement, one of several requirements for RIC qualification is that a Fund must receive at least 90% of the Fund's gross income each year from dividends, interest, payments with respect to securities loans, gains from the sale or other disposition of stock, securities or foreign currencies, or other income derived with respect to the Fund's investments in stock, securities, foreign currencies and net income from an interest in a qualified publicly traded partnership (the "90% Test"). A second requirement for qualification as a RIC is that a Fund must diversify its holdings so that, at the end of each fiscal quarter of the Fund's taxable year: (a) at least 50% of the market value of the Fund's total assets is represented by cash and cash items, U.S. Government securities, securities of other RICs, and other securities, with these other securities limited, in respect to any one issuer, to an amount not greater than 5% of the value of the Fund's total assets or 10% of the outstanding voting securities of such issuer; and (b) not more than 25% of the value of its total assets are invested in the securities (other than U.S. Government securities or securities of other RICs) of any one issuer or two or more issuers which the Fund controls and which are engaged in the same, similar, or related trades or businesses, or the securities of one or more qualified publicly traded partnership (the "Asset Test").

typically denominated in U.S. dollars, Depositary Receipts can also be denominated in Euros. Depositary Receipts can trade on all U.S. stock exchanges as well as on many European stock exchanges.

To respond to adverse market, economic, political or other conditions, the Fund may invest 100% of its total assets, without limitation, in high-quality short-term debt securities and money market instruments. The Fund may be invested in these instruments for extended periods, depending on the Sub-Advisor's assessment of market conditions. These debt securities and money market instruments include shares of other mutual funds, commercial paper, certificates of deposit, bankers' acceptances, U.S. Government securities and repurchase agreements.

Creations and redemptions of Shares occur in large specified blocks of Shares, referred to as "Creation Units". According to the Registration Statement, the shares of the Fund are "created" at their net asset value ("NAV") by market makers, large investors and institutions only in block-size Creation Units of 25,000 shares or more. A "creator" enters into an authorized participant agreement (a "Participant Agreement") with the Fund's distributor (the "Distributor") or a DTC participant that has executed a Participant Agreement with the Distributor (an "Authorized Participant"), and deposits into the Fund a portfolio of securities closely approximating the holdings of the Fund and a specified amount of cash, together totaling the NAV of the Creation Unit(s), in exchange for 25,000 shares of the Fund (or multiples thereof). Similarly, Shares can only be redeemed in Creation Units, generally 25,000 shares or more, principally in-kind for a portfolio of securities held by the Fund and a specified amount of cash together totaling the NAV of the Creation Unit(s). Shares are not redeemable from the Fund except when aggregated in Creation Units. The prices at which creations and redemptions occur are based on the next calculation of NAV after an order is received in a form prescribed in the Participant Agreement.

According to the Registration Statement, the Trust reserves the right to offer an "all cash" option for creations and redemptions of Creation Units for the Fund. In addition, Creation Units may be issued in advance of receipt of Deposit Securities subject to various conditions, including a requirement to maintain a cash deposit with the Trust at least equal to a specified percentage of the market value of the missing Deposit Securities. In each instance, transaction fees may be imposed that will be higher than the transaction fees associated with traditional in-kind creations or redemptions. In all cases, such fees will be limited in accordance with SEC requirements applicable to

management investment companies offering redeemable securities.

The Shares will conform to the initial and continued listing criteria under NYSE Arca Equities Rule 8.600. The Exchange represents that, for initial and/or continued listing, the Fund will be in compliance with Rule 10A-3¹² under the Exchange Act, as provided by NYSE Arca Equities Rule 5.3. A minimum of 100,000 Shares will be outstanding at the commencement of trading on the Exchange. The Exchange will obtain a representation from the issuer of the Shares that the net asset value and the Disclosed Portfolio will be made available to all market participants at the same time.

Availability of Information

The Fund's Web site (<http://www.advisorshares.com>), which will be publicly available prior to the public offering of Shares, will include a form of the Prospectus for the Fund that may be downloaded. The Fund's Web site will include additional quantitative information updated on a daily basis, including, for the Fund, (1) daily trading volume, the prior business day's reported closing price, NAV and mid-point of the bid/ask spread at the time of calculation of such NAV (the "Bid/Ask Price"),¹³ and a calculation of the premium and discount of the Bid/Ask Price against the NAV, and (2) data in chart format displaying the frequency distribution of discounts and premiums of the daily Bid/Ask Price against the NAV, within appropriate ranges, for each of the four previous calendar quarters. On each business day, before commencement of trading in Shares in the Core Trading Session on the Exchange, the Fund will disclose on its Web site the Disclosed Portfolio as defined in NYSE Arca Equities Rule 8.600(c)(2) that will form the basis for the Fund's calculation of NAV at the end of the business day.¹⁴

On a daily basis, for each portfolio security of the Fund, the Fund will disclose on its Web site the following information: Ticker symbol, name of security, number of shares held in the portfolio, and percentage weighting of the security in the portfolio. On a daily

The Web site information will be publicly available at no charge.

In addition, a basket composition file, which includes the security names and share quantities required to be delivered in exchange for Fund shares, together with estimates and actual cash components, will be publicly disseminated daily prior to the opening of the New York Stock Exchange ("NYSE") via the National Securities Clearing Corporation. The basket represents one Creation Unit of the Fund. The NAV of the Fund will normally be determined as of the close of the regular trading session on the NYSE (ordinarily 4 p.m. Eastern Time) on each business day.

Investors can also obtain the Trust's Statement of Additional Information ("SAI"), the Fund's Shareholder Reports, and its Form N-CSR and Form N-SAR, filed twice a year. Trading Halts

With respect to trading halts, the Exchange may consider all relevant factors in exercising its discretion to halt or suspend trading in the Shares of the Fund.¹⁵ Trading in Shares of the Fund will be halted if the circuit breaker parameters in NYSE Arca Equities Rule 7.12 have been reached. Trading also may be halted because of market conditions or for reasons that, in the view of the Exchange, make trading in the Shares inadvisable. These may include: (1) The extent to which trading is not occurring in the securities comprising the Disclosed Portfolio and/or the financial instruments of the Fund; or (2) whether other unusual conditions or circumstances detrimental to the maintenance of a fair and orderly market are present. Trading in the Shares will be subject to NYSE Arca Equities Rule 8.600(d)(2)(D), which sets forth circumstances under which Shares of the Fund may be halted.

Trading Rules

The Exchange deems the Shares to be equity securities, thus rendering trading in the Shares subject to the Exchange's existing rules governing the trading of equity securities. Shares will trade on the NYSE Arca Marketplace from 4 a.m. to 8 p.m. Eastern Time in accordance with NYSE Arca Equities Rule 7.34 (Opening, Core, and Late Trading Sessions). The Exchange has appropriate rules to facilitate transactions in the Shares during all trading sessions.

Surveillance

The Exchange intends to utilize its existing surveillance procedures applicable to derivative products (which include Managed Fund Shares) to monitor trading in the Shares. The Exchange represents that these procedures are adequate to properly monitor Exchange trading of the Shares in all trading sessions and to deter and detect violations of Exchange rules and applicable federal securities laws.

The Exchange's current trading surveillance focuses on detecting securities trading outside their normal patterns. When such situations are detected, surveillance analysis follows

and investigations are opened, where appropriate, to review the behavior of all relevant parties for all relevant trading violations.

The Exchange may obtain information via the Intermarket Surveillance Group ("ISG") from other exchanges that are members of ISG.¹⁶

In addition, the Exchange also has a general policy prohibiting the distribution of material, non-public information by its employees.

Information Bulletin

Prior to the commencement of trading, the Exchange will inform its Equity Trading Permit ("ETP") Holders in an Information Bulletin ("Bulletin") of the special characteristics and risks associated with trading the Shares. Specifically, the Bulletin will discuss the following: (1) The procedures for purchases and redemptions of Shares in Creation Unit aggregations (and that Shares are not individually redeemable); (2) NYSE Arca Equities Rule 9.2(a), which imposes a duty of due diligence on its ETP Holders to learn the essential facts relating to every customer prior to trading the Shares; (3) the risks involved in trading the Shares during the Opening and Late Trading Sessions when an updated Portfolio Indicative Value will not be calculated or publicly disseminated; (4) how information regarding the Portfolio Indicative Value is disseminated; (5) the requirement that ETP Holders deliver a prospectus to investors purchasing newly issued Shares prior to or concurrently with the confirmation of a transaction; and (6) trading information.

In addition, the Bulletin will reference that the Fund is subject to various fees and expenses described in the Registration Statement. The Bulletin will discuss any exemptive, no-action, and interpretive relief granted by the Commission from any rules under the Exchange Act. The Bulletin will also disclose that the NAV for the Shares will be calculated after 4 p.m. Eastern Time each trading day.

2. Statutory Basis

The basis under the Exchange Act for this proposed rule change is the requirement under Section 6(b)(5)¹⁷ that an exchange have rules that are designed to prevent fraudulent and

manipulative acts and practices, to promote just and equitable principles of trade, to remove impediments to, and perfect the mechanism of a free and open market and, in general, to protect investors and the public interest. The Exchange believes that the proposed rule change will facilitate the listing and trading of additional types of actively-managed exchange-traded products that will enhance competition among market participants, to the benefit of investors and the marketplace.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Within 35 days of the date of publication of this notice in the **Federal Register** or within such longer period (i) as the Commission may designate up to 90 days of such date if it finds such longer period to be appropriate and publishes its reasons for so finding or (ii) as to which the self-regulatory organization consents, the Commission will:

(A) By order approve the proposed rule change, or

(B) institute proceedings to determine whether the proposed rule change should be disapproved.

The Exchange has requested accelerated approval of this proposed rule change prior to the 30th day after the date of publication of notice in the **Federal Register**. The Commission is considering granting accelerated approval of the proposed rule change at the end of a 15-day comment period.

IV. Solicitation of Comments
