

SUPPLEMENTARY INFORMATION: Meeting information, including the agenda, overview, briefing book materials, and an online public comment form will be posted on the Council's website at: <https://safmc.net/advisory-panel-meetings/> two weeks prior to the meeting. The meeting is open to the public and available via webinar as it occurs. The webinar registration link will be available from the Council's website. Public comment will also be taken during the meeting.

The agenda for the Snapper Grouper AP meeting includes: updating the Fishery Performance Report for gag; recommending stock risk ratings for gag and black sea bass; discussion of management changes considered for black sea bass, golden tilefish, and for-hire reporting; an exercise to help design the Council's Lines of Communication stakeholder meetings; review of the Council's 2023–2027 Research and Monitoring Plan; and a presentation on research conducted in South Atlantic Spawning Special Management Zones. The AP will also receive updates on the developing or upcoming amendments to the Snapper Grouper Fishery Management Plan for the South Atlantic, provide input and recommendations on agenda items for the Council's consideration, and address other items as needed.

Special Accommodations

The meeting is physically accessible to people with disabilities. Requests for auxiliary aids should be directed to the Council office (see **ADDRESSES**) 3 days prior to the meeting.

Note: The times and sequence specified in this agenda are subject to change.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: March 13, 2025.

Key Israel Marquez,

Acting Deputy Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

[RTID 0648–XE696]

Marine Mammals; File No. 28912

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice; receipt of application.

SUMMARY: Notice is hereby given that Daniel Costa, Ph.D., University of California at Santa Cruz, 130 McAlister Way, Santa Cruz, CA 95060, has applied in due form for a permit to conduct research on California sea lions (*Zalophus californianus*).

DATES: Written comments must be received on or before April 17, 2025.

ADDRESSES: The application and related documents are available for review by selecting “Records Open for Public Comment” from the “Features” box on the Applications and Permits for Protected Species home page, <https://apps.nmfs.noaa.gov>, and then selecting File No. 28912 from the list of available applications. These documents are also available upon written request via email to NMFS.Pr1Comments@noaa.gov.

Written comments on this application should be submitted via email to NMFS.Pr1Comments@noaa.gov. Please include File No. 28912 in the subject line of the email comment.

Those individuals requesting a public hearing should submit a written request via email to NMFS.Pr1Comments@noaa.gov. The request should set forth the specific reasons why a hearing on this application would be appropriate.

FOR FURTHER INFORMATION CONTACT: Sara Young or Shasta McClenahan, Ph.D., (301) 427–8401.

SUPPLEMENTARY INFORMATION: The subject permit is requested under the authority of the Marine Mammal Protection Act of 1972, as amended (MMPA; 16 U.S.C. 1361 *et seq.*), the regulations governing the taking and importing of marine mammals (50 CFR part 216), and the Fur Seal Act of 1966, as amended (16 U.S.C. 1151 *et seq.*).

The applicant proposes to conduct research on California sea lions throughout their range to investigate their foraging ecology, habitat use, and health. Proposed activities include: unmanned aircraft system, vessel and ground surveys for counts, photography, observations, and acoustic playbacks; captures, including sedation, anesthesia, restraint, morphometrics, marking, external instrument attachment, biological sampling, and ultrasound; and collection, import, export, and receipt of pinniped parts. The applicant requests up to three unintentional mortalities annually, not to exceed 20 over the duration of the permit. Ten non-target species of non-ESA listed cetaceans and four non-target non-ESA listed species of pinnipeds may be disturbed during these studies. See the application for complete numbers of animals requested by species and procedure. The requested duration of this permit is 10 years.

In compliance with the National Environmental Policy Act of 1969 (42 U.S.C. 4321 *et seq.*), an initial determination has been made that the activity proposed is categorically excluded from the requirement to prepare an environmental assessment or environmental impact statement.

Concurrent with the publication of this notice in the **Federal Register**, NMFS is forwarding copies of the application to the Marine Mammal Commission and its Committee of Scientific Advisors.

Dated: March 13, 2025.

Amy Sloan,

Acting Chief, Permits and Conservation Division, Office of Protected Resources, National Marine Fisheries Service.
