**DEPARTMENT OF ENERGY****Federal Energy Regulatory Commission****[Project No. 2416-009 South Carolina]****Aquenergy Systems, Inc.; Notice of Availability of Draft Environmental Assessment**

October 19, 2001.

In accordance with the National Environmental Policy Act of 1969 and the Federal Energy Regulatory Commission's (Commission) regulations, 18 CFR Part 380 (Order No. 486, 52 FR 47897), the Office of Energy Projects has reviewed the application for license for the Ware Shoals Hydroelectric Project and has prepared a Draft Environmental Assessment (DEA) for the project. The project is

located on the Saluda River, in the Town of Ware Shoals, within the counties of Laurens, Greenwood, and Abbeville, South Carolina. No federal lands or facilities are occupied or used by the project.

The DEA contains the staff's analysis of the potential environmental impacts of the project and concludes that licensing the project, with appropriate environmental protective measures, would not constitute a major federal action that would significantly affect the quality of the human environment.

A copy of the DEA is on file with the Commission and is available for public inspection. The DEA may also be viewed on the web at <http://www.ferc.gov> using the "RIMS" link—select "Docket#" and follow the instructions (call 202-208-2222 for assistance).
