SUPPLEMENTARY INFORMATION:

Background

On August 9, 2023, Commerce published the initiation and preliminary results of this CCR, finding that HDHE is the successor-in-interest to HEES, and should be assigned the same AD cash deposit rate assigned to HEES in the AD order on large power transformers from Korea.¹ In the *Initiation and Preliminary Results*, interested parties were provided an opportunity to comment and to request a public hearing regarding our preliminary findings. HDHE submitted comments agreeing with our preliminary findings, and we received no other comments from interested parties.² Additionally, we received no requests for a hearing from interested parties.

Scope of the Order

The products covered by the order are LPTs from Korea. For a full description of the scope of the order, see the *Initiation and Preliminary Results*.³

Final Results of Changed Circumstances Review

For the reasons stated in the *Initiation and Preliminary Results*, and because we received no comments from interested parties to the contrary, Commerce continues to find that HDHE is the successor-in-interest to HEES for purposes of the AD order on large power transformers from Korea. As a result of this determination, HDHE is entitled to the same AD cash deposit rate as HEES with respect to entries of subject merchandise in the above-noted proceeding. As there are no changes from the *Initiation and Preliminary Results*, there is no decision memorandum accompanying this notice and the determination in the *Initiation and Preliminary Results* is hereby adopted as the final results of this CCR.

¹ See *Large Power Transformers from the Republic of Korea: Initiation and Preliminary Results of Antidumping Duty Changed Circumstances Review*, 88 FR 53866 (August 9, 2023) (*Initiation and Preliminary Results*), and accompanying Preliminary Decision Memorandum (PDM).

² See HDHE's Letter, "Case Brief," dated August 16, 2023.

³ See *Initiation and Preliminary Results* PDM.

Commerce will instruct U.S. Customs and Border Protection to suspend liquidation of all shipments of subject merchandise produced or exported by HDHE and entered, or withdrawn from warehouse, for consumption on or after the publication date of this notice in the **Federal Register** at the current AD cash deposit rate on LPTs in effect for HEES. These cash deposit requirements shall remain in effect until further notice.

Administrative Protective Order

This notice serves as a final reminder to parties subject to an administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a sanctionable violation.

Notification to Interested Parties

This notice is published in accordance with sections 751(b)(1) and 777(i)(1) and (2) of the Tariff Act of 1930, as amended, and 19 CFR 351.216(e) and 351.221(b).

Dated: September 20, 2023.

International Trade Administration

Agency Information Collection Activities; Submission to the Office of Management and Budget (OMB) for Review and Approval; Comment Request; Steel Import License

AGENCY: International Trade Administration, Enforcement & Compliance, Commerce.

ACTION: Notice of information collection, request for comment.

SUMMARY: The Department of Commerce, in accordance with the Paperwork Reduction Act of 1995 (PRA), invites the general public and other Federal agencies to comment on proposed, and continuing information collections, which helps us assess the impact of our information collection requirements and minimize the public's reporting burden. The purpose of this notice is to allow for 60 days of public

comment preceding submission of the collection to OMB.

DATES: To ensure consideration, comments regarding this proposed information collection must be received on or before November 27, 2023.

ADDRESSES: Interested persons are invited to submit written comments by mail to Julie Al-Saadawi, Director, Industrial Monitoring and Analysis Unit, International Trade Administration or by email to julie.al-saadawi@trade.gov. Please reference OMB Control Number 0625-0245 in the subject line of your comments. Do not submit Confidential Business Information or otherwise sensitive or protected information.

FOR FURTHER INFORMATION CONTACT: Requests for additional information or specific questions related to collection activities should be directed to Leo Kim, ITA Paperwork Reduction Act Officer, International Trade Administration; by telephone at (202) 989-5979, or by email to pra@trade.gov.

SUPPLEMENTARY INFORMATION:

I. Abstract

The President's Proclamation on Steel Safeguards mandated that the Departments of Commerce and Treasury institute an import licensing system to facilitate the monitoring of certain steel imports in 2002. In 2005, Commerce enacted regulations that implemented the Steel Import Monitoring and Analysis (SIMA) System and expanded on the licensing system for steel that was part of those safeguards. Most recently, in October 2020, Commerce modified its SIMA regulations to require that steel import license applicants identify the country of melt and pour as an additional field on the steel import license application and expanded the licensing requirement to apply to all steel products.

The import license information is necessary to assess import trends of steel products. In order to effectively monitor steel imports, Commerce must collect and provide timely aggregated summaries about the imports. The Steel Import License is the tool used to collect the necessary information. The Census Bureau currently collects import data and disseminates aggregate information about steel imports. However, the time required to collect, process, and disseminate this information through Census can take up to 90 days after importation of the product, giving interested parties and the public far less time to respond to injurious sales.

II. Method of Collection

The license application can be submitted electronically via the Commerce website (<https://trade.gov/steel>) or completed electronically and emailed to the Department.
